GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

READ—the following papers :—

From E. C. JOHNSON, Esq., President of the District Board, Kurnool, to the Acting Chief Secretary to Government, dated Kurnool, 16th December 1885, No. 54 :—

I have the honor to submit the budget estimate of receipts and charges of the funds administered by the District Board of Kurnool for the year 1886-87, together with the revised estimate for the current year. No Taluk Boards or Union-panchayets have been constituted in this district (*vide* G.O., dated 23rd October last, No. 930 L.F., Financial), nor is any action in that direction contemplated for 1886-87.

REVISED ESTIMATE FOR 1885-86.

2. *Receipts.*—The opening balance of the year, as audited by the Accountant-General, was Rs. 39,784 against an estimate of Rs. 17,720. Savings in the revised estimate of expenditure amounting to Rs. 16,973 under several items during 1884-85 as explained in the administration report for that year, an increase in receipts over the revised estimate amounting to Rs. 5,590, and certain minor adjustments ordered by the Accountant-General, account for the increased balance.

3. The receipts, as now estimated for the current year, are compared hereunder with the figures of the sanctioned estimate :—

| Total including balance ... | 1,88,882 | 1,75,080 | + 13,802 |

4. *Land-cess.*—The sanctioned estimate of land-cess receipts for the year has been reduced by Rs. 8,000. The arrears of cess outstanding at the beginning of the year were Rs. 18,539; the current demand on the basis of the jamabandi figures for Fasli 1294 is estimated at Rs. 1,34,122, so that the total demand for the year (including arrears) is Rs. 1,52,661. Of this amount, Rs. 1,34,000 or 87 per cent. are expected to be collected within the year. The reasons for the large reduction made in the estimate are (1) that by reason of prompt collection of kists during the past official year the actual arrears at the beginning of the year fell short of the estimated balance by Rs. 6,085 (the estimated and actual figures being Rs. 24,624 and Rs. 18,539, respectively); (2) that the jamabandi demand of Fasli 1294, viz., Rs. 1,34,122, which (as usual) is now taken as the basis of the current demand for 1885-86 for the purposes of the revised estimate, has turned out to be Rs. 1,058 less than the approximate demand adopted when the sanctioned estimate was prepared in October last, and (3) that owing to the unsatisfactory character of the current season, which has injuriously affected some of the early crops in parts of the district, the proportion of the demand realizable within the year has been reduced from 90 to 87 per cent.

5. *Tolls.*—The receipts from tolls at Debaguntla and Cumbum have been raised by Rs. 525 above the sanctioned estimate, in reference to the actual results of the two half-yearly toll contract sales held in March and September 1885. The Kurnool Municipal Councillors contribute to Local Funds one-fourth of the toll collections at the Kurnool toll-bars. The sanctioned estimate under this head has been raised by Rs. 100, with reference to figures based on the last two half-yearly sales furnished by the Municipal Chairman.

6. *School Fees.*—The Educational authorities estimate the current year's receipts from school fees at Rs. 2,626, but the average of the past six months does not justify the raising of the sanctioned estimate under this head beyond Rs. 2,500, especially considering that attendance in schools generally falls off during the latter half of the year on account of harvest operations.

7. *Market Rents.*—The receipts under Markets have also been altered with reference to the two half-yearly sales held in March and September 1885.

8. *Bungalow Fees.*—The receipts from bungalows have been reduced by Rs. 150, as, owing to the limited scale on which railway works are now carried on in the district, the number of European officers in the district, who largely patronized the Local Fund bungalows last year, has been reduced, the collections of fees in the first six months of the year having amounted only to Rs. 293, or much less than half the sanctioned estimate of Rs. 700.

9. *Fees and Fines.*—The sanctioned estimate under Fees and fines is Rs. 130, but the receipts during the first six months of the current year having amounted only to Rs. 26 and the receipts during the last six months of the past year being Rs. 39, the revised estimate has been put down at Rs. 65.

10. *Ferry Rents.*—The ferry rents have been raised by Rs. 9, with reference to the results of the ferry contract sale for the current year, and the avenue receipts by Rs. 130, the actuals of the first six months having already amounted to Rs. 143.

11. *Sundry and Miscellaneous Receipts.*—The miscellaneous receipts have been raised by Rs. 65, in view of small receipts under the following heads already collected:—

| | RS. | A. | P. |
|---|---|---|---|
| Rent of school buildings at Pyápali and Nandyál ... ... | * 32 | 0 | 0 |
| Refund of expenditure ... ... ... ... ... ... | * 42 | 2 | 11 |

| Total ... | 364 | 7 | 6 |

* Items 2 (*e*), 5 (*k*) (*i*), 6 (*e*) *e*) and (*f*) of statement IX.

