GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

Read—again the following papers:—

From the Secretary to the Government of Madras, Public Works Department, to the Secretary to the Government of India, Public Works Department, dated 10th March 1884, No. 654 W.

I am directed to invite the consideration of the Government of India to the difficulty experienced in finding competent temporary Executive Engineers for three of the authorised temporary posts which have not as yet been filled.

2. It is essential that fully qualified officers, experienced in the irrigation and acquainted with the vernaculars of Southern India, should be posted to these important charges; and as suitable engineers have not been found for the same, I am to urge that sanction be accorded to this Government to nominate, to those three temporary posts, selected Assistant Engineers of the permanent establishment, with temporary rank as Executive Engineers, 4th grade.

From the Secretary to the Government of Madras, Public Works Department, to the Secretary to the Government of India, Public Works Department, dated 3rd April 1884, No. 917 W.

Adverting to paragraph 2 of your letter, No. 018 G., dated 18th March 1884, I am directed to forward, herewith, a statement showing the temporary divisions which have been constituted in this Presidency; proposals regarding which have, from time to time, been laid before the Government of India, as will be seen on reference to the correspondence quoted in the margin. The names of the temporary officers, with rates of pay specially sanctioned by the Government of India, for carrying on the work of these divisions, are also included.

Letter to the Government of India, No. 2592 W., dated 4th October 1882.
Letter to the Government of India, No. 1132 W., dated 16th April 1883.
Letter to the Government of India, No. 2675 W., dated 24th September 1883.
Letter to the Government of India, No. 12 I., dated 7th January 1884.

2. His Excellency the Governor in Council does not understand that it is the intention of the Government of India to insist on the employment of these officers in any particular division; but that the work to be done shall be entrusted to officers most competent to carry it on, whether those officers are on the temporary or permanent establishment. Any other arrangement would, His Excellency the Governor in Council is convinced, be productive of the greatest inconvenience; especially when, as at present, it is not always possible to obtain temporary engineers with the special qualifications requisite for elaborating important projects.

3. The temporary divisions have thus, in great measure, been officered by selections from the permanent establishment, the temporary engineers specially sanctioned replacing them in permanent divisions. The allocation of temporary engineers in

the accompanying statement is made with a view of exhibiting what may be regarded as the sanctioned, as compared with the existing, arrangements ; column 5 showing the division in which each officer is actually employed.

4. Should these arrangements be formally approved, a basis for future working will have been established sufficient to satisfy the requirements of audit ; while the Government will be free to officer the temporary divisions by those best qualified for the duties to be performed in each case.

5. I am to request the early sanction of the Government of India to these proposals.

6. Application for formal sanction to fill up the appointments still open will be made as soon as suitable officers can be found.
