GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following paper:—

Proceedings of the Board of Revenue, dated 10th February 1886, Mis. No. 1117.

Read—the following letter from J. THOMSON, Esq., Acting Collector of Godávari district, to the Acting Secretary to the Board of Revenue, dated Cocanada, 22nd December 1885, No. 607:—

In reference to Board's proceedings, Mis. No. 2625, dated 18th March last, I have the honor to submit abstract estimates, drawn up by the Public Works Department, for a third-class taluk cutcherry at Coringa and for repairs to the existing building.

2. The new building is estimated to cost Rs. 8,500, which excludes Rs. 1,500, the probable value of the materials of the old building, and the repairs, Rs. 7,300.

Resolution—dated 10th February 1886, Mis. No. 1117.

Submitted for the orders of Government, with a copy of Board's proceedings, dated 18th March 1885, Mis. No. 2625.

2. The repairs to the old building are estimated at Rs. 7,300, which is Rs. 800 in excess of the original outlay in 1867 (Rs. 5,000 value of the building and Rs. 1,500 cost of repairs, *vide* G.O., dated 26th November 1867, No. 3671, Public Works Department). The cost of constructing a new building *exclusive* of the probable value of the materials of the old building is estimated at Rs. 8,500, or only Rs. 1,200 in excess of the cost of repairing the old one. The Board are of opinion that it would be cheaper to construct a new building than to repair the old one.

(A true Copy and Extract.)

MARCH.

New Office at Coringa for the Sea-Customs Superintendent and Sub-Magistrate

Estimate for the construction of a — ordered to stand over until funds become available.

Proceedings of the Madras Government, Public Works Department, 26th November 1867.

No. 578. Read the following papers:—

Proceedings of the Board of Revenue, dated 2nd November 1867, No. 7,151.

Read the following letter from the Collector of the Godavery District, to the Secretary to the Board of Revenue, dated Cocanada, 13th September 1867, No. 259.

1. I have the honor to state that the Superintending Engineer, 1st Division, informs me that there is a house at Coringa, belonging to Captain Gibson, well built and of good materials, and recommends that it be purchased by Government for Rupees 5,000, in substitution of the Coringa Sub-Magistrate's Cutcherry sanctioned to be constructed—*vide* Government Order No. 1,779 of 1864—as the building would afford capital accommodation for all the public offices at Coringa, also for the Police, &c.

2. I beg to forward copy of Captain Beckley's letter and that of Mr. Sage, together with the plan of Captain Gibson's house, and an estimate for Rupees 1,500, for making certain alterations for converting it into Sub-Magistrate's Cutcherry and Lock-up, and request orders on the subject. It will be seen that by the purchase of this house, instead of building a new Cutcherry, there will actually be a saving to Government.

ENCLOSURE No. 1.

From the Acting Superintending Engineer, 1st Division, to the Collector of the Godavery District, dated Camp at Dowlaishweram, 7th September 1867, No. 153.

1. I have the honor to forward to you a plan of Captain Gibson's house at Coringa. I have inspected the building, and find that it is well built, (walls brick in chunam, and woodwork teak,) such a house could not be built for 25,000 Rupees, and I consider it very advisable that Government should purchase it for Rupees 5,000.

2. The building would afford capital accommodation for all the public offices of Coringa, also for the Police, and there would still be one large upstair room available for the accommodation of any Government Officer passing through Coringa.

3. As shown in accompanying Memorandum from Mr. Sage, the purchase of this house would be a measure of economy on the part of Government.

From the Officer in charge No. 1, or Eastern Delta Range, Godavery District, to the Superintending Engineer, 1st Division, dated Camp at Dowlaishweram, 31st August 1867, No. 548.

1. With reference to note at foot of my No. 528, dated 27th August 1867, I have the honor to forward plan of Captain Gibson's house at Coringa, and an estimate for repairing and converting it.

2. The estimate amounts to Rupees 1,500
To this add price of building 5,000

Gives Rupees ... 6,500

Against this put cost of sanctioned Cutcherry	...	3,570
Cost of site not included in estimate	... ...	800
		4,370
Leaves to be adjusted Rupees		2,130
Now the Police at Coringa pay Rupees 20 monthly for the Station-House, or Rupees 240 per annum: this is equal to ten per cent., on ...		2,400

3. Under these circumstances, I propose that Captain Gibson's house be purchased, (it cost Rupees 20,000 to build,) as at present moment it is cheap at Rupees 12,000.

ENCLOSURE No. 2.—Plan.

ENCLOSURE No. 3.—Estimate.

Proceedings of the Madras Government, Public Works Department, 26th November 1867.

1. Ordered to be submitted for the orders of Government.

2. The Board strongly recommend the Collector's proposal for adoption, which appears to them advantageous in every respect.

3. On receiving the sanction of Government for the purchase, the Board will consult the Jail Committee as to the disposal of the accommodation.

Transferred to the Judicial Department.

CIVIL WORKS. No. 75.

1. Under the opinion expressed by the Collector of the Godavery District and the Acting Superintending Engineer of the 1st Division, His Excellency the Governor in Council resolves to sanction the purchase of the house at Coringa belonging to Captain Gibson for a sum of Rupees 5,000, and authorizes the appropriation of the building to the purposes of a Sub-Magistrate's Cutcherry and Police Station-house.

2. The expense of carrying out necessary improvements and alterations to the building, to fit it for the purposes abovementioned, is estimated at Rupees 1,500, which, added to the purchase money of Rupees 5,000, raises the cost to Rupees 6,500.