12. *Sale of Buildings.*—Rupees 250 under Sale of buildings represent the value expected to be refunded to the District Board of two dead-houses constructed, in the first instance, at the cost of Local Funds, and ordered to be sold to Provincial and Village Service Funds under G.Os., Mis. No. 68 L.F., dated 24th April, and Mis. No. 746 A, dated 31st March 1885.

13. *Contribution from Provincial Funds for Education.*—A sum of Rs. 2,580 has been provided in the sanctioned estimate as expected contributions on account of Local Fund schools from Provincial funds. This item was intended to include (1) contributions amounting to Rs. 1,080 on account of the Middle and the Normal schools at Nandyál, and (2) results grants amounting to Rs. 1,500, payable from Provincial funds for pupils passing the fourth standard, which it was proposed to pass through the Local Fund accounts before disbursement to the teachers concerned. The Accountant-General, however, having directed in his circular, dated 25th June 1885, No. 8, that such grants should be paid direct from Provincial funds to the schoolmasters concerned without passing through the Local Fund accounts, and that if such is divisible between the District Board (as managers) and the schoolmaster, the portion payable to the District Board only should be credited to Local Funds, the item has now been reduced by Rs. 1,500.

14. *Surplus Pound Fund.*—The sanctioned estimate under this head has been reduced by Rs. 226 to secure accordance with the revised estimate of Special Funds submitted by the Collector to the Board of Revenue. The Collector having, in reference to Revenue Board's Proceedings, No. 2876, dated 14th October last, directed that the Surplus Pound receipts should not be credited to Local Funds but held in reserve for expenditure on improvements of existing pounds after the orders regarding the postponement of expenditure are withdrawn, no receipts under this head are expected during the second-half of the year.

15. *Expenditure.*—The revised estimate of expenditure under the different grants, as compared with the sanctioned estimate, is abstracted hereunder:—

| — | Revised estimate. | Budget estimate. | Difference. |
|---|---|---|---|
| | RS. | RS. | RS. |
| Grant I ... ... ... | 91,201 | 91,520 | — 319 |

| Total ... | 1,48,369 | 1,48,270 | + 99 |

16. *Grant I.*—The expected decrease in expenditure under Grant I is the net result of savings, amounting to Rs. 5,000, effected by the postponement till next year of the construction of the proposed road from Koilkuntla to Nossam (in view of the orders of Government restricting optional expenditure), and additional allotments from the reserves made during the current year for the following works:—

| | RS. |

| (1) Repair of famine road from Chagalmarri to Mutyalapad ... ... | 90 |

| (8) Do. Rangamahal at Nandyál ... ... ... ... ... | 80 |
| (9) Do. compound wall of Nandyál market ... ... ... | 300 |
| Total ... | 4,681 |

17. *Grant II.*—The expenditure under this grant has been increased by Rs. 198, being the net result of the following additions and reductions:—

| | Increase. | Decrease. |
|---|---|---|
| | RS. | RS. |
| (i) Due to removal of a stipendiary student of the Nandyál Normal school and to three stipends not being availed of. | ... | 192 |

| Total ... | 414 | 216 |
| | 216 | |
| Net ... | 198 | |

18. *Grant III.*—The budget provision under Diet of patients has been reduced from Rs. 1,210 to Rs. 800, as the actuals of the first six months have amounted to Rs. 342 and the actuals for the whole of the previous year amounted only to Rs. 684, the average of the three years being Rs. 733.

19. *Cholera Charges.*—Cholera having broken out in the district during the current year, a sum of Rs. 511 has up to date been spent by the District Board in checking the progress of the epidemic and procuring additional medicines; and as no provision is made in the sanctioned estimate for this extraordinary expenditure, and fresh charges on the same account are likely to be incurred during the remainder of the year, an item of Rs. 700 has been newly provided in the revised estimate for meeting the same.

21. The provision under Batta to mothers of vaccinated children has been reduced by Rs. 100, the actuals to date being Rs. 3-10-0, and the item of Rewards to vaccinators by Rs. 180, the actuals to date being Rs. 80 with no prospect of any fresh charges under the head. Animal vaccination is a new item (*vide* G.O., dated 28th August 1885, Mis. No. 668 L.F.).

22. *Lunatics.*—The expenditure on maintenance of lunatics is expected to amount to Rs. 250 only, calculated in reference to the average of last six months and the number of lunatics now confined in the Lunatic Asylum.

23. *Rewards for killing Dogs.*—No rewards for killing dogs were provided in the sanctioned budget. The omission has now been supplied by the entry of Rs. 16.

24. *Grant IV.*—The revised budget shows a net increase of Rs. 296 under this head:—

25. *Reserve.*—Out of a reserve of Rs. 15,620 (Road Fund Rs. 10,020, General Fund Rs. 5,600), Rs. 4,791 have already been appropriated as per statement IX-B, and a further sum of Rs. 4,902 is still held in reserve to meet the demand for unforeseen works during the current half-year and the remainder added to the closing balance.

