GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Irrigation.
Account.

Read—the following papers:—

G.O., dated 22nd February 1886, No. 170, Financial.

No. 43 I.

Note by the Chief Engineer for Irrigation.

The Government, in the Financial Department, having, in their order, No. 170, dated 22nd February 1886, reduced, for the purpose of restoring financial equilibrium, a lakh of rupees from the Provincial assignment of Rs. 4,65,500 made in G.O., No. 1602, dated 10th December 1885, Financial Department, from Provincial funds, for expenditure during 1886-87 on irrigation and navigation works, it is suggested that the grants provided in the preliminary issue of the budget estimates appended to G.O., No. 1 I., dated 2nd January 1886, may be modified as shown below:—

Provincial.
44. Irrigation and Navigation.
Works for which Capital and Revenue Accounts are kept.

—	Original grant.	Revised grant.	Amount reduced.
Capital.	RS.	RS.	RS.
Buckingham canal	2,24,000	1,69,000	55,000
Madras water-supply and irrigation extension project	18,000	8,000	10,000
Ganjam-Gopálpur canal	4,000	4,000	...
Chilka lake canal	10,000	10,000	...
B. Project division	17,000	12,000	5,000
C. do. do.	18,000	8,000	10,000
Lower Coleroon anicut project division	23,000	3,000	20,000
Total, Capital ...	3,14,000	2,14,000	1,00,000
Revenue.			
Buckingham canal	96,000	96,000	...
Madras water-supply and irrigation extension project	48,500	48,500	...
Vedarniem canal	7,000	7,000	...
Total, Revenue ...	1,51,500	1,51,500	...
Total, Provincial ...	4,65,500	3,65,500	1,00,000

CAPITAL ACCOUNT.

2. *Buckingham Canal.*—The proposed reduced grant for this canal provides for—

	RS.
Works	1,05,285
Establishment	58,715
Tools and plant	5,000
Total ...	1,69,000

Including the contribution of Rs. 1,50,000 from Protective funds, the amount available for expenditure on works is Rs. 2,55,285. As the Government of India stated in paragraph 2 of their letter, No. 267 I., dated 24th July 1883, printed with G.O., No. 649 I., dated 16th August 1883, that they were prepared to give grants-in-aid for this canal from the Famine Relief and Insurance grant as funds may be available, such grants to be spent solely on original works, and to equal, if possible, the amount expended from Provincial funds, all charges for establishment and tools and plant being met from the latter funds, it is suggested that, when the final issue of the budget estimates for the ensuing year is submitted for the approval of the Government of India, they may be requested not to curtail the usual contribution from Protective funds, as the reduction of the amount provided for works from Provincial funds was unavoidable.

3. *Madras Water-supply and Irrigation Extension Project.*—The original grant was provided, as it was hoped that the distribution channels would be completed next year, and the north sluice extended to allow of water being passed into the Velankondapoliem tank; but, as the revised estimates for these channels have not yet been submitted for sanction, the original grant may be reduced. The Superintending Engineer should expedite the submission of the revised estimates.

4. No reduction is proposed in the amounts originally provided for planting screw-pines along the proposed line of the Ganjam-Gopálpur canal and for deepening the Chilka lake canal.

5. *B. Project division.*—A reduction of Rs. 5,000 in this case is proposed. The Executive Engineer of the division stated in his report forwarded with letter, No. 90 C.E.I., dated 13th February 1886, from the Superintending Engineer, IV Circle, that the Calingaroyen channel project will be ready for submission by the end of May next; and as the field work required to be done in connection with the Bhavâni project is also in progress, it is concluded that the establishment of this division need not be maintained throughout the year. The reduced grant provides for the employment of the establishment for eight months.

6. *C. Project division.*—The establishment of this division is now engaged on the preparation of estimates for the Toombudra project, which will, it is hoped, be ready shortly. The reduced grant provides for the employment of the establishment for six months.

7. *Lower Coleroon Irrigation Project division.*—The original grant provided for the maintenance of the establishment of this division throughout the year; but as it is hoped, from information recently received from the Superintending Engineer, VI Circle, that the project for the improvement of the irrigation under the Lower Coleroon anicut, embracing provision for embanking the Coleroon river, will be submitted by the end of April next, and as it is not now intended that this division should take up any other work, the reduced grant will be ample for the payment of the establishment during the short period it may be employed in 1886-87.

