No. 168.

MADRAS, D. P. W.,

Bangalore, 13th April 1887.

From, Col. Ross Thompson R.E.
EXECUTIVE ENGINEER,

Presidency Division,

To, Col. J.O. Hastled R.E.

Chief Eng' Secy to Govt.
P.W.D.

SIR,

You may remember that in
time last I wrote to you privately
regarding my position and prospects
in the P.W. Dept. stating that in the
event of promotion in the Dept.
being offered to me, which would
involve a knowledge of Irrigation
on my part, I would be compelled
in common honesty to beg leave
to decline such promotion.

2 — A reference to my services
as given in the last Edition of the
"History of the services of the Officers
of the Engineer Establishment"
will sufficiently explain why I
should so act.

My services as you will see from
the

C. 16.4.87 Wd/19 April 1887

"The History" have been varied, but I have never had any experience in irrigation work, and I am now too far advanced in life and in the service to begin to learn.

3. — As the circles of the Supg Engineers are at present constituted in the Madras S.P.W., each circle requires of its Supg Eng. a knowledge of Irrigation which I do not possess.

4. — I have till lately been in hopes that a Military Works Branch of the Department would be created in the Madras Presidency, or that a Superintending Engineer might be appointed under the Commissioner of Coorg — either of which appointments I might possibly have had a chance of obtaining — but there appears to be little likelihood of either event happening in my time.

(Under

Under these circumstances, viz. there being no prospect of any departmental Promotion for me which I could accept, I request that I may be admitted to the benefits of the S.P.W. rule, Para 505, Chap. III of the latest Edition S.P.W. Code.

I have the honor to be
Sir,
Your most obedt. Serv^t

Wm Thompson Colonel R.E.