26. The following abstract shows the receipts and expenditure, according to the revised estimate, distributed under the several grants:—

29. *Land-cess.*—The balance of arrears estimated to be outstanding at the beginning of the year is Rs. 18,661; the current demand for the year is estimated at the same figure as in 1885-86, viz., Rs. 1,34,122, so that the total demand for the year amounts to Rs. 1,52,783. The collections during the year are estimated at Rs. 1,37,500, or 90 per cent. of the total demand.

30. *Tolls.*—The figures under Tolls have been adopted, in the case of Cumbum and Debaguntla, from the revised estimate for the current year, while the expected contribution from Kurnool municipal tolls have been reduced by Rs. 430, in accordance with an estimate furnished by the Municipal Chairman.

31. *School Fees.*—The receipts under this head have been raised above the revised estimate by Rs. 550 for the following reasons:—

(1) Proposed opening of an upper fourth class in the Middle school at Nandyál early next year (*vide* paragraph 47 *infra*).

(2) Proposed opening of eleven new combined schools in the marginally-noted villages under trained teachers.

(3) Proposal to replace the untrained teachers in the combined schools at Jillella, Yallur, Alavakonda, and Dornala by trained teachers at Rs. 5 a-month with full grants, in which case the school fees will go to the credit of Local Funds instead of to the masters as at present.

32. *Sale of Books.*—The receipts under Sale of books are raised by Rs. 100 in view of the proposal to open ten new schools above referred [*vide* paragraph 31 (2)].

33. *Contribution from Provincial Funds for Schools.*—The amount (Rs. 1,170) entered under Contribution from Provincial funds on account of Local Fund schools represent the grants expected to be earned by the Normal and Middle schools, Nandyál.

34. *Contribution from Special Funds.*—The expected contribution from Surplus Pound Fund has been adopted at Rs. 2,950, in reference to the Special Fund budget estimate for 1886-87, submitted by the Collector to the Board of Revenue.

35. The remaining items being taken at the same figures as in the revised estimate for the current year, call for no remarks.

36. *Expenditure.*—The proposed expenditure under Grant I for the year is shown below:—

| | Proposed for 1886-87. | Budget for 1885-86. |
|---|---|---|
| | RS. | RS. |
| (*a*) New Works— | | |

| (*e*) Contingencies ... ... ... ... ... ... | 1,300 | 1,300 |
| Total ... | 97,780 | 91,520 |

37. *New Works.*—The sum of Rs. 27,900 provided under New Works—Communications is proposed to be expended as follows:—

| RS. | |
|---|---|
| 15,000 | on the completion of the road from Nandyál to Atmakúr now in progress; |
| 10,000 | on the reconstruction of the famine road from Koilkuntla to Nossam, for which Rs. 5,000 are provided in the current year's budget, which, however, as stated in paragraph 16 *supra*, it is not proposed to spend; and |
| 2,900 | on metalling portions of the road from Kurnool to Chittoor, which is as yet unmetalled in parts. |

38. A sum of Rs. 14,580 has been provided in the current year's budget for expenditure on the road from Nandyál to Atmakúr. The item was intended partly to meet the maintenance charges of the made portions of the road, and partly to complete the unfinished portions. The whole, however, was wrongly classified under Repairs in the current year's budget. The mistake, however, having since been discovered, the necessary corrections have been made in the budget for 1886-87.

39. The sum of Rs. 600 provided under New Works—Miscellaneous Public Improvements are intended to cover the cost of roofing in a portion of the Nandyál market, which at present is merely an open walled enclosure.

40. *Communications—Repairs.*—The decrease of Rs. 17,430 which appears under the grant for road repairs is nominal, and mainly due to the transfer of the provision for the Atmakúr-Nandyál road from repairs to new works, as explained in paragraph 38 *supra*. The following changes have been made in the existing maintenance grants:—

(1) *Road from Kurnool to Chittoor, 85 miles.*—This road was in previous years allowed a maintenance grant varying in different sections from Rs. 100 to Rs. 350. As no road in the district, however, has such a traffic as to require a true maintenance grant of Rs. 250, much less Rs. 350, and since as a fact a portion of this allowance has been usually spent on new work on unfinished portions of the road, the maintenance grant of the road has been reduced to a uniform rate of Rs. 150 per mile, and the saving of Rs. 2,900 effected thereby transferred to new works on the same road.

(2) *Road from Atmakúr to Koilkuntla, viâ Nandyál.*—Portions of this road, aggregating 26 miles, having been made and opened for traffic, a separate maintenance grant at the rate of Rs. 150 for 10 miles and Rs. 75 for 16 miles has been provided therefor, the amounts intended for expenditure on incompleted portions of the road being transferred to new works.