REVENUE ACCOUNT.

8. No reduction under this head is feasible. The amount entered for the Madras water-supply and irrigation extension project includes provision for work being carried out to the extent of about Rs. 32,000 for restoring the Cholaveram tank.

CHEPÂK,
5th March 1886.
(Signed) A. W. SMART, Captain, R.E.,
for Chief Engineer for Irrigation.

To the Joint Secretary to Government,
Public Works Department, Irrigation Branch.

ORDER—dated 9th March 1886, No. 235 I., Public Works.

The distribution proposed in the foregoing note by the Chief Engineer for Irrigation, of the reduced grant of Rs. 3,65,500 from Provincial funds for expenditure during 1886-87 on irrigation and navigation works, is approved. When the final issue of the Irrigation budget estimates is submitted to the Government of India, they will, under the circumstances mentioned, be requested not to curtail the grant-in-aid of Rs. 1,50,000 from Protective funds.

2. The Superintending Engineers, III, IV, and VI Circles, will expedite the preparation and submission of the projects on which the Project divisions employed in their respective Circles are engaged.

3. The Superintending Engineer, II Circle, will submit, at an early date, for incorporation in the final issue of the Irrigation budget estimates for the ensuing year now under preparation, a revised schedule showing the component works of the Buckingham canal, on which it is proposed to spend the reduced grant of Rs. 2,55,285.

Read the following :-

Letter from the Superintending Engineer 111 Circle No 89 dated 12th April 1886

With reference to your Memorandum No 2. 111 dated 1st April 1886 I have the honor to report, that the C Project Division can be closed from end of June 1886.

2. There is a first Class Draftsman in the Project Division whose services were transferred from the Bengal Presidency; and there is a Clerk who has about 10 years service. If the services of these men are to be dispensed with, Pension or Gratuity as the case may be, will have to be given to them.

3. I would therefore solicit your instructions whether these men ought to be retained until they can be provided for on the occurrence of vacancies on the Permanent Establishment; or should their services also be dispensed with.

Order thereon No 1157 W dated 8th May 1886.

Communicated to Superintending Engineers, for early report whether the services of either the draftsman or clerk are required in their respective Circles. Meanwhile the men will be retained.

2. It is observed that provision has been made for carrying on the Project Division to the end of August 1886.

Read the following

Letter from the Superintending Engineer IV Circle No 160/E.W.

dated 17th May 1886.

With reference to G.O. No 1157 W dated 8th instant, I have the honor to inform you that there is no vacancy in this Circle either for a Draughtsman or a clerk.

2. As the B Project Division is to be closed shortly the 2 clerks and 3 Draughtsmen of that office are available for service elsewhere as soon as the Project work ceases.

3. I enclose a list of the clerks and Draughtsmen with their period of service, pay &ca.

List of Clerks and Draughtsmen employed in the B Project Division.

Examination passed	Present salary	Name and rank	Date of appointment		Total service up to 30th April 1886		Reamrks

Memo from the Chief Engineer P.W.D. No 2033 C dated 4th June/86
From the Suptg Engr 1V Circle No 202 E.W. dated 8th June 1886.
From the Suptg Engr 111 Circle No 501 dated 16th June 1886.

Order thereon No 1635 W dated 28th June 1886.

The Superintending Engineers concerned have reported that the services of the under-mentioned draftsmen and clerks will shortly be available for transfer, on the closing of the project Divisions in the offices of which they are at present employed :- B. Project Division

One 1st class draftsman (permanent)
Two 2nd ——— (permanent)
One clerk IV class 2nd grade (permenent)
one clerk ——— (temporary)

C. Project Division.

One 1st class draftsman (permanent) one clerk - (permanent), and from the letters recorded above it appears that the following vacancies exist in other Divisions :-

Ganjam.

One 1st class draftsman (permanent)

Godavari Eastern.

One 1st class draftsman (permanent)

South Arcot.

One 2nd class draftsman (temporary)

Ramnad.

One 1st class draftsman (temporary)

No 111, Tank.

