GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following papers:—

From the President, District Board, Nellore, to the Chief Secretary to Government, dated Nellore, 15th December 1886, No. 1793.

I have the honor to submit the regular budget of 1886-87 and the proposed budget of 1887-88.

The receipts according to the regular budget of 1886-87 are expected to be as follows:—

Items.	Budget Estimate.	Regular Estimate.
Opening balance	4,340	29,555
(1) Rates and Taxes—		
(*a*) Cess on land	2,10,000	2,44,244
Tolls under Act V of 1884	12,000	11,000
Contribution from Municipalities	3,300	2,000
(2) Education—		
(*a*) School-fees	3,130	3,000
(*c*) Sale-proceeds of books	350	400
(*e*) Miscellaneous	..	40
(3) Medical—		
(*e*) Miscellaneous	..	3
(4) Interests—		
(*b*) Arrears of land-cess	10	10
(5) Miscellaneous—		
(*b*) Choultry rents	70	70
(*d*) Bungalow fees	750	750
(*e*) Fees and fines (Police Act)	100	130
Savings and refunds	..	20
(*h*) Fishery rents	1,600	3,000
(*i*) Rents and produce of land	..	90
Choultry inam	30	30
Miscellaneous	..	2
(6) Public Works—		
(*c*) Sale of old material	..	40
(*e*) Refunds of expenditure	500	720
(*f*) Miscellaneous	500	1,200
(7) Contribution from Provincial funds—		
(*a*) Education	3,970	1,080
(8) Contribution from Special funds—		
(*a*) Pound fund	4,000	4,300
Total	2,44,650	3,01,684

2. The balance is as settled by the Accountant-General. The great increase is chiefly due to large sums being due for work done, but not paid for in 1885-86. Every effort is now being made to have all bills submitted earlier in the year, and it is to be hoped that in the future few payments will have to be made in April for the previous year's work.

3. The regular estimate of land-cess collections is Rs. 34,244 more than the budget estimate. This increase is due partly to greater energy in collection and partly to increased rates under the Sangam project.

4. The decrease in tolls is due to the fact that toll-gates were actually sold for Rs. 11,000 against Rs. 12,000 estimated for. There is great uncertainty as to whether the contractors are gainers or losers. If the prospects of the board increase, it may be possible to abolish the tolls next year.

5. The decrease in contribution from municipalities is on account of the Nellore Municipality having expressed their inability to pay more than Rs. 1,000 this year.

6. The fishery rents have already fetched nearly the whole amount budgeted for, and a further sum of Rs. 1,400 is expected before the close of the year, if proper arrangements for timely sale are made. It is proposed to sell them on the bunds in December and January when the tanks are full.

7. The decrease in the contribution from Provincial funds on account of education is due to the fact that several grants have been postponed by the Director of Public Instruction on account of "financial restriction."

8. The actuals of pound receipts are adopted from the regular estimate of the Special fund budget prepared in the Revenue Department for the year.

9. The expenditure according to the regular estimate will be as follows:—

Items.	Budget estimate including subsequent allotment.	Regular estimate.
	RS	RS.
Grant I	1,48,206	1,48,206
„ II	34,743	32,500
„ III	37,508	36,401
„ IV	8,237	7,340
Reserve	..	1,237
Balance	..	4,000
Total ..	2,28,694	2,29,684

10. The particulars of Grant I call for no remarks. The whole of the remaining allotment the Local Fund Engineer will be able to expend within the year.

11. The expenditure under Grant II will be less than the budget allotment by Rs. 2,243. This is because there is a saving of Rs. 380 in the salaries of schoolmasters effected by temporary vacancies and absences on leave, and Rs. 722 in the stipends of students effected in consequence of the inability on the part of the Deputy Inspectors of Schools to fill up all the vacant studentships, and a further saving of Rs. 1,125 under Result grant according to the report of the Deputy Inspectors of Schools.

12. The expenditure under Grant III will be Rs. 1,100 less than the budget allotment. A saving of Rs. 310 was effected in the salaries of midwives in consequence of the actual number proposed in the budget not having been employed on account of the difficulty in securing sufficiently intelligent persons.

The actuals show that Rs. 560 will be enough for contingencies and Rs. 1,300 for other sanitary outlay.

