The following is
forwarded to the
Local Governments,
Administrations and
Officers marginally
noted, for informa-
tion and guidance.

By order,

Reynolds

Major, R.E.,

Under Secy. to the Govt. of India.

No. 863, dated 27th February 1886.

RESOLUTION,—By the Department of Finance and Commerce.

Read—

No. 14, dated 21st January 1886.

From—The Secretary of State for India,

To—The Government of India.

I have considered in Council your letter dated the 24th of November 1885, No. 322, suggesting that no agreement involving family allotments should in future be entered into in cases in which the services of the persons engaged through this Office are intended for Port Trusts, Municipalities, or other public bodies.

2. The cases in which mechanics and others are engaged through this Office at the request of your Government or one of the Local Governments, for service in India under a public body, are very rare, and I am advised that to refuse these men the facilities for providing for their families during their absence which are allowed to men of the same class similarly engaged for service in India under Government would render it difficult to secure competent persons.

3. With a view, however, to obviate the possibility of any loss to Government by the arrangement now in force, I request that, in any case in which a Port Trust, Municipality, or other public body is permitted to avail itself of the agency of the Secretary of State to obtain the services of mechanics, it shall be required to state specifically whether family allotments are to be provided for, or not; and, if they are, that it shall agree to be responsible to Government for the amount of the family allotments paid in this country, itself effecting the necessary recoveries, and, if thought desirable, making provision for the deposit of the equivalent of the allotment in advance.