One 1st class draftsman (temporary)

2. The 1st class draftsmen in the B. Project Division and in the C. Project Division will be directed to report themselves to the Executive Engineers of the Ganjam and of the Godavari Eastern Divisions, respectively, so soon as their services can be spared.

3. In his No 501, dated 16th June 1886, the Superintending Engineer, III Circle, reports that there is every probability of the clerk in the C. project Division being provided for in the Circle; and in G.O. No 1336 W dated 28th May 1886, the Superintending Engineer, IV Circle, was directed to give the temporary clerk in the B. project Division a month's notice before dispensing with his services.

4. In his No 202 E.W. dated 8th June 1886, the Superintending Engineer, IV Circle, reports that employment has been found for the permanent clerk of the B. project Division, so that it now remains to provide employment for the two 2nd class draftsman only.

5. The vacancies which exist in the South Arcot, Ramnad, and No III Tank Divisions are in the temporary establishment, and the Government consider it undesirable to post members of the permanent establishment to such vacancies. Provision having been made in the Budget for the B project Division up to the end of October 1886, the two draftsmen will be kept on pending absorption on the occurrence of vacancies in other Divisions.

6. Superintending Engineers will in the meantime report whether, in their respective Circles, there are any temporary draftsmen employed against vacancies in the permanent establishment; and, if so, they will at once arrange to dispense with their services after the expiration of the usual month's notice in view to provide for the two 2nd class draftsmen of the B project division.

7. The Government desire that it be understood that these two draftsmen are to be provided for on the occurrence of suitable vacancies.

Sir,

With reference to your Memorandum No: 2033 C of 4th instant, I have the honor to report that the appointments held by the Clerks and Draughtsmen previous to their employment in the B. Project Division are, as shown below:-

x He has about 18½ years' service

I. Th[illegible]d clerk, D. Narasinga x Row, held, a permanent, appointment of IV class, 3d grade in the Coimbatore Division up to 1st May 1883; and was transferred to the B. Project Division, on the 2d idem, on promotion to IV class, 2d grade. A permanent vacanc-

C. 15.4.87. R. 20.4.87

vacancy of IV class 3d grade having lately occurred in the Westcoast Division he has been provided for; so my reference of 26th May does not, apply to him.

× About 2¼ years' service

II. Royappa× Pillai the 2d clerk had no permanent post prior to his appointment, on the 7th February/84 to act for V. A. Sundravadivélu Mudlr:, who is now, an actg: Accountant in the Examiner's Office with, a lien, on his permanent post of V class 1st grade in this Circle. As Royappa Pillai is still, acting for Sundravadivélu Mudlr:, his services can be dispensed with; but Sundravadivélu Mudlr:, to whom, a lien was given may have to be provided for, if thrown out of employment by the Examiner.

° About 20¾ years service

III. T. Kristnasawmy° Chettiar, Head Draughtsman, who is, a first class Draughtsman, was a permanent Draughtsman in the Chingleput Division; and was transferred to the B. Project Division, on the

26th

26th November 1881 for the benefit of the public service, as a qualified draughtsman could not be procured by advertisement for employment in the B. Project Division

× About 13½ years service

° About 12 5/6 years service

IV. Subroya× Mudelliar 2d Class Draughtsman, and R. Gopala° Reddy, 2d class Draughtsman, the 2d and 3d Draughtsmen of the Division Office were thrown out of employment in November 1881 owing to the general reduction of Establishment; and they were reappointed, on the 2d February 1882 and 16th November 1881 respectively, for employment in the B. Project Division.

2. I am of opinion that T. Kristnasawmy Chettiar, and possibly also Subraya Mudlr:, and R. Gopala Reddy should be retained in the Department, and provided for as vacancies, occur in this, and other circles.

This point has been considered and it was thought that as the draftsman had lately been employed in a temporary Ser: (C Project) there could be no objection to again employing him in a temporary Ser: However after the recent orders from the G of I regarding temporary establishment it might perhaps be better, to avoid any possible objection hereafter: to ~~[illegible]~~ employ him in a permanent Ser. Answer from the S. E. had therefore better be awaited [illegible]

E. 15.4.87.

The Superintending Engineers concerned have reported that the services of the under mentioned draftsmen and clerks will shortly be available for transfer, on the closing of the project Divisions in the offices of which they are at present employed:-

~~(1)~~ B. Project Division

One 1st class draftsman (permanent)
Two 2nd — " — " — (permanent)
One clerk IV class 2nd grade (permanent)
one clerk (temporary)

~~(2)~~ C. Project Division

one 1st class draftsman (permanent)
one clerk - (permanent),

and from the letters recorded ~~~~ bove it appears that the ~~~~ lowing vacancies exist in other Divisions:-

~~1~~ Ganjam.