13. The expenditure under Grant IV is less than the budget allotment by Rs. 900, the reason being that a sum of Rs. 360 was saved by the discontinuance of the personal allowance of the late auditor, and that a sum of Rs. 100 is considered sufficient for the current year to meet the pension charges.

A sum of Rs. 1,237 under "Reserve" and Rs. 4,000 under "Balance" is retained for all unforeseen contingencies for the current year.

14. Deducting the expenditure, viz., Rs. 2,29,684, from the receipts, viz., Rs. 3,01,684, there remains Rs. 72,000, which may be taken for the opening balance of 1887-88.

BUDGET ESTIMATE FOR 1887-88.

15. The estimate of receipts for 1887-88 is as follows:—

Particulars.	Amount.
	RS.
Balance	72,000
(1) Rates and Taxes—	
(*a*) Cess on land	2,19,000
(*b*) Tolls { Under Act V of 1884	8,000
(*b*) Tolls { Contribution from Municipalities	3,000
(2) Education—	
(*a*) School-fees	3,550
(*b*) Sale of books	200
(4) Interest—	
(*h*) Arrears of land-cess	10
(5) Miscellaneous—	
(*b*) Choultry rents	70
Do. inams	30
(*d*) Bungalow fees	700
(*e*) Fees and fines	100
(*h*) Fishery rents	2,500
(6) Public Works—	
(*e*) Refund of expenditure	500
(*f*) Miscellaneous	500
(7) Contribution from Provincial—	
(*a*) Education	4,360
(8) Contribution from Special funds—	
(*a*) Pound fund	3,700
Total ..	3,18,220

16. The balance is the surplus left in the regular estimate of 1886-87.

17. The receipts from land-cess are estimated at Rs. 9,000 over the budget estimate for the year. This allows for the expected increase under the Sangam project. The demand for 1887-88 will probably be—

	RS.
Arrears	7,456
Current	2,28,056
Total ..	2,35,512

Of this, it is anticipated that Rs. 2,19,000 will be collected. I am in hopes that a larger sum will be realized, but I give the figures as estimated by the Treasury Department.

18. It is very doubtful what the tolls will produce for the next year. There are contradictory rumours afloat as to how the contractors have fared. The board, to be safe, would not go beyond Rs. 8,000.

19. The contribution of Rs. 3,000 is estimated on the understanding that the Nellore Municipal Commission will be able to pay this amount next year.

20. The estimate for school-fees is Rs. 420 more than last year, and this amount, it is reported by the Deputy Inspectors of Schools, will be realized.

21. By fishery rent the board expect to get Rs. 900 more than what was estimated last year. To attain this it is intended to lease the fisheries when the fishermen most do congregate.

22. The receipts under "Contribution from Provincial funds for education" are estimated with reference to the information furnished by the Inspector of Schools and his deputies, and it is an increase over last year's estimate of Rs. 390. The board hope that the "financial restriction" will be removed by that time.

23. The estimate of expenditure in Grant I is as follows:—

Particulars.	Amount.
	RS.
(*a*) New Works—	
(1) Communications	7,300
(2) Civil Buildings	15,250
(3) Miscellaneous Public Improvements	4,200

		RS.
(*b*) Repairs—		
	(1) Communications	1,20,215
	(2) Civil Buildings	1,270
	(3) Miscellaneous Public Improvements	350
(*c*) Establishment—		
	(1) Public Works Department Supervision	1,500
	(2) Local Fund Engineer's Office Establishment	28,120
(*d*) Tools and Plant		1,000
(*e*) Contingencies		2,000
(*f*) Contribution to Municipalities		1,180
	Total	1,82,385

24. Details as to the expenditure on new works are given in statement III-A.

It may be observed that for new works (communications) only Rs. 7,300 is provided against Rs. 17,900 last year; as a matter of fact, the grant for the two years is nearly identical. But the remaking of old roads was treated in last year's budget as new works, while now they are treated as repairs in virtue of G.O., No. 3123 W., Public Works, dated 19th December 1884.

In making these allotments the board kept in view the necessity of completing, as far as possible and as far as funds were available, roads that were near completion, so that communication could be opened up.

