Simla, June 17, 1885.

The undersigned is directed to forward, for information, the accompanying copy of an Agreement between Mr. Bull and the Government of India, under which Government servants and employes throughout India can manufacture and burn bricks and tiles by the processes patented by him up to 22nd January 1883.

A. B. SAMPSON,

Under Secy. to the Govt. of India.

AGREEMENT.

I hereby acknowledge the receipt of the sum of Rs. (10,000) ten thousand paid to me this day by the Executive Engineer, Allahabad Provincial Division, North-Western Provinces, as a final payment in full of all demands for compensation and royalty for the use, hitherto and henceforth, by the Government of India and all its servants and employés throughout its dominions of all the process and improvements introduced, claimed or patented by me up to the date hereof, in the manufacture and burning of bricks, tiles and similar materials; and I hereby cede to the Government of India, in consideration of the monies so paid to me, the full right to construct, use, and employ kilns for the burning of bricks, tiles and other such materials of the form and construction claimed by me as my invention, together with all the appurtenances of moveable chimneys, dampers, fire-doors, or any other things that I may have adopted thereto from time to time, and the methods of loading with fuel of various sorts which I have advocated or practised up to this present; and I engage to make no further claim, direct or indirect, on the Government of India in respect thereof for this cession to them of my rights in the said inventions patented or otherwise.

Dated this twenty-second day of January one thousand eight hundred and eighty-three.