One 1st class draftsman (permanent)

2. Godavari Eastern.

One 1st class draftsman (permanent)

3. South Arcot.

One 2nd class draftsman (temporary)

4. Ramnad.

One 1st class draftsman (temporary)

5 No. III, Tank.

One 1st class draftsman (temporary)

2. The 1st class draftsmen in the B. project Division and ~~the draftsman~~ in the C. project Division will be directed to report themselves ~~respectively~~ to the Executive Engineers of the Ganjam ~~Div~~ and the ~~Executive E~~ Godavari Eastern Div respectiv

R. 17.4.87. R. 20.4.87

two draftsmen will be kept on pending absorption on the occurrence of vacancies in other Divisions

6. Superintending Engineers will in the meantime report whether, in their respective Circles, there are any temporary draftsmen employed against vacancies ~~on~~ in the permanent establishment; and, if so, they will at once arrange to dispense with their services ~~and~~ in view to provide for the two 2nd class draftsmen of the B project division after the expiration of the usual month's notice

7. The Government desire

that it be understood that these two ~~2nd class~~ draftsmen ~~of the B project Divisions~~ are to be provided for on the occurrence of suitable vacancies.

Ramandrug ~~Bellary~~ 21, May 1886.

FROM,
Colonel H. M. Vibart R.E.
SUPERINTENDING ENGINEER,
IIIrd CIRCLE.

To,
THE Chief Engineer
P. W. Department
Madras

Enclosures.

SIR,

I have the honor to bring to your notice that in November 1885, Kotiah a Draftsman in the Kistna Western Division was appointed by me with the Executive Engineers knowledge to officiate as 3rd Draftsman in my Office. In the permanent arrangements, Kotiah was provided with a Draftsman's post in the C-Project Division, though he expected to be confirmed in my Office

2. Kotiah had a lien on the appointment held by him in the Kistna Division; and he applied to the Executive Engineer for an extension fearing that his post in the Project Division might not last long. The Executive Engineer extended the lien for 9 months in anticipation of approval by Superintending

G. N. 4.87. R. 20.6.87

Engineer 2d Circle

3. In March 1886, the Executive Engineer wrote to me to enquire if there was any chance of Kotiah being confirmed in this Circle. In reply, he was informed that Kotiah had been provided for in the Project Division.

4. On the 8th April 1886, Kotiah received a copy of memo* dated 24th March 1886, containing intimation to the effect that if he did not return by the 15th April, he would be considered to have forfeited his lien on his post in the Kistna Division

* addressed to the Executive Engineer Kistna Division by Superintending Engineer 2d Circle

5. Orders for closing the C. Project Division to which Kotiah was attached were received just before this, and I thought Kotiah might as well rejoin his former Division, since there was no other opening for him in this Circle.

6. Kotiah left this for Duggirala on the 13th April, and I telegraphed to the Superintending Engineer to extend the time till the end of April, as the time up to 15th April allowed by the Superintending Engineer was nearly over; and as the journey would occupy nearly two weeks from Bellary.

115 W 8/5/88

7. The Superintending Engineer 2d Circle however replied to say that he cannot take back Kotiah; as his appointment had been was permanently conf~~irmed~~erred on another man, on the intimation conveyed to the Executive Engineer that Kotiah had secured a post in the Project Division.

copied

8. The Superintending Engineer having allowed Kotiah lien up to 15th April, he should not have confirmed his locum tenens before that date.

9. It is really hard and I may add unjust, that Kotiah should lose his appointment for no fault of his own. The Superintending Engineer might have extended the lien or considered the special circumstances of the case which were explained in my letter to that Officer.

10. To my mind, it seems the matter can be easily set right. Kotiah's services having terminated in this Circle owing to the Orders of Government to close the Project Divn, it is only just that the man quite recently appointed in his place should be called upon to vacate in order to provide for Kotiah, who virtually had a lien on

Enclosures.

