Proceedings of the Board of Revenue.

Dated 11 March 1886.

No. 1869 Suis.

READ the following letter from the Collector Nilgiris to the Secretary to the Board of Revenue, dated 2^d March 1886, No 60:—

By G. O. No 136 dated 18th January P. W. Department, communicated with Board's Resolution dated 21st Idem No 2 Routine, all the private holdings on the margins of the Ootacamund lake were directed to be acquired for the conservancy of the lake.

2. Mrs M. Schmid, the owner of Settlement No $\frac{2}{38}$ measuring .45 of an acre has agreed to surrender the land to Government for a compensation of Rs

4. She represents that she is dependent
on the lake for water for domestic use
- Keeps a pleasure boat. She desires
to her right to use the water as hitherto
the necessary right of way to afford
access and also to have a landing stage
- a boat may be respected. I see no
objection to these privileges being conceded
Mrs. Schmid. A path three feet wide
on the road to the water edge secured
by a gate of which Mrs. Schmid should
keep the key and which she should be
bound to maintain in efficient repair,
would suffice for Mrs. Schmid's require-
ments. Or Mrs. Schmid's requirements
might be met by providing a public
approach to the water's edge over her ground.

3. In another case similar ^{CT.}
have been asked for and I have the
honour to request instructions whether
I may in this and all similar cases
admit the vendor's reservation of a
right of way to the water's edge, provided
course that there is no public approach
to the water's edge within a convenient
distance.

4. The houses round the lake
are mainly dependent on the water of
lake for their supply and the withdrawal
of the privilege would expose them to serious
inconvenience, to say nothing of the enhance
compensation they would claim if they
were prohibited from availing themselves
of the water supply.

Resolution

Submitted to Government with
Board's recommendation that in
cases like Schmidt's and similar cases the
owner's right of way to the water's edge
may be reserved when there is no public
right of way immediately adjacent.

8TH MARCH 1886, No. 210, FINANCIAL.

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

READ—the following papers:—

From H. F. CLOGSTOUN, Esq., Accountant-General, to the Acting Chief
Secretary to Government, Financial Department, dated Fort St. George, 14th
January 1886, No. 97.

Book Department.

In reply to Proceedings of Government in the Financial Department, No. 1300,
dated the 21st September 1885, inquiring in whose names certain trusts stand and
directing me to suggest a second name where only one exists, I have the honor to state
that all the investments belonging to the trusts particularized in the list attached to
my letter incorporated in the proceedings above quoted have been converted into stock
certificates in the name of the Accountant-General, interest being paid to the officers
named in column 4 of the statement who are the administrators of the trusts.

2. I append a statement in which I have made suggestions for the appointment
of a second administrator to each trust. In the case of scholarships and prizes the
Director of Public Instruction and the head of the school to which the endowments
are attached appear to be the proper persons to fill the office of trustees, but I beg
that the statement may be referred to the Director for approval.

The "Princess Alice scholarship" being payable in any school in the presidency
on the results of the Special Upper Primary examination, the Commissioner for the
Uncovenanted Civil Service Examinations has been suggested as the additional trustee
to the Director of Public Instruction.

The "Barnett scholarship" being payable in any school in the Cuddapah
district, the Inspector of Schools, 2nd division, is suggested as the second trustee.

The "Malayalam prize" being also not attached to any particular school, the
Inspector of Schools, 6th division, may be the second trustee.

The "Brennen endowments" at Tellicherry. The Collector of Malabar and the
Chaplain of Cannanore are two out of the four trustees suggested by the late Mr.
Brennen himself.

The "Disabled Boatmen's fund" is administered by the Master Attendant and
his Deputy.

The "Albert Edward scholarship" is paid to a private school in Masulipatam
and therefore the Collector of Kistna and the Director of Public Instruction are
suggested as trustees.

The investment on account of the "Lawrence Asylum" might be in the names
of the Collector of Nilgiris and the Director of Public Instruction.

The "St. Mary's Church Fund" is operated upon by the Garrison Chaplain and
therefore that officer and the Chief Secretary may be trustees.

The "Woolley Bequests" were originally invested in the names of the Chief
Secretary and the Accountant-General, and therefore these two names are now
suggested.

The "Village Service and Irrigation Cess Funds." The Collectors and Treasury
officers of the districts may be joint trustees.

3. In conclusion, I would beg to inquire whether, if two trustees are appointed
to each endowment, the interest realized from the endowment may be paid to or under
the directions of either of them.
