From Captain C. B. Henderson R.E.

To
G. D. Wyllie Esquire.
Superintending Engineer, 2nd Circle.

Sir,

I have the honor to forward a copy of
a notice of a suit to be brought against the
Secretary of State for India and to request that
the sanction of Government may be obtained
for the defence of the suit.

2. You will observe that the notice has
been served on the collector who has nothing to
do with the work. I have asked the collector
to arrange to substitute the name of the Executive
Engineer, Nellore Division.

3. In my No. 904 A dated 18th September
1886 I reported on the claims of N. Veerasaamy
the Plaintiff, the case is briefly as follows.
he was employed on the Nellore Tank Supply
channel under Mr. Pears who ordered Overseer
Sabalapathi Mudellias to make rough measurements
and made sundry payments in part on these
rough measurements. after Mr. Pears left
I measured up the work finally & found
that the sum of Rs 46-8-9 was due to the
Plaintiff instead of a large sum which
appeared as due according to the Overseer's

rough measurements. When I took the measurements Mr. Salisbury, Supervisor was with me and he wrote them down also, there were also present Overseer Sabapathy Mudaly and the Plaintiff who did not object in my hearing to any of my measurements.

4 The Plaintiff has refused to receive the sum of Rs 46-8-9 and this sum should I think be paid into Court.

5 After I measured the work water was let into the channel so the work cannot be measured again.
