Most Respected Sir,

I Sub overseer T. Maduranayagum Pillay beg most respectfully to be allowed to lay the following for your kind and gracious consideration.

2 I was favored in June last in recognition of my long and faithful services rendered to the Government in this Department, the appointment I now hold, through your honors kind patronage.

3. What I am emboldened further to solicit is that my past services (prior to June 1885) extending over a period of nearly 16 years may kindly be recommended to count towards pension, under the following circumstances.

(a) My present age is 45 years, and I can therefore serve for only 10 years more if God spares my life.

(b) Granting that I rendered service for this period I would have only 10 years permanent service entitling me according to the rules only to a gratuity of say Rs 500 at the time of retirement.

(c) As you are aware this sum will be quite inadequate after my retirement for providing myself and

and my large family with the bare necessaries of life for any lengthened time.

(d) I was continuously employed in the Nilgiri Division as a maistry from the latter part of 1869 to the middle of 1885.

(e) I need not enumerate the various difficulties I have had to encounter in the long run from being employed in out door works on the Hills where provisions are so dear and climate is anything but congenial to the natives.

(f) Throughout this long period of temporary service I drew pay, charged to the several works on which I was employed from time to time. My salary at the start was only Rs 15 which was gradually raised to Rs 45 at the time I ceased to be a temporary maistry. I was not without employ even for a single day during this period.

4. I further beg to point out the case of Mr. W. Seager lately a temporary maistry in this Division. He was granted by the paternal Govt: a monthly pension of Rs 10 so recently as in 1881. He obtained this boon in recognition of his temporary services of upwards of I believe nearly 15 years. All along his services were temporary his salary until the very day of his retirement being charged to the works. While in my case it appears in my humble mind that I have stronger grounds, for I am now in permanent employ and I have before me a prospect of serving the Govt for 10 years more. All that I beg for is that a part of my services being temporary may be treated as permanent, at the time of my retirement. I am merely soliciting a boon that has been given to Mr. Seager, whose claims, when considered from the above point of view were inferior to mine.

5. Mr Seager succeeded in obtaining pension owing to the strong recommendation of Lt. Col. (then Major) J.L.L Morant R.E. which were favorably viewed by the Govt:. In my case there is the advantage of my entirely depending upon your honor who is solely my benefactor and whom I always look upon as more than my father. I beg also to be permitted to add that Lt: Col: J.L.L Morant R.E. if kindly referred to (though now out of the circle) under whose direct supervision I rendered more than 3/4 ths of my temporary service will kindly speak on my behalf indeed to the same extent (though not more) as he did in the case of Mr. Seager to justify the benign Govt: in the special favor conferred on him.

6. In conclusion I beg most respectfully to request that your honor will on due consideration of the foregoing facts and in further recognition of my long and faithful services rendered to the Government in this Department on these Hills under the most trying circumstances be graciously pleased to forward on this petition with your honors warm support for the favorable orders of Government.

7. For this additional act of kindness & charity, I shall as in duty bound with my wife and children ever pray the Almighty God for your honors, madams and childrens long life and prosperity.

I beg to remain

13. Papers of Mr. Seagers (to be returned)

I have the honor to submit for your favorable consideration and support, the accompanying petition from Sub Overseer Maduramanjagem in which he begs to be allowed to count towards pension his past Services in the Department as Maistry when his pay was charged to the works on which he was employed.

2 The petitioner has been employed uninterruptedly in the Department for the past 16 years and was promoted to a permanent Sub Overseership in June 1885.

3. Considering the faithful Service rendered by him and his usefulness in the Department, I consider him thoroughly deserving of the boon he solicits and would beg that the case may be submitted

with your strong recommendation for the consideration and the orders of the Chief Engineer to whom Maduranayagam is personally known.

4. I would add that in a somewhat similar case Mr: Seagers as per papers enclosed, the Government were pleased to grant him a compensation pension of Rupees 10 per mensem.

Maduranayagam's claim to count his former temporary service towards pension can only be considered at the time of his submitting his application for pension.

Sir,

With reference to your No. 118/22 of 4th Instant I have the honor to submit Sub Overseer Maduranayagam's case for reconsideration.

2. In doing so I would explain that the case is not an ordinary one of counting temporary service towards pension. While employed as a Maistry Maduranayagam's Salary was charged to Works

and this service under the ordinary rules gives him no claim to pension whatsoever.

3. It is, accordingly submitted, as a special and peculiar case for the consideration and orders of the Chief Engineer.

Sir,

I have the honor to forward herewith, for your consideration and orders, some letters from the Executive Engineer Nilgiris regarding an application from Sub-Overseer Maduranayagam Pillay to have his services as maistry counted towards pension.

2. When the matter first came before me, I replied that the application could only be considered at the time he applied for pension; but the Executive Engineer Nilgiris considers it a special and peculiar case, and it is on this account I now forward the papers.

3 Maduranayagam's service, as maistry

maistry, as appears from his testimoni-

promoted to permanent Sub-Overseer
in June 1885. His request is that his
service up to date, of about 16 years,
may be reckoned towards pension.

Office Note from the Examiner P.W. Accounts } H.E. No. 151 d/ 22 May 1886.

The Government consider that the application of Sub Overseer Maduranayagam Pillay to have his previous service declared to count as service for pension is premature; and, with reference to section 139 of the Civil Pension Code, they are not at present prepared to consider it.

2. There is no rule

1844 W. 10.5.86

under which services
paid for from Estimates
for works can be
counted towards pension,
but it is open to the
Govt to submit any
special case for the
orders of the Govt. of
India. The case of
Mr. Seager quoted in
the foregoing Correspon-
-dence is not a similar
one. The whole of Mr.
Seager's service was
temporary, and no
application was made
on his behalf until
the close of his service.
He was granted a
special pension by the
Govt of India, apparent-
-ly with reference to
section

Section 74 of the Civil
Pension Code.

3. The Sub overseer's
age when appointed to

has therefore time to
