With reference to G. O. dated 10 August 1885 No.
1846 W. Public Works, sanctioning estimates for General & Special
repairs to this Hospital, I have the honor to request the favor of
information if funds will be available on the 1st April, and to
request that if so the repairs may be carried out as early in the
year as practicable. It is greatly to be desired that these repairs
should be executed before the June rains. On notice being given
each block of buildings can in turn be evacuated for the purpose,
but it will be easier to do this early in the year than late, as there is
generally a large influx of cases in the latter months of the
calendar year.
