Explanation of Necessity.

- (1) and (2) Required for execution of works and repairs under *Ain*, Civil Buildings.
 (3) Surrendered to meet in part the demands for items 1 and 2.
 (4), (5), (6), (7), (8), (9), (13), (14), (15), (16), (17) and (18) Surrendered as there are no estimates on hand to work out the grants.
 (11) Required to cover the excess outlay already incurred and for payment for emergent repairs to be carried out till the close of the current official year. The Executive Engineer

reports that "the cause of excess outlay is attributable to the large number of works which have been put in hand on the urgent requisitions of the estate authorities, who wished that the breaches in almost numberless tank bunds should be closed and strengthened, that they might so retain as much water as they could be made to hold for cultivating season."

(10) Surrendered as sufficient number of estimates are not available to work out the grant. Complete estimates are now in course of preparation.

(12) Surrendered to meet the demand for item No. 11.

No. 11 E.W.

Forwarded to the Chief Engineer, Public Works Department, with a request that sanction may be obtained to the modifications of allotments proposed by the Superintending Engineer.

CHEPÂK,
26th January 1886.

(Signed) A. W. SMART, Captain, R.E.,
for Chief Engineer for Irrigation.

ORDER—dated 5th February 1886, No. 319 W., Public Works.

In his letter above recorded, the Superintending Engineer, VI Circle, applies for modifications of grants for works in the Ramnad estate, involving an additional allotment of Rs. 21,200 in excess of the amount surrendered.

2. The sum placed by the Court of Wards at the disposal of the Public Works Department for execution of works in the Ramnad estate for the current fasli year *G.O., No. 3063 W., dated 18th Decr. 1885, is Rs. 95,300; but the Court having suggested, in their resolution, No. 315,* dated 18th November 1885, that the grant for the current official year may be taken at three-fourths of the grant for the fasli year *plus* the actual expenditure from April to June 1885, the allotment for the current official year will stand at Rs. 79,200 as shown below:—

Three-fourths of Rs. 95,300	...	...	...	RS.
Actual expenditure from April to June 1885...	...	...	...	71,475
	...	...	...	7,725
Total	...	...	...	79,200

3. As the Superintending Engineer reports that the additional allotment is required for expenditure till the close of the current official year in addition to the grant of Rs. 95,300, the total sum required for expenditure in the current official year will be Rs. 1,16,500, or Rs. 37,300 in excess of the grant fixed by the Court of Wards in their resolution, No. 315, dated 18th November 1885.

4. Taking the grant of Rs. 95,300 for the fasli year as the grant for the official year, the amount still required to be provided will be Rs. 21,200. The Court of Wards will be requested, in the Revenue Department, to approve the redistribution of funds proposed by the Superintending Engineer, and to arrange for early provision of Rs. 21,200, together with Rs. 4,876, being the amount of contribution for supervision at 23 per cent. on the grant for works.