(3) *Road from Owk to Tadpatri.*—A sum of Rs. 2,200 is provided for the repairs of this famine road, being Rs. 1,200 for the portion 12 miles long between Ramapuram and Tadpatri frontier, and Rs. 1,000 for that between Owk and Ramapuram.

(4) The road from Nandyál to Nunepalli, 2 miles long, being incorporated with the one from Atmakúr to Koilkuntla, no special maintenance is provided for it now.

41. *Civil Buildings.*—The sum of Rs. 250 provided under Repairs—Civil Buildings is intended for the usual annual repairs of the four * travellers' bungalows and petty repairs required by the combined school-houses.†

42. *Establishment.*—Under Local Fund Public Works Department establishment a spare overseer on Rs. 25 per mensem, with a monthly travelling allowance of Rs. 15, has been provided to fill up short leave vacancies on the permanent staff. Considerable difficulty having been experienced in securing the services of competent men as draughtsmen in the Local Fund Engineer's office on the salary (Rs. 30) now allowed, the pay of the post is proposed to be raised to Rs. 40 as in other districts. The salary of the Engineer's attender, who does both muchi's and attender's work, is also raised to Rs. 7.

43. *Avenues.*—The item of Rs. 1,580 provided under Miscellaneous Public Improvements, Repairs, is as usual intended for the maintenance of avenues.

44. *Grant II.*—The expenditure proposed under Grant II is Rs. 22,150 against Rs. 20,218 of the revised estimate and Rs. 20,020 of the budget estimate. The details of the proposed expenditure are as hereunder :—

| | Amount. |
|---|---|
| | Rs. |
| 1. Inspection of Local Fund schools | 2,250 |
| 2. Normal school, Nandyál ... ... ... ... ... ... | 2,210 |

| 8. Miscellaneous ... ... ... ... ... ... ... | 20 |
| Total ... | 22,150 |

45. Item 1 provides for four inspecting schoolmasters on Rs. 30 with batta at Rs. 15 per mensem and contingencies of Rs. 90 as in previous years.

46. Item 2 provides for a head master on Rs. 40, an assistant on Rs. 20, a gymnastic teacher on Rs. 6, a peon on Rs. 5, twenty-five stipends on Rs. 4 each per mensem for the Normal school, Nandyál (these being the usual charges), besides a sum of Rs. 160 for gymnastic apparatus indented for but not yet supplied, and contingent charges.

47. On the recommendation of the Educational authorities it is proposed to raise the Middle school, Nandyál, to the standard of the 2nd grade from 1st April next. A lower fourth class was opened in the school in the current year, and the strength of the school has since increased and continued steady at sixty-one. Ten pupils are

expected to pass the lower fourth comparative examination in the current year, and the materials for forming an upper fourth class will thus be ready in April next. The raising of the standard of the school involves an additional annual expenditure as shown below of Rs. 384, and this has been provided for :—

| | Present pay. | Proposed pay. | | |
|---|---|---|---|---|
| | Rs. | Rs. | A. | P. |
| Head master ... ... ... ... ... | 30 | 40 | 0 | 0 |

| | 89 | 121 | 0 | 0 |
| | — | 89 | 0 | 0 |
| | | 32 | 0 | 0 × 12 = 384 |

As the Middle school will, from the close of the current year, be located in a Local Fund building called the Rangamahal, purchased by the District Board last year, the rent of Rs. 5 provided for the school in the current year has been omitted from the budget of 1886-87.

48. The increase which appears under fixed pay and results grants payable to combined schoolmasters is attributable to the proposal to open eleven new schools and replacing four untrained masters by trained men (*vide* paragraph 31 *supra*). The sum of Rs. 4,290 provided under results grants payable to pyal schools is less than the revised estimate for the current year, but as the new Grant-in-Aid Code with its stringent provisions will come into force from 1st April next, the Educational authorities consider that this provision will suffice, and their recommendation has accordingly been adopted.

49. *Grant III.*—The total expenditure proposed under Grant III is Rs. 36,040 against Rs. 31,980 budgeted for the current year and Rs. 32,019 of the revised estimate.

