11TH FEBRUARY 1885, No. 319 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Accounts.

READ—the following letter from Major S. C. CLARKE, R.E., Executive Engineer, Bellary Division, to the Superintending Engineer, III Circle, dated Bellary, 16th January 1885, No. 2057 :—

I have the honor to request you will be good enough to inform this office to what sub-head of the budget the expenditure incurred on the boring operations in the Anantapur district is to be debited, and whether special funds will be allotted to this department for the said works, or whether they may be debited to the Civil Department by transfer, as funds have apparently been granted for clearing wells, &c., to that department.

Endorsement on the above.

No. 2076.

Submitted to the Chief Engineer, through the Examiner, Public Works Accounts, for orders, with reference to G.O., No. 3036 W., dated 10th December 1884.

BELLARY, (Signed) H. M. VIBART, Lieut.-Colonel, R.E.,
21st January 1885. Superintending Engineer, III Circle.

No. 522 S.E.

If any portion of the allotment of Rs. 5,000 made in G.O. No. 1291, Revenue, dated 22nd November 1884, for this work is placed at the disposal of the Public Works Department, the amount will have to be appropriated under Miscellaneous Public Improvements; but if the outlay is to be accounted for by the Civil Department, the Executive Engineer should transfer the charges referred to by him to that department.

(Signed) D. C. GORDON,
6th February 1885. Examiner, Public Works Accounts.

ORDER—dated 11th February 1885, No. 319 W., Public Works.

The allotment of funds having been made to the Revenue Department, the charges incurred by the Executive Engineer will be transferred to that department.

Dated February, 11th.

Recd. Encl.

G.O., 11th Feb. 1885, No. 319 W.

FEBRUARY.

Boring operations in the Anantapur District

Adjustment of expenditure incurred on —.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following Proceedings of the Board of Revenue d/ 16th March 1885, No. 2506 Mis., on letter from the Collector of Anantapur d/ 3rd March 1885, No. 110.

With reference to the Board's Proceedings of the 27th ultimo, No. 1912 Mis., communicating G.O. dated the 11th idem No. 319 W., Public Works, I have the honor to observe that the 5000 Rs. referred to in para 2 of the G.O. dated the 22nd November last No. 1291 Revenue, were sanctioned "for the clearing of wells and the improvement of the water supply", and are being spent for this purpose. Nothing is said as to the cost of boring to find sites suitable for the sinking of wells by the ryots being also met from the above sum.

Resolution.

Submitted for the orders of Government.

2. The Collector reports that the sum of Rs. 5000 placed at his disposal in

in para. 2 of G.O., R. D., dated 22nd Novr. 1884, No. 1291 is being utilised for the clearing of wells and the improvement of water-supply. A separate allotment appears therefore to be necessary to meet the cost of boring operations ordered in para. 3 of the G.O. quoted and the Board request that the amount required may be placed at the disposal of Public Works Department.

REVENUE DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following Proceedings of the Board of Revenue dated 18th May 1885, Mis. No. 4601, on letter from the Collector of Anantapur dated 29th April 1885 No. 185.

In reply to the Board's Proceedings of the 23rd Instant No. 3737 Mis. I have the honor to state that I received a demi official dated the 2nd February from the Executive Engineer Bellary Division late in the night of the 4th idem when I was at Tadmarri in the Anantapur Taluk informing me that he has ordered the Sappers to move their camp to Anantapur on account of Cholera increasing at Gooty and requesting me to find work for them within a mile or two miles radius of Anantapur. The Temporary Dy Collector who is in charge of the Anantapur Taluk happened to be at Tadmarri when I was there and on the 5th I spoke to him personally about having sites selected at once and I also desired him officially on the same date to select sites at a very early date. He sent an order to the Tahsildar the same day to prepare a list of places and have it ready when the Sappers arrived. I also informed

the

the Executive Engineer demi officially on the 5th what I had done. On the 6th February I received an official letter dated the 3rd idem from the Executive Engineer to the same effect as his demi official. A copy of this letter was also sent to the Dy Collector but before it reached him he had on the 9th sent another order to the Tahsildar observing that the Sappers must have arrived by that time and requiring the places selected to be shown to them. On the 12th February the Temporary Deputy Collector wrote to the Sub Divisional Officer D.P.W. to send the Sappers to the Tahsildar when he replied that they were to work under him and the Tahsildar or some other competent person should be sent to meet him the following morning. The Taluk Sheristadar was accordingly sent the following morning. When the Tahsildar received the orders above referred to he was on circuit. He prepared a list but he does not seem to have taken steps to have the arrival of the Sappers communicated to him at once. He was told at the time when I came to understand there had been delay that he should have done so. The Sub Divisional Officer might I think however have informed some one of the Taluk officials at head quarters of their arrival or he could have written me.

Resolution

Resolution.

Submitted to Government.

2 The Board consider that the Collector is in no way to blame. He could not possibly foresee that the Sappers were going to be marched to Anantapur because cholera was bad at Gooty. Still less would he be expected to state off hand where water should be bored for with any chance of success. The usual plan of sending on orders from the Collector to the Divisional Officer and so to the Tahsildar was the cause of the delay that occurred, which owing to the Tahsildar's absence from his head quarters was unavoidable.

Order thereon 20th June 1885 No. 3140

The Collector's explanation is accepted.
