Proceedings of the Madras Government, Public Works Department,
5th January 1877. No. 21.

Read the following letters:—

No. 39. From T. D. HARRIS, Esq., Officiating District Engineer, Malabar, to Major-General G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Calicut, 6th March 1876, No. 205.

I HAVE the honor to forward a list showing the names, &c., of the late Vythery and North Wynaad Range Office members who have been transferred to the Ernaad and Kurumbranaad Ranges; as none of them appears to have passed the Uncovenanted Service Examination, I consider that they should be exempted as a special case to hold on their present appointments. Mr. A. D'Costa has, however, been exempted for employment in Wynaad in G.O., No. 1,616, dated 16th June 1871.*

2. In the case of the Head Clerk and Accountant Mr. A. D'Costa, and Draftsman Ponoosawmy Pillay, I would beg to be informed if they will be entitled to any personal allowance, as Mr. D'Costa is reduced from 80 to 50 Rupees, and Ponoosamy Pillay from 50 to 40 Rupees.

* G.O., No. 105, dated 19th January 1874.

No. 39-A. From Lieutenant-Colonel R. B. KENNEDY, District Engineer, Malabar, to Major-General G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Calicut, 21st December 1876, No. 182.

I HAVE the honor to forward a list showing the names, &c., of members of the late Vythery and North Wynaad Range Offices who were transferred to the Ernaad and Kurumbranaad Ranges, and who have not passed the Uncovenanted Service Examination; but the circumstances connected with their employment are such that I think there is good ground to recommend that their cases may be specially considered, with a view to the difference of pay being granted, as a personal allowance, in each case. I beg to forward a short abstract of the service of each individual concerned.

2. The reason for this application is, that the Examiner of Public Works Accounts declines to pass pay to these individuals except at reduced rates, and your memorandum, No. 443, dated 9th March 1876, directed that, until objection was raised by the Examiner, there was no need to raise the question, and that occasion has now arrived. Pending decision the individuals concerned will only be drawing reduced pay which, I would respectfully submit, will press hardly on them at a time when prices are so high, and cost of living proportionately increased.

P.S.—The objection has only been made since November 1876, the former rates having till then been passed.

Sir,

In laying this my case before you I beg you will please take the subject into your hands to write for my exemption from passing the U. C. S. Examination, altho I have not passed the U. C. S. Examination, I have been employed in this Department for the last 20 years in different capacities, and now draw Rs 35 And have always discharged my duties to the satisfaction of my superiors as my Service Book will testify - I appeared for General Test in February 1878 but failed in one subject only viz: History for which according to the modified test for Govt. Servants, I appeared again in 1879 but unfortunately failed then also to pass in that subject, And was informed by the Commissioner that I could not appear again for the same subject History, but should take up all the — subjects that I had once passed— The subjects now for the U.C.S. Examination have been increased And it would be difficult for one in my age (37th year) to master them up for a School Examination Considering the number of years that have elapsed since I left School. Finding it impossible to study for the above Examination And with a view to better my prospects, I studied and passed the entrance Examination of the Accounts branch in September 1884, I would not trouble you to recommend me for exemptions had I been appointed in the Accounts branch for which branch I am qualified by the entrance Examination that I have passed—

In April 1884 I represented to the Dupy Engineer my hard case which however to my great misfortune did not meet with his favorable Consideration, I have since been making attempts to obtain a footing in the Account branch of the Department by virtue of the Account Test I have passed but without success— I have therefore no other alternative but to again approach my superiors for the boon I seek and to solicit that as old and tried Servants similarly situated as myself who have earned the goodwill and

satisfaction of their superiors are occasionally exempted from examination rules the same concession may be granted me.

From the above circumstances I beg you will kindly represent my case with your opinion of me to the favorable consideration of Government for my exemption from passing the Middle School Examination in the 1st class, as I had failed only in one subject History for which act of kindness I shall ever feel grateful

From,

To,
The Executive Engineer
West Coast Division
Calicut.

Sir,

In forwarding the enclosed letter from Mr. J. D'Cruz, Sub-Dol. Clerk, Calicut, I beg to inform you that he understands his work thoroughly, performs his duties most carefully, and I have had every reason to be perfectly satisfied with him during the period I have been in charge of the Sub-Division.

2. Mr. D'Cruz is at present in a most pitiable position - he has served 20 years in the Department, and is now drawing a salary of only Rupees Twenty five per month, he has not received any Annual increment for the past two years because he has not passed the W. C. S. Examination, and so long as he continues to remain as a Clerk he cannot,

cannot draw a higher salary unless Govt exempt him from passing the above" Examination.

3. Mr. D'Cruz has passed the necessary Examination and is eligible for appointment as an Accountant, and if he is appointed as such, his prospects would be better than those of a clerk who has passed the W. C. S. or Middle School Examination; he is also prepared to pass the further Examination for Accountants, but he is not allowed to do so until he is appointed as an accountant.

4. Mr. D'Cruz's position therefore is this, he has qualified for appointment as an Accountant, and if he is appointed as such on the occurrence of a vacancy, there will be no bar to his receiving a higher salary than he draws at present, but until he is appointed as an Accountant (of which there is no immediate prospect) he cannot draw more than Rs 25 per Month unless he is exempted by Government. Mr. D'Cruz has served 20 years and is a most deserving man. I therefore beg to recommend his case for your favourable Consideration with a view, view to a recommendation being made to the Examiner P. W. Accounts, to give Mr. D'Cruz the first vacancy as an Accountant, according to his service in the Department among those who are eligible for the Appointment and to Government with a view to his being exempted from passing the W. C. S. (present Middle School) Examination.

I beg to remain,

Sir,

In forwarding the enclosed letters received from the Sub Divisional officer, Calicut, I have the honor to request that you will be good enough to move Government as a special case, and obtain sanction to Mr. J. D'Cruz's exemption from passing the U.C.S examination.

2. It will be observed that Mr. D'Cruz passed the entrance test

Test for accountants and applied to be examined in Divisional accounts, but not having been appointed an Accountant by the Examiner P. W. accounts, vide para 150 of the P. W. Code, he was Considered inelligible to appear for the Test.

3. When he appeared for the General test in 1878 he failed to obtain the minimum marks in History only, but Considering that he successfully got through all the other subjects, I submit that some Concession ought to be made in his case, and he be exempted from passing the test.

4.

4. Government have in several instances exempted old and tried servants who have passed no examinations whatever, whereas Mr. D'Cruz, has passed some examinations, and as he has been working steadily for the last 20 years in the Department, I trust that the same privileges of exemption that have been meted out to others similarly situated, may be granted to him as well.

5. Besides as the Cost of living on the West Coast is expensive, and the salary of the clerk small, only Rs 25, per mensem, without any prospects of an increase, unless exempted, I have to request

you

You will be good enough to give his case favourable consideration, and obtain for him the exemption asked for.

From the Public Works Dept., No. 757 C, of 24th February 1886.

Order, 12 March 86 No 153 Mis

The Government in this Department see no sufficient reason for exempting Mr. D'Cruz from passing the Middle School Examination in the first Class. It appears from the Sub divisional Officer's letter that Mr. D'Cruz has qualified for appointment as an Accountant and that if he is appointed as such there will be no bar to his receiving a higher salary than he draws at present.
