GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following paper :—

G.O., dated 19th March 1886, Mis. No. 264 M., Financial.

Read—the following letter from Major A. C. SMITH, R.E., Executive Engineer, Nîlgiri division, to the Superintending Engineer, IV Circle, dated Ootacamund, 8th February 1886, No. 2750 :—

I have the honor to inform you that certificates approving, or otherwise, of the municipal assessments charged on the several buildings in charge of different heads of departments are now furnished by this office, on the requisition of the officers concerned, for each half-year. This procedure has to be repeated each half-year and certificates have to be furnished even when there are no alterations in the amounts of assessments charged, which entails extra labor in the office. I consequently suggest you will please address the Chief Engineer on the subject, and with a view to the discontinuance of certificates of the Public Works Department in case of recurring charges of assessments by the municipality.

Endorsement on the above.

No. 48 E.W.

Forwarded for the information of the Chief Engineer, Public Works Department, with a view to orders being issued for the discontinuance of certificates in the case of recurring charges of assessments by the municipality.

Read—also the following letter from the Accountant-General, Madras, to the Chief Secretary to Government, dated 9th March 1886, No. 669 :—

With reference to your endorsement, No. 113, dated the 3rd March 1886, I have the honor to state that, as, under Government of India Financial resolution, No. 1980, dated 16th July 1885, the responsibility for the acceptance of municipal assessment rests with the Executive Engineer in charge of the building, it is absolutely necessary, unless the Government of India rule otherwise, that in each year, when the first bill for the assessment is presented, the acceptance of the assessment should be admitted by the officer named. Circumstances may, from year to year, cause an alteration in the value of any of the several buildings assessed. It seems unnecessary that each *half-yearly* charge should be accepted by the Engineer.

Order—dated 19th March 1886, Mis. No. 264 M., Financial.

The Accountant-General's letter read above will be communicated to the Public Works Department.