50. The following are the details under the different heads :—

51. *Hospitals and Dispensaries.*—In addition to the two major and five minor dispensaries now maintained in the district from Local Funds, the District Board have resolved to open two more minor dispensaries at Dhone and Kalwa from April next, provided Government are pleased to contribute one-fourth of the pay and charge allowance of the hospital assistants in charge, in consideration of the fact that at each station there is a Deputy Tahsildar's office and Police station, the officials of which will be provided with medical attendance. In a district of long distances and unhealthy climate like Kurnool, the number of existing dispensaries is too small, and I venture to hope that Government will enable the District Board to open the additional dispensaries proposed by granting them the contribution asked for. In anticipation of the Government sanctioning the contribution asked for, only three-fourths of the pay and charge allowance of the medical subordinates to be placed in charge of the proposed dispensaries has been provided for in the budget. The cost of each of the proposed dispensaries is estimated as hereunder :—

| Three-fourth pay and charge allowance of one 3rd-class Hospital Assistant per annum ... ... ... ... ... ... ... ... | RS. |
|---|---|
| Medicines ... ... ... ... ... ... ... ... ... | 360 |
| Hospital servant ... ... ... ... ... ... ... ... ... | 200 |

| Rent ... ... ... ... ... ... ... ... ... | 30 |
| Furniture ... ... ... ... ... ... ... ... ... | 24 |
| | 80 |
| Total ... | 742 |

52. As the Civil Apothecaries at Nandyál and Cumbum will complete two years service by the 30th June next, and become entitled to a charge allowance of Rs. 25 each from the following month, an increase of Rs. 340 has been provided for on this account.

53. A midwife is provided in the current year's budget for the Cumbum dispensary on Rs. 10 per mensem, but as a suitable midwife cannot be had on this pay, the post has remained vacant. The District Board have, therefore, resolved to raise the salary of the office to Rs. 15.

54. On the District Sanitary officer's recommendation the maximum pay of Rs. 25 allowed for his sanitary clerk has been provided in the budget.

55. The experience of the past year has taught us that some provision must be made to meet demands on account of pay and travelling allowance of substitutes

employed in lieu of medical subordinates on privilege leave and for unforeseen cholera charges. Further, the District Board have allowed the District Sanitary officer to take a spare hospital assistant with him in the course of his tours, and his travelling allowance also has to be provided for. To meet these charges an extra sum of Rs. 850 has been provided in the budget.

56. *Vaccination.*—No changes are made in the charges on account of vaccine establishments * beyond an additional provision of Rs. 96 to admit of the increased pay (Rs. 7) to the probationary vaccinators sanctioned in G.O., dated 12th August last, No. 593 L.F.

| Rewards to Vaccinators ... ... | 300 |
| Animal vaccination ... ... | 600 |
| Total ... | 1,340 |

57. The provision under batta to mothers of vaccinated children has been reduced by Rs. 100, as very little of the usual annual provision of Rs. 300 under this head is expended. In view of proposals to introduce animal vaccination in both the Deputy Inspectors' ranges in the district, the provision under this head has been doubled.

58. *Sanitation.*—The grant for village sanitation has been raised by Rs. 1,200. The District Sanitary officer and the divisional officers have, from time to time, recommended the entertainment of sweepers and scavengers in large rural villages, but the District Board have steadily set their face against the location of a conservancy staff, where there is no proper means of direct supervision by the tahsildar, deputy tahsildar, or taluk sheristadar, experience of past years having taught them that sweepers and toties put in sole charge of village Reddis and curnams do no good. A proposal to work with a staff of itinerating sweepers and sanitary inspectors was tried in 1881 and found to be unworkable from peculiar local difficulties experienced in securing a suitable staff of scavengers. It has, therefore, now been suggested to the District Board that divisional officers and tahsildars should, in the course of their tours, be authorized to incur expenditure on cleaning of villages and their bills for charges actually incurred passed. This suggestion has been adopted and a lump allotment, at the rate of Rs. 150 per taluk, provided therefor.

59. *Contributions.*—The contributions for the Medical College and sanitary inspection are calculated at half per cent. of the revised estimated receipts, and that for medical reserve staff at ·04 per cent. of the receipts in accordance with G.O., dated 14th September last, No. 728 L.F. Rs. 20 have been provided for cutlers' establishment as per current year's budget.

60. The increase in contribution payable on account of the Kurnool dispensary is due to expected increase in the charges of the dispensary as reported by the Municipal Chairman.

61. *Grant IV.*—The charges under this grant are estimated as follows :—

| | RS. |
|---|---|
| (1) Contribution for controlling establishment at the presidency ... | 1,180 |
| (2) Cost of establishment in the Collector's office ... ... ... | 1,010 |
| (3) Cost of establishment in the Local Board's office ... ... ... | 1,670 |
| (4) Contingencies, stationery, printing and postal charges, &c. ... | 1,100 |
| (5) Travelling allowance to non-official members ... ... ... | 300 |
| (6) Pensionary claims of Local Fund manager ... ... ... | 100 |
| Total ... | 5,360 |

62. The figures under Contribution for controlling establishments at the presidency have been based upon the figures intimated by the Accountant-General for the past year.

