G.O., 8th June 1885, No. 1324 W.

JUNE.

Establishment

Orders on supplemental statement of
employés in the Public Works Department
who have attained the age of fifty-five years.

*Superintg. Engineer's Office, 4th Circle.
Coimbatore, 14th May 1886.*

From

*The Superintending Engineer,
Fourth Circle.*

To

The Chief Engineer

P.W. Department.

Sir,

*With reference to the remark against
the name of Head Clerk. P. Annachellam
Mudelliar, in the list of subordinates
printed with G.O. N^o 869 W of 31st March
1886, I have the honor to explain that
my last recommendation in regard
to the above subordinate was as follows:-*

*"I consider Annachellam perfectly
fit for his work, and recommend that
he should be allowed to hold the Head
Clerkship for two years more."*

*2. In the previous return, I had
recommended*

recommended that he should be allowed to hold the Head Clerkship for another year from 30th August 1885; but was led to modify this from reading section 110 of the Civil Pension Code, and the Notes to that section at pages 56, and 57 of the Sixth Edition.

3. I find it there stated at foot-note (1) that an uncovered Officer who has attained the age of 55 years need not be required to retire unless considered inefficient; and should as a rule, be retained, if it be considered expedient in the public interests.

4. Also it is stated, in foot-note (3), that section 110 does not require the compulsory retirement of any efficient Officer of whatever age, and that careful consideration is to be exercised both for the individual, and for the finances of the country which would suffer were Officers still efficient prematurely thrown upon the pension list.

5. Again

5. Again, in another note to the same section, it is stated that the rule is to receive a very liberal interpretation, and the State should in no case be deprived of the valuable experience of really efficient native Officers.

6. Under these circumstances, and believing that P. Annachellam Mudelliar is still quite fit for his work, I considered it my duty to recommend that he should be retained in the service until December 1887, when he will be entitled to a pension of the moiety of the minimum pay of his present grade.

7. I have also to point out that in G.O. No 720 W of 15th March 1884, it was directed that due regard was to be paid to the claims of individuals who are within a measurable distance of earning an enhanced rate of pension or gratuity.

8. I may further mention that during his long service, Annachellam has

has never taken sick leave or furlough.

I have the honor to be,

Sir,

Your most Obedt. servant.
