READ—the following papers :—

From the Examiner, Public Works Accounts, dated 2nd December 1885, No. 702.

From Colonel H. L. PRENDERGAST, R.E., Superintending Engineer, V Circle, to the Chief Engineer, Public Works Department, dated Chepâk, 1st February 1886, No. 4506.

In returning your endorsement, No. 2769 D., dated 7th December 1885, I have the honor to forward a revised statement of claims furnished by the Right Reverend Bishop Dr. J. Colgan, on account of compensation for sittings provided for Roman Catholic soldiers in the Cathedral at Madras, and in the church at Pallávaram, during the year ending 30th June 1885. The claims are based upon the highest number of seats occupied at one service in the year, and amount to Rs. 1,071 for Madras and to Rs. 235-8-0 for Pallávaram.

Office note from the Examiner, Public Works Accounts, dated 9th February 1886, No. 833.

ORDER—dated 22nd February 1886, No. 441 W., Public Works.

The Superintending Engineer, V Circle, submits a statement of claims on account of compensation for sittings provided for Roman Catholic soldiers in the Cathedral at Madras, and in the church at Pallávaram, during the year ended 30th June 1885. The former amounts to Rs. 1,071, and the latter to Rs. 235-8-0.

2. As the two batteries for which compensation is claimed are garrison batteries, the Government are unable to sanction the payment of compensation for them. The revised claims, which are sanctioned, will therefore stand as below :—

Paragraphs 1245 and 1274 of the Public Works Code.
N.B.—These paragraphs have since been cancelled, but were in force throughout the year for which compensation is now claimed.

	RS.	A.	P.
For Madras $357 - 39 = 318, 318 \times 3 =$	954	0	0
For Pallávaram $78\frac{1}{2} \times 3 =$	235	8	0
Total ...	1,189	8	0

3. The Superintending Engineer will obtain and submit a stamped receipt for the amount.

(True Extract.)