63. Under Local Board's office establishment the new accountant on Rs. 30 per mensem sanctioned in G.O., dated 8th instant, Mis. No. 1181 L.F. is provided for; also the third increment of pay at one rupee each due to the 2nd and 3rd clerks of the office.

64. The annexed abstract shows the details of receipts and expenditure as estimated for 1886-87 :—

---

*Resolution.*—With reference to the question whether the district board should claim one-half of the grants earned by combined schoolmasters for fourth standard pupils, resolved to let the full grant go to the teachers as it would be hard to take it from them after they have drawn it for several years.

2. Resolved to allot from the balance at credit of Nandyál market Rs. 300 for repair of the market during the current year.

3. Regular estimate as modified by aforesaid resolutions approved.
Read budget estimate for 1886-87 and explanatory office memorandum on the subject.

GRANT I.

2. Resolved that the maintenance grant of the Kurnool-Chittoor road be reduced to a uniform rate of Rs. 150 per mile and that the saving of Rs. 2,900 effected thereby be shown as a separate provision for new works on the same road as no road in this district has such a traffic as to require a *true* maintenance allowance of Rs. 250 and as a fact part of this allowance is spent in new works on unfinished portions of the road.

3. Resolved to grant maintenance for the "Atmakúr-Koilkuntla road *viâ*, Nandyál" at the rate of Rs. 150 per mile for eight miles north of Koilkuntla and two miles between Nandyál and Numpalli where the road is complete, and at the rate of Rs. 75 only for the remaining sixteen miles.

4. Resolved that Rs. 550 be allotted for repairs of "Rámallakót-Yemboyee famine road" and to record the opinion of the meeting that it would be advisable to devote such sums as may be available from year to year to complete the communication by this line between the main Kurnool-Gooty and Kurnool-Nandyál roads.

5. Resolved to allot from the balance at credit of Nandiyál market Rs. 600 for erecting shelter therein. The nature to be determined hereafter.

GRANT III.

Resolved to open new minor dispensaries at Dhone and Kalwa provided Government will grant one-fourth of the pay of the Hospital Assistants in charge in consideration of the fact that at each station there is a Deputy Tahsildar's office and Police station, the officials of which will be provided with medical attendance.

*Resolution.*—Resolved to raise the pay of the midwife at Cumbum from Rs. 10 to Rs. 15 in consideration of the fact that none can be had on the present salary, and to record the opinion of the Board that a Pariah will be useless.

2. Resolved that the District Surgeon's recommendation that the maximum pay of Rs. 25 allowed for his sanitary clerk be provided in the budget be adopted.

3. Resolved to make a fresh provision of Rs. 850 to meet (1) travelling allowance of the Hospital Assistant following the District Surgeon on his tours and treating the rural population, (2) pay and travelling allowance of substitutes employed in lieu of medical subordinates on leave, and (3) special cholera charges.

5. With reference to the proposals of the District Surgeon that four sweepers and three toties may be entertained at Maddikera, the Board is of opinion that to locate a conservancy staff in villages where there is no proper means of supervision would be useless. Resolved, however, to allot a sum of Rs. 1,200 at the rate of Rs. 150 per each taluk within which amount Tahsildars and Divisional officers may submit bills for actual expenses incurred in the cleaning of villages within their charge.

GRANT IV.

*Resolution.*—Resolved to provide for the third increment of pay due to the second and third Local Fund clerks in the District Board's office.

2. The budget is passed subject to the modifications above noted.

---

From Deputy Surgeon-General G. BIDIE, M.B., C.I.E., Sanitary Commissioner for Madras, to the Chief Secretary to Government, Financial Department, dated Madras, 8th January 1886, No. 68.

I have the honor to report, for the information of Government, that the District Board, Kurnool, propose to allot a sum of Rs. 12,210 for sanitary purposes inclusive of the contribution for sanitary inspection; excluding it the sanitary grant amounts to Rs. 11,470 or 25 per cent. of available income. This is an improvement over the grant for the current year, and the increase is due to a provision of Rs. 1,200 having been made for village sanitation. It having been found impracticable to work, without proper supervision, a permanent conservancy staff in outlying rural tracts, the District Board propose to authorise divisional officers and tahsildars to incur expenditure on the cleaning of villages while out on their tours, and it is to meet this expenditure that the additional provision of Rs. 1,200 has been made at the rate of Rs. 150 for each taluk. I consider this arrangement rather a spasmodic way of attending to the conservancy of a village, as the cleansing of a village or town to be of any benefit should be constant. If the revenue officials—tahsildars, deputy tahsildars and sheristadars—cannot exercise proper supervision over the conservancy staff, the village officers should be held responsible for the cleanliness of their villages when they are given a staff of sweepers for the purpose, and if they do not see that they do their work properly they should be punished.

