GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

READ—the following letter from the President and Members of the Pudupet Maidán Committee, to the Chief Secretary to Government, dated Madras, 11th September 1885:—

We have the honor to report that, in accordance with the instructions contained in G.O., No. 2258, of August 27, 1885, Judicial Department, we met this morning for the purpose of investigating the propriety of using a part of the Pudupet Maidán for the erection of Police Lines.

2. After inspection of the locality we are unanimously of opinion that that portion of the Maidán which is situated to the east and rear of the new Eye Infirmary enclosure * could be put to no better use than being enclosed and built upon, and that it is therefore well adapted for a site for the Reserve Police Lines which the Commissioner of Police is anxious to erect on it.

Its present condition is dirty and untidy and from a sanitary point of view cannot fail to be improved by being occupied by a well laid out series of Police Lines.

3. We found that the western limit of the area occupied by the Government mule sheds is demarcated by a newly planted Korakapillai (*Inga dulcis*) hedge, running nearly north and south from the road on the river bank to the southern boundary

wall of the Eye Infirmary enclosure,† and we are of opinion that in the interests of

† We generally and more particularly of the Police Force which will occupy the proposed new lines, the whole of the remainder of the Maidán bounded by the above-mentioned hedge and wall should be reserved by Government and not be permitted to be built over, but remain available as heretofore as an occasional camping ground for detachments of troops passing through Madras and as a parade ground for the mounted Infantry and the Police.

4. The Sanitary Commissioner being detained by his public duties on the Nilgiris was unable to attend our meeting.

We have the honor to be,

Sir,

Your most obedient servants,