Sir,

With reference to endorsement No. 2449 C dated 12th July 1886 I have the honor to inform you that the Examiner P.W. Accounts has, I am given to understand, declined to pass Draftsman Kotiah's pay from 13th April 1886 to 16th June 1886 i.e. the period intervening the date of the Draftsman's departure from Bellary and the date on which he was provided with a Draftsman's post in the Ganjam Division

G. 13.4.87.

2. I suppose the reason for the disallowance was either that the Draftsman was not actually engaged on any duty during the said period or that two men could not draw pay for the same appointment !

3. But as already stated the appointment on which Kotiah had a lien, was filled up by the Supdg. Engineer II Circle by a misconception that Kotiah had been permanently provided for in this Circle and it goes hard with Kotiah that he should lose pay for two months ?

4. I would therefore beg to recommend Kotiah's case for favourable consideration, and request that authority may be given for the admission of his back pay to which in my opinion he is clearly entitled.

It appears from the foregoing papers that Kotiah who held a permanent appointment as draftsman in the Kistna Western Division was appointed to officiate

C. 15. 4. 87. R. 20. 4. 87

as third draftsman in the office of the Suptg: Engr: III Circle. This was in November 1885. He was allowed a lien on his permanent appointment by the Ex: Engineer, who, in March 1886, inquired whether Kotiah was likely to be confirmed in the III Circle. In reply the Suptg: Engr: intimated that Kotiah had been permanently provided for in the C project Division.

2. Kotiah's permanent appointment in the Kistna Western Dn was then correctly filled up by the Ex: Engr. Although permanently appointed to the Project Division, Kotiah appears to have continued to act in the Suptg: Engr's office. Shortly afterwards orders were received in the III Circle to close the C Project Division.

3. Kotiah was therefore left without a permanent appointment and the Suptg: Engr: directed him to rejoin the Kistna Western Division as there was no work for him in the III Circle. The Suptg: Engineer having previously stated that the draftsman had been

provided for in the Project Division ~~he~~ should have first ascertained that Kotiah's previous appointment was still open to him. When Kotiah arrived at Duggirala he found the appointment filled up and from 13th April to 16th June/86 he was without employment, through no fault of his own.

4. The Suptg: Engr: III Circle will be requested to report why Kotiah was not included in the list of men for whom appointments had to be found when the C project was closed - vide G.O. No. 1157 W d/ 8 May/86 and 1635 W d/ 28 June/86, and the Examiner of P.W. Accounts will be asked whether in the peculiar circumstances of the case pay may be passed to Kotiah for the time he was without employment.

Memo

No. 1216 C of 29-3-87

No. 23

Superintending Engineer's Office,
3rd Circle
Ramandroog ~~Bellary~~ 4th April 1887.
Despd 5th

FROM,

Colonel H. M. Vibart R.E.,
SUPERINTENDING ENGINEER,
IIIrd CIRCLE.

To,

THE Chief Engineer
P. W. Department
Madras.

SIR,

With reference to para 4 of your Memorandum No. 1216 C dated 29th March 87, I have the honor to report that, when I wrote my letter No. 89 dated 12th April 1886, Kotiah was under orders to rejoin his permanent appointment in the Kistna Western Division; and his name was not therefore included in the List of men of the C Project Division for whom appointments had to be found.

Enclosures.

[illegible] C.E. 2803 [illegible]

not [illegible].

2. I would have endeavoured to provide for Kotiah, had it not been for the Memo from the Superintending Engineer 2nd Circle dated 24th March 86, intimating that, if Kotiah did not return by the 15th April 86,

C. 15.4.87. R. 20.4.87.

he would forfeit his lien. Kotiah received this Memo on the 8th April and thereupon he desired to be permitted to return to his former appointment.

3. As this Memo was received some days after I had informed the Executive Engineer that Kotiah had been provided for in the C Project Division, I naturally supposed that Kotiah's appointment in Kistna Western Division Office, was still open to him.

I have the honor to be
Sir
Your most obedient Servant
Col R.E.,
Superintending Engineer
3rd Circle

Mch 2816

From,
The Superintending Engineer,
IIIrd Circle.

To,
The Chief Engineer