25. The item for civil buildings was carefully considered. The urgency and the advanced state of certain incompleted buildings chiefly guided the board in allocing money.

The following buildings are proposed to be finished:—

(1) Kandukúr dispensary.
(2) Udayagiri school-house.
(3) Kanigiri do.
(4) Kandukúr do.
(5) Choultry at Kottapatam.
(6) ,, at Kanigiri.
(7) ,, at Ramapatam.
(8) ,, at Dugarazpatnam.

The two latter are being built for the Buckingham Memorial Committee, who have paid their cost to the board.

26. The miscellaneous improvements are chiefly for avenues and the Udayagiri water-supply.

27. Details are given as to the expenditure on repairs in statement III-B. The board, as now funds are available, have tried to bring the grants up to their old level, judging by the importance of the roads and the cost of maintaining owing to distance from metal and gravel.

28. The items under "Civil Buildings" represent the outlay necessary to keep the hospitals, school-houses, &c., in proper repair.

29. The amount provided for Public Works Department supervision is the same as that provided in this year's budget.

30. The allotment for the Local Fund Engineering establishment is Rs. 180 less than what was provided in this year's budget. This decrease is due to the fact that the actuals of the previous year.

31. The sum provided for tools and plant is ·67 per cent. on the expenditure on works, and is less than the last budget allotment by Rs. 270.

32. The amount provided for contingencies is the same as in the last budget.

33. The last item provides the remaining portion of the amount promised for the Ongole dispensary by the district board, viz., Rs. 2,480, a sum of Rs. 1,300 having been provided in the last budget.

34. The expenditure under Grant II is as follows:—

Particulars.		Amount. RS.
(*a*) Inspection		3,020
(*b*) Normal Schools—		
	(1) Salaries of masters	2,140
	(2) Stipends of students	2,420
	(3) Clerks and servants	130
	(4) Miscellaneous	640
(*c*) Secondary Schools—		
	(1) Salaries of masters	4,900
	(2) Clerks and servants	132
	(3) Miscellaneous	253
(*d*) Elementary Schools—		
	(1) Salaries of masters. Fixed	9,190
	School-fees	390
	Result grant	1,070
	(2) Servants	260
	(3) Miscellaneous	1,240
(*e*) Grant-in-Aid—		
	Result grants	8,100
(*f*) Contributions—		
	Municipalities	1,100
(*g*) Miscellaneous—		
	(1) Purchase of books	1,000
	(2) Commission on sale of books	200
	Total	36,185

35. There are at present two inspecting schoolmasters in the Ongole range—one in the Kávali range, and one in the Nellore range. Only one inspecting schoolmaster was proposed in the current budget for Ongole range, but the second man has been entertained by the board since the submission of the current budget, and the additional expenditure therefor met by a reduction of allotment under "Stipends" from Rs. 2,880 to Rs. 2,424, and under "Miscellaneous" from Rs. 680 to Rs. 616. For further details, *vide* copy of the late President's Proceedings, No. 12, dated 31st March 1886 (herewith submitted). Experience has shown that one inspecting schoolmaster in each of the Kávali and Nellore ranges is sadly insufficient, and the board have consequently allowed one additional inspecting schoolmaster to Kávali on a salary of Rs. 25, and one to Nellore on Rs. 24, with the usual travelling allowance and contingencies. One of the inspecting schoolmasters of the Ongole range has been strongly recommended by the Inspector of Schools and his Deputy for an increase of pay from Rs. 30 to Rs. 35, and the board sanctioned it accordingly. Thus the allotment under "Inspection" has increased by Rs. 880.

36. There is no change in the allotment under "Salaries of masters of Normal schools," except that in the salaries of masters individually there is this change: the Head Master of the Nellore normal school was allowed an increase of Rs. 5, which was saved by the discontinuance of a personal allowance to the second master, Venkataseshiah, who left the department.