The allotment will be distributed as follows which I approve of:—

| | RS. |
|---|---|
| Improvement of water-supply ... ... ... ... ... ... | 2,500 |
| Do. of village-sites ... ... ... ... ... ... ... | 2,000 |
| Conservancy ... ... ... ... ... ... ... ... | 4,580 |
| Fairs and festivals ... ... ... ... ... ... ... | 730 |
| Other sanitary outlay including the additional grant for village sanitation ... ... ... ... ... ... ... ... | 1,660 |
| Total ... | 11,470 |

The vaccination grant amounts to Rs. 6,250 and seems ample for the staff employed, which is adequate. I observe, however, that the provision of Rs. 300 for batta to mothers has been reduced by Rs. 100, as very little of the usual annual grant, Rs. 300, is expended; no sufficient efforts apparently can have been made to offer batta to mothers to induce them to permit lymph being taken from their children's arms, and this may be a reason why vaccination is so backward in the district.

---

From M. C. FURNELL, Esq., M.D., F.R.C.S., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, Financial Department, dated Fort St. George, 16th January 1886, No. 21.

I have the honor to state that the provision made in Grant III of the budget estimate of the District Board of the Kurnool district for the year 1886-87 for the maintenance of the dispensaries including the two institutions proposed to be opened at Dhone and Kalva is adequate.

| | RS. |
|---|---|
| Pay of third-class Hospital Assistant ... ... ... | 25 |
| Charge allowance ... ... | 15 |
| | 40×12=480 |
| Three-fourths of Rs. 480 = Rs. 360. | |

2. A sum of Rs. 360 (details as per margin) is provided for the three-fourths of the pay and charge allowance of the medical subordinates required for the new dispensaries referred to. Sanction of Government is necessary for the other one-fourth, viz., Rs. 120.

---

From D. DUNCAN, Esq., M.A., D.Sc., Acting Director of Public Instruction, to the Chief Secretary to Government, dated Madras, 6th February 1886, No. 810:—

I have the honor to submit the following remarks on the educational portion of the budget estimate of the District Board, Kurnool, for 1886-87.

2. The educational assets including one-sixth land-cess are estimated at Rs. 27,590 against Rs. 28,580 in the current year's budget. None of the items call for remark.

3. The charges proposed amount to Rs. 22,150, against Rs. 20,020, the sanctioned estimate for the current year, as detailed below:—

| | Estimate, 1885-86. RS. | Estimate, 1886-87. RS. |
|---|---|---|
| Inspection ... ... ... ... ... ... ... | 2,140 | 2,250 |
| Training schools ... ... ... ... ... ... | 2,210 | 2,210 |
| Local Fund schools .. ... ... ... ... ... | 10,700 | 12,900 |
| Results Grants ... ... ... ... ... ... | 4,500 | 4,290 |
| Miscellaneous ... ... ... ... ... ... | 470 | 500 |
| Total ... | 20,020 | 22,150 |

4. *Inspection.*—Rs. 2,250 are provided under this head against Rs. 2,140 in the current year's budget. The Board have calculated the batta of each inspecting schoolmaster at Rs. 15 per mensem, but it seems to me that on an average not more than Rs. 12 will be required, as these officers are entitled to daily allowance at annas 6 and to mileage at annas 2 in lieu of daily allowance only when their journey exceeds twenty miles a day. I beg to recommend that the provision of the current year be repeated.

5. *Training schools.*—For the Normal school at Nandyál, the Board have provided Rs. 2,210, the same as in the current year. The stipends of the Normal students are calculated at Rs. 4 per mensem, but this sum is inadequate to induce the masters of village schools in distant parts of the district to proceed to the Normal school. I beg to recommend that in the case of students from schools in remote taluks, the stipend be raised from Rs. 4 to Rs. 5. The saving of Rs. 110 suggested in the preceding paragraph may be utilized for this purpose.

6. *Local Fund schools.*—The increased allotment under this head is due to the Board having resolved (1) to raise the scale of establishment of the middle school at Nandyál to that of a second-grade middle school, (2) to open eleven combined system schools, and (3) to replace four untrained teachers of combined system schools by trained men with fixed stipends and full results grants. As the middle school at Nandyál bids fair to develop into a first-grade middle school, the salaries of the masters may be raised as proposed by the Board. From statement 4 it is observed that the strength of some of the elementary schools is much below twenty that there are two teachers for the school at Donnipaud which had an average attendance of only nine pupils and that for the school at Cumbum, with an average attendance of twenty-eight pupils, three teachers are proposed when two teachers are considered sufficient for the Kodumur, Atmakúr and Koilkuntla schools which have an average attendance of fifty, sixty-six, and fifty-five pupils, respectively. The teaching staff should be adjusted from time to time with reference to changes in attendance.

