No. 1943 T.J.

REPORT by the Superintending Engineer, VI Circle, on the revised estimate for converting a portion of the old taluk cutcherry at Tiruvádi into a sub-registrar's office, Rs. 1,220.

In G.O., No. 2896 W., of 19th November 1884, an estimate, amounting to Rs. 1,120, was sanctioned. In this it was intended to construct the verandah roof with old wood-work, but on examining the wood-work it is found that the work will not be safe if the original proposal is carried out; hence the necessity for the revised estimate.

2. The excess over the original estimate is Rs. 100, which is principally due to the substitution of new wood-work for old, and the provision of a beam in place of partition wall to be removed.

3. The rates are fair and the estimate is forwarded for sanction through the Inspector-General of Registration—*vide* paragraph 1168-A. of Public Works Code.