37. The five secondary schools remain as at present. But the increase of Rs. 270 in the salaries of masters and Rs. 72 in the salaries of servants has arisen by increasing the salaries of the masters in the Kávali school, as noted below, in consequence of its having been raised to the standard of the first-grade middle school and by sanctioning the entertainment of a servant on Rs. 4 per mensem in each of the middle schools at Kávali and Kandukúr instead of a sweeper on Re. 1, provided in the last budget:—

	RS.		RS.
Head Master	30	to	40
Second do.	20	to	25
Third do.	10	to	15
Fourth do.	10	to	12
Fifth do.	8	to	8
Per mensem	78	or	100
Per annum	936	or	1,200

Increase of Rs. 264: in round numbers Rs. 270

		Rs.
(*b*) Repairs—		
	(1) Communications	1,20,215
	(2) Civil Buildings	1,270
	(3) Miscellaneous Public Improvements	350
(*c*) Establishment—		
	(1) Public Works Department Supervision	1,500
	(2) Local Fund Engineer's Office Establishment	28,120
(*d*) Tools and Plant		1,000
(*e*) Contingencies		2,000
(*f*) Contribution to Municipalities		1,180
	Total	1,82,385

24. Details as to the expenditure on new works are given in statement III-A.

It may be observed that for new works (communications) only Rs. 7,300 is provided against Rs. 17,900 last year; as a matter of fact, the grant for the two years is nearly identical. But the remaking of old roads was treated in last year's budget as new works, while now they are treated as repairs in virtue of G.O., No. 3123 W., Public Works, dated 19th December 1884.

In making these allotments the board kept in view the necessity of completing, as far as possible and as far as funds were available, roads that were near completion, so that communication could be opened up.

25. The item for civil buildings was carefully considered. The urgency and the advanced state of certain incompleted buildings chiefly guided the board in allocing money.

The following buildings are proposed to be finished:—

(1) Kandukúr dispensary.
(2) Udayagiri school-house.
(3) Kanigiri do.
(4) Kandukúr do.
(5) Choultry at Kottapatam.
(6) ,, at Kanigiri.
(7) ,, at Ramapatam.
(8) ,, at Dugarazpatnam.

The two latter are being built for the Buckingham Memorial Committee, who have paid their cost to the board.

26. The miscellaneous improvements are chiefly for avenues and the Udayagiri water-supply.

27. Details are given as to the expenditure on repairs in statement III-B. The board, as now funds are available, have tried to bring the grants up to their old level, judging by the importance of the roads and the cost of maintaining owing to distance from metal and gravel.

28. The items under "Civil Buildings" represent the outlay necessary to keep the hospitals, school-houses, &c., in proper repair.

29. The amount provided for Public Works Department supervision is the same as that provided in this year's budget.

30. The allotment for the Local Fund Engineering establishment is Rs. 180 less than what was provided in this year's budget. This decrease is due to the fact that travelling allowance for the Engineer's establishment was calculated with reference to the actuals of the previous year.

31. The sum provided for tools and plant is ·67 per cent. on the expenditure on works, and is less than the last budget allotment by Rs. 270.

32. The amount provided for contingencies is the same as in the last budget.

33. The last item provides the remaining portion of the amount promised for the Ongole dispensary by the district board, viz., Rs. 2,480, a sum of Rs. 1,300 having been provided in the last budget.

34. The expenditure under Grant II is as follows:—

Particulars.		Amount. Rs.
(*a*) Inspection		3,020
(*b*) Normal Schools—		
	(1) Salaries of masters	2,140
	(2) Stipends of students	2,420
	(3) Clerks and servants	130
	(4) Miscellaneous	640
(*c*) Secondary Schools—		
	(1) Salaries of masters	4,900
	(2) Clerks and servants	132
	(3) Miscellaneous	253
(*d*) Elementary Schools—		
	(1) Salaries of masters. Fixed	9,190
	School-fees	390
	Result grant	1,070
	(2) Servants	260
	(3) Miscellaneous	1,240
(*e*) Grant-in-Aid—		
	Result grants	8,100
(*f*) Contributions—		
	Municipalities	1,100
(*g*) Miscellaneous—		
	(1) Purchase of books	1,000
	(2) Commission on sale of books	200
	Total	36,185

