

2. Veera Venkiah was the
Head Estimate maker of
the Superintending Engineer's
Office 2nd Division in
September 1866, when owing
to great distress, by sickness
in his family he obtained
leave from the Supg Engineer
and went to Bowdoinham
his native place. A few
days after his arrival
there he was taken ill &
the circumstance was reported
to his Office. On 3rd October
1866 he was admitted into
the Hospital at Rajahmundry
and a Medical Certificate
was forwarded to that
effect. He was under
the Zillah Surgeon's obser-
vation up to the 19th of that
month, when a regular
Medical Certificate for
2 months sick leave till
19th December 1866 was
granted to him. This
was submitted to the
Supg Engineer 2nd Division
and leave was accordingly
granted on 30th November 66,
the

he had not the smallest
control. will not be
allowed to account
against him.
He is a most useful &
hardworking man
a most trustworthy
& correct estimator
possessed an intimate
acquaintance with all
the details of
work carried out in
the letter for some time.
It will be very hard work
on him, if many years of
his faithful service should
be lost to him.

W. J. J. J.
Ex Eng. in charge
Despy/9/for

the Superintending Engineer
sent to Veera Venkiah
docket stating that if the
latter did not rejoin his
Office on or before 19th Decr 1866
his services would be dispensed
with. Veera Venkiah replied
that he was still sick &
would return to duty if
he got better. On 20th Decr 66
the Zillah Surgeon finding
Veera Venkiah not sufficient-
ly recovered from his
sickness granted him
a fresh Certificate for
2 months leave more and
this was duly forwarded
to the Supg Engineer. On
21st December 66. To this
there was no reply but the
Supg Engineer wrote to
Veera Venkiah Memo Nos
156 & 157 dated 24/12/66,
stating that his services were
dispensed with for 2 reasons.
One for absenting himself
without leave, & the other
for not furnishing a fresh
Certificate at the termination
of his first leave. The
Superintending Engineer further
expressed

pressed his opinion, in
the Memo above quoted
that in consideration of
Veera Venkiah's usual
good Character he was
unwilling to interfere with
his future prospects and
therefore his discharge
would not interfere with
his future employment
in Government Service.
With regard to the first
point, Veera Venkiah
explained that he could
not be considered as
having absented himself
without leave, while he
was under the Illah Surgeon's
treatment, on Medical
Certificate - With regard
to the second point, he
explained that he did
forward a Medical
Certificate dated 20th
December/66, on the 21st
Memo, for 2 months addl
sick leave and that it
was not possible for him
to have submitted the 2nd
Certificate so as to reach
the

the Superintending
punctually on the
December/66, as the Illah
Surgeon was more than a
hundred miles off the
Supg Engineer's Head Quarters.
on the 21st January/67,
the Superintending Engineer
wrote to Veera Venkiah
that he had never received
the latter's letter of 24th
September/66, or a Certificate
in the prescribed form
though he had stated,
vide his blue pencil
remark on Copy of Veera
Venkiah's letter dated 8th
October 1866, which forms
an accompaniment to this
letter, that the Certificate
was not received in his
~~Camp~~ Office as he was
^{on leave} on his tour - The Medical
Certificate could have
been in any other form,
except in the form it was
sent in, as it was a mere
admission Certificate;
and it was not Veera
Venkiah's fault that it
had

had not reached the
Superintending Engineer's
Camp Office, from his
Head Quarters Manipal.
Veera Venkiah having thus
been deprived of his
employment addressed a
petition to Government to
which he was replied to
to the effect that Government
saw no reason to interfere
on his behalf.

3. Veera Venkiah was
both sick and destitute
of employment up to 14th
October 1864, when the Supg.
Engineer 1st Division re-
appointed him to the
post of Head Draftsman
in this Office and which
he now holds. His salary
from October 1864 or for
the last 15 years has
been passed by the
Examiner without any
objection whatever.

4. In the Divisional
Salary bill for September 1864
Veera Venkiah's first
annual increment of pay
viz Rs 4 was claimed
with

with your sanction &
was passed by the Examiner
provisionally pending the
supply of information
as to whether the increment
was sanctioned for an
approved Service only
and as to whether Veera
Venkiah held a 1st class
Certificate. To this it
was explained that he
did not hold such a
Certificate but that he
was appointed to the
Service of Government in
1847 or prior to the Exami-
nation Rules were brought
into force. Upon this the
Examiner of P. & A. Accounts
called for Veera Venkiah's
Service book which was
accordingly sent to him
and he then stated as
follows:-

"The Draftsman's Service"
"having been dispensed"
"with in December 1864, he"
"appears to have forfeited"
"the privilege of the exemption"
"from the Examination Rules"
"allowed to those servants"
"who entered the Government"
Service

Service prior to 1st January
1859. The particulars of
the case should therefore
be referred for the orders
of Government in the
mean time the charge will
be admitted provisionally."

5. Veera Venkiah has
served Government very
nearly 35 years and holds
excellent testimonials from
many eminent Engineers
who have held charge
of the Godavari Delta
Works and from which
it may easily be inferred
that his services are fully
worthy of recognition by
Government. Throughout
this long period Veera
Venkiah appears to have
discharged his duties with
great faith and zeal,
as recorded in his service
register which accompanies
this communication.

6. As Veera Venkiah's
services were dispensed with
in December 1866, while on
Medical Certificate without
prejudice to his services,
as

as expressed by the
Superintending Engineer 2nd
Division, for no fault of his
own, but because it was
urgently necessary to fill
up his place in order that
there should be no hin-
derance to Government
work and as he has been
a 1st Class Draftsman
since 1st January 1854,
I would strongly recom-
mend that you may be
so good as to address
Government on his behalf
so that they may be
graciously pleased to
take a lenient view of
his case and sanction
the salary attached
to his grade being paid
to him and also allow him
to retain his service prior
to December 1866.

It would appear from the foregoing correspondence that Head Draftsman C. Veer Venkiah of the Godavari Eastern Division Office has served Government for about 35 years, and that there was a break in his service of nearly a year in 1866-67, caused by a misapprehension of facts on the part of the Supt. Engineer, old Second Division. Under these circumstances he is exempted from the operation of the examination

2. The question of
condoning the breach
in his service should
be submitted for con-
