of such buildings the sanction of Govt is required, accord-
-ing to para 1033 of the P.W. Code: At the same time
forwarded the Sub Collector's letter to the SDO Jauhar
for report. The Sub D^r Officer reports in his No. ⁴⁸⁸_{18/2/87}
that the roof of the Building consists of "palmyrah rafters
Ceylon reapers & palm tiles, had open gable ends & that the
roof or ridge was supported at either end by wooden posts
7x6 scantling resting on the top of the end or gable walls
which were 7 feet in height. These walls which were built
of brick in mud being exposed to the rains became in
time saturated or yielded to the pressure caused by the
weight of the roof bearing on so small a surface of the
wall as that occupied by the wooden prop or post and
caused the roof to collapse inwards. Fully or half of the
materials in the roof have been damaged by its fall
and as the debris would have to be all removed before
the building can be reconstructed. I am opinion that the
course adopted by the Sub Collector viz the sale of the old
materials as they are is the best."

2 Under these circumstances I have the honor to
request you will be good enough to obtain the sanc-
-tion of Govt for the sale referred to.

3 The latrine is I think built according to the
standard plan for such buildings attached to Sub Jail.

I have &

Permt Singh

615 T.M

Submitted to the
Chief Engineer P.W.D.
for sanction under
para 1033 of the
P.W. Code.

2. The collector is
of opinion that there
is no need of a
new latrine at
Velathikulam.

ENCLOSURES

Reference.

Sir,

I have the honor to
inform you that the Sub
Collector in his No. 425
21-12-86
states that he has ordered
the sale of the materials
attached to the latrine of the
Deputy Tahsildar's Office
at Velathikulam for Rs. 32-12-
and requests me to inform
him whether I have any
objection to his confirming
the sale. I replied in my
No. 2444
11/1/87 that for the sale