35. There are at present two inspecting schoolmasters in the Ongole range—one in the Kávali range, and one in the Nellore range. Only one inspecting schoolmaster was proposed in the current budget for Ongole range, but the second man has been entertained by the board since the submission of the current budget, and the additional expenditure therefor met by a reduction of allotment under "Stipends" from Rs. 2,880 to Rs. 2,424, and under "Miscellaneous" from Rs. 680 to Rs. 616. For further details, *vide* copy of the late President's Proceedings, No. 12, dated 31st March 1886 (herewith submitted). Experience has shown that one inspecting schoolmaster in each of the Kávali and Nellore ranges is sadly insufficient, and the board have consequently allowed one additional inspecting schoolmaster to Kávali on a salary of Rs. 25, and one to Nellore on Rs. 24, with the usual travelling allowance and contingencies. One of the inspecting schoolmasters of the Ongole range has been strongly recommended by the Inspector of Schools and his Deputy for an increase of pay from Rs. 30 to Rs. 35, and the board sanctioned it accordingly. Thus the allotment under "Inspection" has increased by Rs. 880.

36. There is no change in the allotment under "Salaries of masters of Normal schools," except that in the salaries of masters individually there is this change: the Head Master of the Nellore normal school was allowed an increase of Rs. 5, which was saved by the discontinuance of a personal allowance to the second master, Venkataseshiah, who left the department.

37. The five secondary schools remain as at present. But the increase of Rs. 270 in the salaries of masters and Rs. 72 in the salaries of servants has arisen by increasing the salaries of the masters in the Kávali school, as noted below, in consequence of its having been raised to the standard of the first-grade middle school and by sanctioning the entertainment of a servant on Rs. 4 per mensem in each of the middle schools at Kávali and Kandukúr instead of a sweeper on Re. 1, provided in the last budget:—

	Rs.		Rs.
Head Master	30	to	40
Second do.	20	to	25
Third do.	10	to	15
Fourth do.	10	to	12
Fifth do.	8	to	8
Per mensem	78	or	100
Per annum	936	or	1,200

Increase of Rs. 264: in round numbers Rs. 270

38. No provision is made for house-rent, as the Gúdúr school building is promised by the Local Fund Engineer to be made ready for occupation before the end of the year.

39. In the last budget 42 elementary schools were shown. Of these, one at Lingasamudram has been abolished for want of students, and two, viz., at Irkam and Survapalli, proposed to be newly opened. Thus there will be 43 schools for the next year.

40. The attendance in the schools at Sangam and Leboor has fallen so low that the board considered the services of a second master in each of these schools unnecessary; and, as recommended by the Inspector of Schools, an increase of Rs. 2 to the pay of the head master at Sangam will meet all requirements. Slight increases are allowed to the pay of some masters as proposed by the Inspector of Schools. On the whole there is an increase of Rs. 535 over the last budget under this head as detailed in statement IV-A.

41. For result grants Rs. 8,100 is provided as proposed by the Inspector of Schools, and the board consider this sufficient.

42. As regards contribution to municipalities, the same amount as last year is provided, and experience has shown that it is sufficient.

43. In the last budget only Rs. 200 were provided for the purchase of books, in view to get them by a commission agent. But this system has not been tried at all. The board do not think that it would work well in this district, and have accordingly fallen back to the usual method; hence the figures under "Purchase of books" and "Commission on sale of books."

44. The expenditure under Grant III is estimated as follows:—

Particulars.	Amount.
	RS.
(*a*) Hospitals and Dispensaries—	
(2) Medical subordinates	3,210
Travelling allowance	150
(3) Clerks and servants	840
(5) Medicines and Surgical instruments (for dispensaries and medical centres)	3,600
(7) Midwives, &c.	1,220
(8) Medical pupils	2,650
(9) Do. practitioners	1,490
(10) Zillah Surgeon's establishment, including travelling allowance	810
(11) Contingencies	730
(*b*) Vaccination—	
Fixed charges	9,300
Contingencies	870
(*c*) Sanitation—	
(1) Improvement of water-supply	2,000
(2) Do. of village site	1,200
(4) Arrangements at fairs, &c.	300
(5) Other sanitary outlay	1,500
(*e*) Choultries—	
(1) Establishment	590
(3) Contingencies	250
(*f*) Public bungalows	820
(*g*) Contributions—	
(1) Provincial services	..
(2) Sanitary inspection	1,360
(4) Cutlers' establishment	50
(5) Lunatics	300
(3) Municipalities	7,030
Total	40,270

