						<u>29,484</u>
Total ...					25,00,000	

4. The selection of the works under class A, and the amounts of appropriations for them, have been decided in accordance with the arrangements sanctioned in G.O., No. 2856 W., dated 11th October 1883. The works under class B are those brought forward by Superintending Engineers, but for which funds cannot be provided.

5. The Superintending Engineers concerned will submit, without loss of time, plans and estimates for those unsanctioned works for which provision has been made during the year.

6. The grants for minor original works and repairs will be held at the disposal of the Government, and will be appropriated on receipt of detailed proposals from Superintending Engineers and the Consulting Architect.

7. The budget estimate of revenue for 1885-86 amounted to Rs. 1,00,000, but the revised estimate has been fixed at Rs. 80,000 in consequence of a large reduction in the receipts from the Presidency Workshops owing to the restriction of its operations.

8. The budget estimate of expenditure for 1885-86 was Rs. 23,00,000, but, owing to financial pressure, a sum of Rs. 3,11,053 was surrendered to the Financial Department, and the revised estimate has thus been reduced to Rs. 19,26,296.

9. With these remarks the preliminary issue of the Provincial Budget Estimate for 1886-87 will be printed and circulated for the information and guidance of the officers of the department, and four copies forwarded to the Government of India for information.

1st MARCH 1886, No. 206 I., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Irrigation.
Account.

READ—the following paper:—

No. 37 I.

Note by the Chief Engineer for Irrigation.

The Superintending Engineer, V Circle, having in his letter, No. 4739, dated 17th February 1886, surrendered Rs. 23,814 from the unspent balance of the existing grant for the restoration of the Red Hills tank, the Superintending Engineers, I and II Circles, were requested to telegraph what additional amounts could be utilized by them on the Chilka Lake and Buckingham canals.

2. The Superintending Engineer, I Circle, reported in his telegram of the 21st instant that no additional allotment was required for the Chilka Lake canal, and the Superintending Engineer, II Circle, intimated in his telegram of the 22nd idem that Rs. 16,200 were required under Capital for works of the Buckingham canal, in addition to the increase recently sanctioned. It is recommended that this amount may be provided by transfer from the amount surrendered by the Superintending Engineer, V Circle. In anticipation of sanction, the Superintending Engineer has been informed by telegram that the amount applied for has been sanctioned.

3. In his letter, No. 1804 T.J., dated 18th instant, the Superintending Engineer, VI Circle, applied, as directed in paragraph 2 of G.O., No. 763 I., dated 7th September 1885, for an allotment of Rs. 1,500 for the maintenance of the Vedarniem canal during the current year. In anticipation of sanction, the Superintending Engineer, VI Circle, has also been informed by telegram that the amount applied for has been sanctioned. After the close of the current official year, the Superintending Engineer should report the amount of traffic receipts collected on the canal, as well as the sum actually spent on repairs, so that steps may be taken, in accordance with paragraph 2 of G.O. in the Revenue Department, No. 371, dated 26th March 1885, printed with Public Works G.O., No. 389 I., dated 22nd April 1885, for the adjustment of the contribution to be paid from Local funds towards the cost of the maintenance of the canal. In the same letter, the Superintending Engineer also requested that the grant of Rs. 7,000 proposed for the maintenance of this canal in the preliminary issue of the budget estimates for the ensuing year may be provided in the final issue of those estimates, as the amount will be absolutely required for the upkeep of the canal. No assurance can, however, be given on this point at present owing to Government, in the Financial Department, having in their order, No. 170, dated 22nd February 1886, resumed a lakh of rupees from the provisional assignment from Provincial funds for Irrigation and Navigation works.

4. As there are no demands for other works to which the balance, Rs. 6,114, or Rs. 7,520 including the percentage for establishment, of the amount surrendered from the grant for the Red Hills tank can be appropriated, it is suggested that the sum available may be transferred to Provincial, Roads and Buildings, under which head it has been ascertained the amount can be utilized, and that the Government of India may be requested to reduce to that extent the total grant under H. 44.

1st MARCH 1886, No. 206 I., PUBLIC WORKS.

Provincial, Irrigation and Navigation, entered in the statement appended to G.O., No. 161 I., dated 16th February 1886, though the 20th February, the latest date fixed by the Government of India for reporting modifications, has now elapsed.

CHEPÂK,
25th February 1886.