3. The Government approve of the estimate of Rupees 1,500, and resolve to direct that the aggregate outlay be adjusted by transfer from the following Budget appropriations, subject to the approval of the Government of India:—

From		*To*	
COIMBATORE DISTRICT.		GODAVERY DISTRICT.

Proceedings of the Board of Revenue.

Dated 18th March 1885.

No. 2625 Mis.

Read the following letter from the Collector of Godavari

the acting Secretary to the Board of Revenue, date

16th February 1885, No. 73.

The roof of the building of the Sea Customs Sup

-intendants at Cornga is reported to be in an unsa

condition.

2. The building was originally purchased for the

-puty Tahsildar's office with reference to Governm

order No. 3671, dated 26th November 1867 P. W.

and when the Deputy Tahsildar's office was tran

-ferred to Cocanada, the Sea Customs Superinten

office was removed into it. It is however not quite

United

suited for Sea Customs purposes. It is nearly half a mile from the Landing Place and the Superintendent can see no ships from the building. It is also more expensive than its requirements and requires costly repairs.

3. This building is now in want of repairs. the roof is said to be in a dangerous condition and the P.W.D. say they are unable to repair it at anything like Rs 200 and they therefore propose to construct a 3rd class Dabog cutcherry according to the standard design and to dismantle the existing old building and to make use of such of its timber as may be suitable.

4. The Sea Customs Superintendent is also Sub Magistrate of Coringa Division.

5. During the construction of the building the Superintendent's office will be removed to a private bungalow which will be taken for a monthly rent of Rs 15. I request the sanction of the Board.

6 The estimate for the building will be sent in hereafter.

No. 7,151.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 2nd November 1867.

Read the following letter from J. FRASER, Esq., Collector of the Godavery District, to the Secretary to the Board of Revenue, dated Coconada, 13th September 1867, No. 259:—

1. I have the honour to state that the Superintending Engineer, First Division, informs me that there is a house at Coringa, belonging to Captain Gibson, well built and of good materials, and recommends that it be purchased by Government for Rupees 5,000, in substitution of the Coringa Sub-Magistrate's Cutcherry sanctioned to be constructed—vide Government Order, No. 1,779, of 1861—as the building would afford capital accommodation for all the public offices at Coringa, also for the Police, &c.

2. I beg to forward copy of Captain Beckley's letter and that of Mr. Sage, together with the plan of Captain Gibson's house, and an estimate for Rupees 1,500, for making certain alterations for converting it into Sub-Magistrates' Cutcherry and Lock-up, and request orders on the subject. It will be seen that by the purchase of this house, instead of building a new Cutcherry, there will actually be a saving to Government.

ENCLOSURE No. 1.

From Captain T. BECKLEY, R. E., Acting Superintending Engineer, First Division, to the Collector of the Godavery District, dated Camp at Dowlasweram, 7th September 1867, No. 153.

1. I have the honour to forward to you a plan of Captain Gibson's house at Coringa. I have inspected the building, and find that it is well built, (walls brick in chunam, and woodwork teak,) such a house could not be built for 25,000 Rupees, and I consider it very advisable that Government should purchase it for Rupees 5,000.

2. The building would afford capital accommodation for all the public offices of Coringa, also for the Police, and there would still be one large upstair room available for the accommodation of any Government Officer passing through Coringa.

3. As shown in accompanying Memorandum from Mr. Sage, the purchase of this house would be a measure of economy on the part of Government.

From the Officer in charge No. 1, or E. D. Range, Godavery District, to the Superintending Engineer, First Division, dated Camp at Dowlasweram, 31st August 1867, No. 548.

1. With reference to note at foot of my No. 523, dated 27th August 1867, I have the honour to forward plan of Captain Gibson's house at Coringa, and an estimate for repairing and converting it.

2. The estimate amounts to Rupees		1,500
To this add price of building		5,000
Gives Rupees ...		6,500
Against this put cost of sanctioned Cutcherry	3,570	
Cost of site not included in estimate	800	
		4,370
Leaves to be adjusted Rupees		2,130
Now the Police at Coringa pay Rupees 20 monthly for the Station-House, or Rupees 240 per annum: this is equal to ten per cent. on		2,400

3. Under these circumstances, I propose that Captain Gibson's house be purchased, (it cost Rupees 20,000 to build,) as at present moment it is cheap at Rupees 12,000.

Inst: No. 1117.

SUBJECT.

Submg: for orders of Govt. with remarks, letter from the Collr of Godavari forwarding Estimate for constructing a 3rd Class Taluk Cutcherry at Cocanada and for repairing the old one.

Approved

Public Works Department, 1885-86.

Current No. 42.
Letter No. 25
Dated the
From the

NOTE OF REMARKS.

The Estimate received with this Letter is for the construction of a new Taluk Cutcherry at Cocanada, and for repairing the present Cutcherry, Godown, Record Office and Police Lock-up. The cost of the proposed new building is Rs. 10,000 and of repairs to the old buildings Rs. 1,500, but these are reduced by the amount of the materials in hand — Rs. 3,510.

2. Plan not submitted.

3. The Estimate records in the Revenue Office with that mentioned in G.O. Rs. 770 of the 7th March 77, and in the case of the out buildings (public latrine and cook house) with that mentioned in G.O. Rs. 1014 of the 20th April 74. — Sketches