45. There are at present 10 dispensaries, 6 medical practitioners' centres, and 2 passed students in reserve. The Zillah Surgeon proposes to convert 4 of the medical centres into hospitals and to open 6 new centres, leaving 2 passed students as usual on the reserve. This proposal depends on the passing of the students now under instruction in June 1887. The District Surgeon is sanguine of their success. The board, in consideration of the necessity of utilizing the services of the passed students, and of the useful purpose for which they are intended, have approved of his proposals. This has necessarily led to an increase, not only in salaries, but also under other items, such as medicines, surgical apparatus, house-rent, contingencies, servants, &c. Thus the cost of the 14 dispensaries proposed to be opened will be—

	RS
Medical subordinates	3,210
Travelling allowance	150
Medicines and surgical apparatus	2,800
Servants	840
Rent	390
Contingencies	336
Total	7,726

46. The difference between this estimate and that for the current year is considerable, being Rs. 2,456; but it needs no further explanation.

47. The cost of the medical practitioners will be—

	RS.
Eight practitioners at centres	936
Two do. on reserve	324
Travelling allowance for do.	150
Medical apparatus	800
Contingencies	78
Total	2,288

48. Here also the cost is Rs. 468 more than the present year, and the reason is apparent.

49. There are 7 students now under instruction at the Nellore dispensary. They are expected to pass out in June 1887. With these the board will have 25 passed students, and that is a sufficient number for the circle. The Zillah Surgeon wishes to entertain a new batch of 15 students from the 1st July next. The board are conscious of the successful manner in which the institution has worked for so long a period; but they are afraid that they cannot utilize the services of any more passed students, as almost all important places have been supplied with this medical agency. The board are not therefore prepared to keep up the institution, unless other circles join in the cost and undertake the duty of providing places for them. The expenditure on the school is as follows:—

	RS.
Superintendent (District Surgeon)	1,200
Translator	300
Scholarship	624
Contingencies	24
Total	2,148

50. A sum of Rs. 52-8-0 has been provided in this budget on account of travelling allowance for the students under instruction, as they have to go to Madras for examination.

51. There are at present 14 midwives out in the district and 5 under instruction at the Lying-in Hospital, Nellore. Provision is made for 20 midwives, as proposed by the District Surgeon. A sum of Rs. 20 is provided for travelling allowance, as they have to visit Nellore once in a year to be examined by the Zillah Surgeon.

52. There is no change in the vaccination establishment, and consequently the present year's estimate has been adopted for fixed charges. In the vaccination contingencies the following charges are included :—

		RS.
(1)	Mothers' batta	150
(2)	Rewards to vaccinators	100
(3)	Do. to hospital assistants	100
(4)	Stationery	130
(5)	Miscellaneous, including postal charges, &c.	240
(6)	Animal vaccination	150
	Total ..	870

53. In the last budget, Rs. 400 were provided on account of rewards to vaccinators, on the understanding that vaccinators would produce more than 100 cases in a month. Now that the minimum number of cases to be turned out by vaccinators has been increased under G.O., No. 1686, dated 11th August 1886, the board consider that the occasions for granting rewards will be rare, and that Rs. 200 for both vaccinators and hospital assistants will suffice. The current year's experience has supported this view. The amount under "Stationery" has been included in the current budget in the district board's office contingency. Doubting the propriety of it, and in view to avoid the unnecessary correspondence in the matter between the district board's office and the Deputy Inspectors of Vaccination, the board have this year made provision here, in order that the Deputy Inspectors may be authorized to purchase their own stationery, subject to the usual audit of the President. Experience has shown that Rs. 240 will be needed for postal charges, &c.

The last item, viz., "Animal vaccination," is an innovation for the circle. The Zillah Surgeon strongly recommends its introduction, on the ground that pure lymph is not available in the district, and that without it vaccination is only nominal. The board having resolved to make an experiment, have provided Rs. 150 for the necessary expenses for six months.

54. The same figures as in the current budget have been adopted for sanitation, as from experience they have been found to be sufficient. As regards the entertainment of scavengering establishment, the board thought it best to leave it for the newly-constituted unions as reported in this year's budget.

