Sir,

I have the honour to bring to your notice that P. G. Venkatasubba Aiyar B.C.E. who was appointed as a temporary Overseer to this Circle in your Memo No. 615 C: of the 13th February 1886 and who was posted by me to the Godavari Division, not having joined up to the 26th Ultimo, it has been thought necessary to place A. Vedantacharier Delta Superintendent in charge of the duties of an Overseer, and I request that you will be so good as to obtain Sanction for the Examiner to pass the Ordinary travelling Allowance admissible to an Overseer to this Delta Superintendent as was authorized in the

C-25-5-86

case of two Delta Superintendents of this Division, in G.O. No 2,610 W: dated 5th November 1885.

2. Venkatambika Aiyar B.C.E. not having as yet joined the Circle, it is presumed that V. Aiyasamani Ayar A.C.E. appointed in the Chief Engineer's Memo No 1537 C: dated 19th April to this Circle, has been sent in his stead, and he will now relieve the Delta Superintendent referred to in the preceding para of this letter.

I have the honor to be,

To

The Chief Engineer
P.W.D.

Sir,

In reply to your Memo-randum No. 1993. C. dated 30th Novr/85, I have the honor to report that I am not prepared now in December to take over at once from the District Board Madura, the work of completing the road from Cumbum to the foot of the Gudalur-Peermad Ghat, as I consider for the work to be done with credit and success, arrangements should have been made some time ago.

2. This road work consists of making and metalling the Road

Road and building Masonry Bridges etc. The first has, I believe, been completed by the District Board, but the work was not done properly (vide G.O. No. 1793.W. dated 31st July/85), and as the Road has not been maintained, I doubt much the work being a credit to anyone. I believe little or nothing has been done towards the collection of materials for the Masonry works, and these works are estimated at about Rupees 33000

3 - I have no objection to undertake these provided it is understood that the work was given to this Department too late in the year for proper justice to be done to it, and if I am given the services of a selected Asst Engineer for it (The Circle has now 2 Asst Engineers below the sanctioned strength)

4 - If the Establishment of the Circle is kept up to full strength with the Extra Establishment already sanctioned for Special works, I do not consider that the Special Establishment sanctioned in G.O. No. 2256 dated 28th September/85 would be required.

I have the honor to be,

Road from Cumbum to Goodalur.
Peermad Chank in the Madura
District —

Informing that the Supg
Engr is not prepared to
undertake the — at this
advanced period of the year,
but that he has no
objection to undertake
it under certain conditions.

Ac-10547.

Note

The following statement exhibits the sanctioned and existing scales of the Establishment of the VI Circle:—

Sanctioned.	Existing
Executive Engineers 6+2	Executive Engineers 5+2
Assistant Engineers 8	Assistant Engineers 5
Upper Subordinates 39+12*	Upper Subordinates 42+10

* This does not include the Overseer sanctioned for Cumbum - Gudalur Road.

The Supg
Engineer VI Circle
includes one of the

Honourary Apstt.
Engineers as a packa
Apistant Engineer
and hence states
that the Circle
is only two Apistant
Engineers short.

W.
E
—
8-12-85

The only transfer that can be suggested is that of R. Vaidyanatha Aiyar, temps. Asst. Engrs., Chingleput Divsn. The S. E. V Circle might well spare his services as Mr. S. B. Murray Asst. Engr. 2nd grade was the other day temply: attached to the V Circle.

None of the other Circles could spare an Asst. Engrs. W. 9.12

In reply to No. 1993 d/ 30.11.85, written on an inquiry from the dept. the S.E. VI Circle reports that he will take over the work on the road from Cuddapah to the foot of the Ghauts Permood that if a selected asst Engr be posted to the Circle

It seems difficult to suggest how the service of an Asst Engineer can be made available other circles also being short.

In his cite letter received about Capt. Lindley, Col. Burton mentions that Mr. Murray is still sick & that the V Circle is pressed for Asst Engineers. The transfer of R. Vaidyanatha Aiyar cannot therefore be

...ll carried out -

Asst Engrs cannot now be posted to the VI Circle, the reply to the Financial Dept must apparently be that the P.W. Dept will not be prepared to take over the road work before the commencement of the financial year 1886-87.

Two orders.

Cy
9.12.85

No. 2116 Cay 11-12-85

I do not think a selected Assistant Engineer can be sent to VI Circle at present but it will be advisable to report upon the Financial aspect that the road cannot be taken over at the beginning of next financial year.

W
9/12/85

Is it certain that the S & E will be able to take over the road from 1-4-86.?

W
9-12-85

W

The S. E's objection is apparently that at this late period of the year his staff will not be able to do credit to the work.

It will doubtless be possible to find an Asst Engr for the work before the end of March next.

Cy
9-12-85

Noted. Inform Financial Dept as proposed.
10/12

Dwd
10th December 85

In returning the papers received with office note from the Chief Secretary dated 24 November 1885, the undersigned has the honor to state that arrangements cannot be made in the P.W. Dept to take over before 1st April 1886. the work on the road from Cumbum to the foot of the Ghats. Peermaad Ghat. It is suggested that the necessary orders transferring the work to the P.W. Dept from that date be issued in

in the Financial Dept.

2. The Supt Engr reports that the Mint establishment sanctioned in G.O. No 2260W of 28th Septr 85 will not be required on the transfer of the work to the P.W.Dept, only provided that the ordinary establt of the Circle be kept up to full strength. It is not quite certain whether this can be done, but the point can be left for future consideration.

No. 54-8 M.D.

From

Superintending Engineer, ~~3rd~~ 6th Circle,

To

The Chief Engineer
P.W.D.

Sir,

With reference to G.O. No 3. W. dated 4th January 1886 I have the honor to request that the services of a selected Asst. Engineer may be sent as soon as practicable to this Circle for employment in Madura District; the necessity for this was pointed out in this Office letter No 486. M.D. dated 3rd December 85.

I cannot but regret the decision that has been arrived at as the Cumbum Valley gets very feverish in April and, of course, when the Monsoon begins at the End of May but little can be done.

Memo for
C

Note

The S.E.6 Reserve
Letter No 486 dated
3rd Dec 1885 would
certainly seem to imply
that he did not wish
to take over charge
of the road & take in
the year: but that
determine he would be
willing to do so: and
yet he now says in his
No 548 of 15th Jan
that he regrets the
decision that has
been arrived at.
I think he should be
glad an Assistant
Engineer but the following
arrangement might
be made. Mr Paul

returns from leave
on 9th Feb/86 and
will resume charge
of Western Delta Lowers
Mr Handcock now
in temporary charge
must then be handed
for charge of the road
If Mr Handcock is
not removed there
will be one over the
sanctioned number
of H. C's for Western
Delta Lowers.
