GOVERNMENT OF MADRAS.

PUBLIC DEPARTMENT.

Read—the following paper :—

G.O., dated 22nd February 1886, No. 1146, Military.

Read—the following letter from the Adjutant-General, dated 17th February 1886, No. N. A.—Pensioners—325:—

I have the honor, by direction of the Provincial Commander-in-Chief, to forward, for the information of Government, the letter as per margin from the Superintendent of Pensions, submitting a report on the employment of pensioners of the Madras Native Army in civil capacities, and to say that Lieutenant-General Rowlands is of opinion that the scheme has been attended with success during the first year of its trial, the number of military pensioners who are now in civil employment having increased by over 500, after deducting 370 casualties by death, resignation, &c.

No. 2744, dated 15th ultimo, with report.

Enclosures.

From the Superintendent of Pensions, dated 15th January 1886, No. 2744.

I have the honor to forward, for the information of the Provincial Commander-in-Chief, a report and return regarding the employment in a civil capacity of pensioners of the Madras Native Army.

Report by Colonel J. W. CLELAND-HENDERSON, Superintendent of Pensions, on the employment of pensioners of the Madras Native Army in civil capacities, dated Fort Saint George, 15th January 1886.

The report, dated 23rd July 1885, after the scheme had been in working order for about seven months, showed 283 pensioners in employment.

Between that date and the 31st December 1885—a period of five months—the number for whom employment has been found is 596.

Of this number, 133 resigned employment and four were removed—one for negligence, and three (warders) for acting contrary to rules.

The total number in employment on 31st December 1885 being 742.

This result, after about one year, must be considered very satisfactory, and the Superintendent is of opinion that this is due somewhat to the last report having been brought prominently before the public by appearing in the local "Mail."

Of the 1,773 pensioners mentioned in the last report as having found employment for themselves, prior to the introduction of the scheme, 1,543 remain in employment, showing a decrease of 230 from deaths, resignation, &c.

As stated in the previous report, application for pensioners should be made to the different officers in charge of pensioners, of whom there is one in nearly every town in the presidency—*vide* page 176, Madras Quarterly Army List—and any particular information on the subject can be supplied by the Superintendent of Pensions, Fort Saint George.

Return showing the number of pensioned soldiers of the Native Army employed in civil capacities.

In this office one pensioned sepoy has been taken on as a peon, & he has done well on the whole. We have not had opportunities of employing pensioners more largely.

At Major Bowen's instance last year, the C.A. engaged eight pensioners as ~~eight~~ watchmen to guard the P.W. offices out of office hours, & these men are still employed.

SUPERINTENDING ENGINEER'S OFFICE,
V CIRCLE, MADRAS,
~~Chepauk,~~ 12th March 1886.

From

THE SUPERINTENDING ENGINEER,
V CIRCLE,

To

THE Chief Engineer
P.W.D.

SIR,

Enclosures. 1

With reference to G. O No. 2492 W dated 22d October 1885, I have the honor to represent that there have been disallowances in South Arcot; an instance of which is given in Colonel Burton's letter No. 2791 dated 29th September 1885, but in reality amounts have been passed by the Examiner on the condition that the Executive Engineer supplies the information, whether the actual expenses incurred by by Clerks and Lascars on their journeys were equal to or more than the mileage allowances claimed.

The allowances so passed have been

In January 1885	21-2-„
" February	10-14-„
" March	68-9-„
" April	54-4-„
" May	46-2-„
" June	49-13-„
" July	35-11-„
" September	28-4-„
" October	9-6-„
	324-1-„

as shown in detail in the accompanying Statement.

2. Up to the end of March the Executive Engineer was Mr. Walch - The claims for April and subsequent months were made by the present Executive Engineer Mr Larminie, who did not consider it necessary to certify to the amount of actual

actual expenses - as he writes - "Under Section 32 Exception 1," "All the Head of the Office is" "Required to certify to, is the" "necessity for the Journey over" "20 Miles being made, there is" "nothing whatever to show" "that actual expenses should" "be certified to by the Head" "of the Office."

Regarding the Certificate required by G. O. No. 2492 R dated 22d October 1885, Mr Larminie expresses his inability to sign it and says "I have no means by which" "I can satisfy myself that the" "amount of Mileage claimed" "and already paid to Lascars" "and others is the actual" "cost of locomotion paid by" "them and therefore I cannot" "possibly certify to the correctness" "of their claims."

3. As these claims belong to a period prior to the date of receipt of G.O. No. 2492 W. I would recommend that the Examiner be authorized to pass the amounts finally without the Certificate as to the amounts spent - the Executive Engineer's Certificate being accepted as to the necessity of the journeys.