55. Under "Choultry establishment" there is a slight increase of Rs. 10, which is due to the employment of a servant for the choultry at Kandukúr. The small increase in contingency is due to providing more furniture, &c., than in the present year.

56. Under "Contributions for municipalities," the following amounts are provided :—

		RS.
(1)	Nellore Municipality Dispensary	3,600
(2)	Do. Lying-in Hospital	1,000
(3)	Ongole Municipality Dispensary	2,430
	Total ..	7,030

57. These items are the same as in the current year and need no explanation.

58. The total expenditure under Grant IV is Rs. 11,530 against Rs. 7,110 provided in the current budget. The difference is due to providing Rs. 4,900 on account of taluk board establishment, and to the removal of the item of personal allowance of Rs. 360 provided in this year's budget for the late auditor, Mr. Brito.

59. Rupees 24,620, at 10 per cent. of the income, *minus* the balance, has been provided for the reserve according to rules.

60. The total expenditure will thus be—

	RS.
Grant I	1,82,385
„ II	36,185
„ III	40,270
„ IV	11,530
Reserve	24,620
Total ..	2,94,990

61. Deducting this from the receipts which amount to Rs. 3,18,220, there remains a balance of Rs. 23,230, which is somewhat above the mark, though the balance under district fund taken separately is a little below it.

62. Copy of resolution of the board, No. 228, of 1886-87, passing the budget is enclosed.

ENCLOSURE.

PROCEEDINGS of the President, District Board, Nellore, dated 31st March 1886, No. 12.

Read the following papers :—

Budget proposals for 1886-87, proposing to dispense with the services of one of the two inspecting schoolmasters attached to the Ongole range, owing to certain financial difficulties.

Letter from the Deputy Inspector of Schools, Ongole range, No. 122, dated 11th February 1886.

Letter from the Inspector of Schools, Presidency Division, No. 459, dated 18th February 1886.

The arguments set forth both by the Deputy Inspector and Inspector in favor of the retention of the inspecting schoolmaster, on the ground that dispensing with his services will seriously damage the primary education of the range, are convincing, and I have therefore resolved to sanction this measure in anticipation of the approval of the district board.

2. The removal of the inspecting schoolmaster proposed in the budget was intended to create a saving of Rs. 43-4-0 per mensem, which includes his salary at Rs. 30, his travelling allowance of Rs. 11-4-0 at 6 annas per diem, and his contingent allowance of Rs. 2 ; and this saving is absolutely necessary, so that it must now be provided from other sources.

In order to effect this, the proposals before me are—

(1) To reduce the number of stipends provided for the normal school at Kandukúr from 30 to 25.

(2) To reduce the contingent allowance of the above school from Rs. 9, as provided in the budget, to Rs. 6.

(3) To pay only 75 per cent. of such results grants as may exceed Rs. 60 in amount.

(4) To abolish the lower classes of such of the schools as may not be found to work successfully.

I am not at present prepared to adopt the proposals to reduce the results grants or to abolish the lower classes of any of the schools.

I have therefore resolved to suggest the following measures for the approval of the district board, and the Deputy Inspectors are requested to carry them out in anticipation of their approval.

(1) There are now 30 stipends provided for the normal school at Kandukúr, of which 10 are of Rs. 5 each, 10 of Rs. 4-8-0 each, and the remaining 10 of Rs. 4 each, costing in the aggregate Rs. 135. These stipends will be reduced to 24 in number, 10 of which will be of Rs. 4-8-0 each, and 14 of Rs. 4 each, with a total cost of Rs. 101. The saving thus effected will be Rs. 34.

Rupees 200 are provided in the budget under the head of Contingencies. Of this sum, Rs. 90 are intended as the entrance fee for 30 students appearing for the Special Upper Primary examination at Rs. 3 each. The balance of Rs. 110 is intended for school contingencies at Rs. 9 a month.

Rupees 72 may be set apart for examination fees for the 24 normal students, and a sum of Rs. 84, at Rs. 7 a month, may be appropriated for contingent expenditure. The saving thus effected will be Rs. 44 per annum, or Rs. 3-10-8 per mensem.

The total saving effected from the provision under the normal school at Kandukúr will thus be Rs. 34 + Rs. 3-10 8, or Rs. 37-10-8.