7. *Results Grants.*—Rs. 4,290 are provided for "Results grants" against Rs. 4,500 in the current year's budget. The provision seems sufficient with reference to the actuals of 1884-85.

8. *Miscellaneous.*—The commission on sale of books is calculated at Rs. 50, but the correct amount is Rs. 60.

---

ORDER—dated 10th May 1886, No. 516 L.F., Financial.

The following abstract shows the estimated Local Fund receipts and charges of the Kurnool district for the year 1886-87 as passed by Government :—

2. *Revised estimate for* 1885-86.—Excluding debt heads, the opening balance for 1885-86, as advised by the Accountant-General, was Rs. 39,656, exceeding that anticipated in the budget by Rs. 21,936, the increase being due chiefly to short expenditure on Public Works in 1884-85. Excluding the balance, the receipts are estimated at Rs. 1,49,098 against Rs. 1,57,360 in the budget, and the expenditure at Rs. 1,48,360 against Rs. 1,48,270. The decrease in the receipts, which appears mainly under land-cess, is due to a falling off in the anticipated amount of the arrear demand caused by prompt collections during the previous year and to the unsatisfactory character of the season in 1885-86. The contributions for the Medical College and sanitary inspection, calculated at ·5 per cent. on the actual receipts of 1884-85, should be Rs. 760 and not Rs. 730 each. A sum of Rs. 4,902 has been provided under the head "Reserve" to meet unforeseen demands after submission of the budget. But the amount actually shown under this head is Rs. 9,693, in which the President has evidently included the allotments, amounting to Rs. 4,791, made from the reserve up to the date of the submission of the budget. This is erroneous. As, moreover, the further amount actually sanctioned by Government from this source up to the end of the year was only Rs. 1,426, the unallotted portion (Rs. 3,476) will be added to the closing balance, which will thus be raised to Rs. 38,899.

3. *Budget estimate for* 1886-87.—The closing balance of Rs. 38,900 in round numbers in the revised estimate for 1885-86 will be adopted as the opening balance for 1886-87. Excluding this balance the receipts are estimated at Rs. 1,53,670 against Rs. 1,57,360 in the budget for 1885-86, the decrease which appears mainly under land-cess being due to a smaller arrear demand at the beginning of the year. The total expenditure is estimated at Rs. 1,76,340 against Rs. 1,63,890 in the budget for 1885-86, the increase being fairly distributed under all the grants. The provision for new roads is Rs. 27,900 for the three works noted in the margin against Rs. 5,000 in last year's budget. No expenditure should be incurred on the last two works until estimates have been duly sanctioned. The allotment for the

| | RS. |

| Reconstruction of the road from Koilkuntla to Nossam | 10,000 |
| Completion of the road from Nandyál to Atmakúr | 15,000 |
| Metalling portions of the road from Kurnool to Chittoor | 2,900 |

repair of communications is Rs. 51,020 against Rs. 68,450 in 1885-86; the decrease is nominal, being due mainly to the transfer to new works of the Atmakúr-Nandyál road which was wrongly shown under repairs last year. The District Board's proposals to entertain an overseer on Rs. 25 a-month, and to increase the pay of the draughtsman and the attender attached to the Engineer's office by Rs. 10 and 1, respectively, are sanctioned.

4. The provision for education is Rs. 22,150 against Rs. 20,020 in 1885-86. The increase which appears mainly under Local Fund schools is due to (1) the raising of the Nandyál middle school to the second grade, with the necessary increase of establishment, (2) the opening of eleven schools on the combined system, and (3) the substitution of trained for untrained masters in four of the old combined-system schools, the former being paid fixed stipends and full result grants. These proposals being supported by the Director of Public Instruction are sanctioned. But the attention of the District Board will be drawn to the remarks of the Director in the latter portion of paragraph 6 of his letter read above, and, as suggested by him, the provision for inspection will be reduced by Rs. 110 and that for Normal schools raised by the same amount. As recommended by the Surgeon-General, the opening of the minor dispensaries at Dhone and Kalva and the contribution from Provincial funds of one-fourth of the pay and allowances of the medical subordinates in charge thereof are sanctioned. The increase of the salaries of the midwife in the Cumbum dispensary and of the clerk attached to the District Medical and Sanitary officer, by Rs. 5 each, is also sanctioned. The provision of Rs. 350 intended to meet the pay and travelling allowances of substitutes employed in lieu of medical subordinates on privilege leave will be struck out, as such charges are met from Provincial funds, to which a special contribution is made on this account from Local funds. The increased allotment for sanitation is noted; but the Government agree with the Sanitary Commissioner in considering that the manner in which it is proposed to utilize this additional provision cannot be expected materially to improve the sanitation of villages.

5. The budget, as modified by Government, closes with a balance of Rs. 15,380, or 10 per cent. of the receipts.
