NOTE OF REMARKS.

1. The accompanying estimate provides for reconstructing a causeway across the Purnia in the South West district at a cost of Rs. 9900.
2. Sufficient information has not been furnished to permit an opinion being formed of the engineering merits of the proposed work.
3. The President of the District Board in his letter No. 8 of the 18th February 1886 writes:—
"Under the rules at present in force, this estimate being one for repairs amounting to less than Rs. 10,000 need not be submitted for the sanction of Government. But as in this case it is proposed to utilize the foundations of the old causeway, for what will be really a somewhat

"different structure, I have thought
it necessary to submit the matter
to the orders of Government.
The former work of which but
little now remains, lay through
the bed of the river. It is proposed
to raise this work so as to allow
summer waters to pass through
vents provided beneath the
roadway. In floods the work
will be covered."

The rates appear fair, and
have been accepted by S.E.V. -
The estimate has been counter-
signed for the Resident by
the District Board.