Next, the number of stipends allotted for the normal school, Nellore, will be reduced from 25 (10 of Rs. 4-8-0 and 15 of Rs. 4 each) to 24 (10 of Rs. 4-8-0 and 14 of Rs. 4 each). The saving will thus be Rs. 4 a month.

The budget provides Rs. 200 under "Contingencies." Of this, Rs. 75 are intended for the entrance fee of the 25 students at Rs. 3 each, and Rs. 125 for school contingencies at Rs. 10 a month. This provision must be reduced to Rs. 72 for entrance fees and Rs. 108 for school contingencies at Rs. 9 a month. The saving will thus be Rs. 20 in the year, or Rs. 1-10-8 per mensem.

The total saving effected out of the provision for this school will therefore be Rs. 4 + Rs. 1-10-8, or Rs. 5-10-8 per mensem.

The total savings which all these arrangements will effect will be Rs. 37-10-8 + Rs. 5-10-8, or Rs. 43-5-4

As the amount required for the retention of the inspecting schoolmaster is only Rs. 43-4-0 the object is met.

(Signed) J. GROSE,
President.

PROCEEDINGS of the District Board, Nellore, passed at a meeting held on Saturday, the 4th December 1886, at 7-30 A.M.

No. 228. Read budget for 1887-88. Passed.

(Signed) W. G. UNDERWOOD,
President.

From the President, District Board, Nellore, to the Chief Secretary to Government, dated Nellore, 20th December 1886, No. 1828.

In continuation of this office No. 1793, dated 15th December 1886, I have the honor to state that of the works shown in Appendix to Part II, Petty Repairs, "Repairing roadway over the Pennér anicut, item No. 10," has been proposed to be entrusted to the Public Works Department for the sake of convenience—*vide* G.O., Mis. No. 424 L.F., dated 10th April 1886.

2. The sum of Rs. 600 provided for this work includes the charges also for supervision.

From Surgeon-Major J. A. LAING, Officiating Sanitary Commissioner for Madras, to the Chief Secretary to Government, dated Madras, 25th January 1887, No. 80.

I have the honor to report, for the information of Government, that the Nellore District Board propose, as far as can be gathered from the budget statements forwarded to this office, to set apart a sum of Rs. 5,000 only for sanitation for the year 1887-88. This yields a percentage of 6·7 only on available income. If this is to be the whole allotment, I must pronounce it to be inadequate to meet the sanitary requirements of the district. I find, however, that a total amount of Rs. 21,070 entered in Grant I for Civil Buildings and Miscellaneous Public Improvements under "New Works" and "Repairs;" very probably some of this money is to be devoted to works of a sanitary nature; but how much and on what kind of works it will be spent I am unable to determine in the absence of detailed particulars.

2. The vaccination grant amounts to Rs. 10,170. It seems to be ample. There is to be no change in the establishment employed, it will be the same as that for the current year.

From G. BIDIE, Esq., M.B., C.I.E., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Fort St. George, 3rd February 1887, No. 52.

I have the honor to state that the provision made in Grant III of the budget estimate of the District Board of the Nellore district for the year 1887-88 for the maintenance of the dispensaries, including the four new institutions and six medical centres, is sufficient.

2. With regard to the board's proposal to abolish their medical school unless other circles join in the cost of maintenance, I am of opinion that efforts should be made to maintain it for the present, as Government have ordered the abolition of the Auxiliary Medical School at Rayapuram, and the Madura District Board have also resolved upon closing their school; so that the work of medical education, which was

divided among five institutions, will for the future be limited to two, viz., the Medical College and the Tanjore Medical School, unless the Nellore Board can be induced to postpone the abolition of their school, till such time as the Medical College shall prove its capacity to undertake the work hitherto conducted by Madura and Nellore, in addition to that transferred by the Auxiliary Medical School.

3. In the meanwhile the Kistna and the Godávari Boards might be asked to co-operate with the Nellore Board in maintaining the Nellore school for their mutual benefit, until all three circles have completed the subordinate medical staff respectively required by them.

ORDER—dated 10th March 1887, No. 462 L., Local and Municipal.

The following abstract shows the estimated Local Fund receipts and charges of the Nellore district for the year 1887-88 as passed by Government:—
