1132/18

From

Colonel W. H. Bentworth.
Superintending Engineer
5th Circle.

To

The Chief Engineer
P.W. Department.

Sir,

I have the honor to report in continuation of my letter No 5608 dated 10th February 1887, that upon Mr Ashfield's return from Privilege leave it is proposed to reform the North Arcot Division into 2 Sub Divisions Vellore & Ranipett, of the former of which Mr Ashfield might be put in charge — this to consist of the Chittoor, Polur, Polmanair, Arni, and Wandiwash, Talugs.

+ Cir. 1145 E. Confd.

18

The

2. The rest of the District – viz the Arcot, Triputty, Arconam, Palar Anicut Works & Hambokeal would form the Ranipett Sub-Division & might be left, for the present at least, in charge of Lieutenant West.

3. The Executive Engineer would thus have no Sub-Division himself, though, he might from time to time take Sub-Divisional Charge of some Special work or works & independent of either of the Sub-Divisional Officers.

4. The Executive Engineer proposes the above arrangement, but with the charges of the Sub Divisional Officers reversed; it will involve no additional cost on account of Establishment & is one which is likely to answer & I recommend that Sanction be given to it.

I have the honor to be
Sir,
Your most Obdt. Servt.

This does not agree with former representations in which the Divisional Officer said [illegible] he would be an [illegible] sub-divisional officer & reference to head qrs. as Bangalore.

SIR,

With reference to G.O. No 740 W dated 10th March 1887, I have the honor to state that upon its being communicated to the Executive Engineer he has represented how difficult it would be to perform Sub-Divisional Officer's duty at Bangalore in addition to his normal duties in the Division generally. His serving on Committees Boards &c. at Bangalore taken in connection with the large amount of Office duties he has to go through

SIR,

With reference to G.O. No 740 W. dated 10th March 1887, I have the honor to state that upon its being communicated to the Executive Engineer he has represented how difficult it would be to perform Sub-Divisional Officer's duty at Bangalore in addition to his normal duties in the Division generally. His serving on Committees, Boards &c. at Bangalore taken in connection with the large amount of Office duties he has to go through daily

This does not agree with former representation in which the Divisional Officer said that he would be his own Sub divisional Officer in reference to charge of Bangalore.

23

daily would no doubt in a great measure render his performance of Sub-Divisional Officers duties imperfect. At the same time I see no reason for altering the opinion I expressed in my letter No. 596 dated 5th March 1887 as to necessity of having two Sub-Divisions in Madras & I would under these circumstances recommend that the sanction given in G.O. No. 574 W dated 22nd February 1883, under which the Junior Assistant Engineer or Senior Upper Subordinate was allowed to draw Sub Divisional allowance (1883 & 84) whilst Captn Hamilton R.E. was employed in Madras in the same way as Captn Lindley is at present may continue in effect after 1st April.

Consulting Architect's Office,
Chepauk, Madras,
12th March 1887

No 1534

From J. W. Brassington Esqr.
Affg. The Consulting Architect
to the Government of Madras,

To

The Chief Engineer
Public Works Department

Sir,

Enclosure.

With reference to your Memorandum No 847 C dated the 5th March 1887, I have the honor to state that the following are the Sub Divisions in the Consulting Architect's Division.

No 1 Sub Division Madras East side of the Buckingham Canal
No 2 Do ——— Do West — Do — Do

I have the honor to be
Sir
Your Most Obedient Servant
J W Brassington
Affg. Consulting Architect
to Government

DEPARTMENT

No. 1534

Dated 12th March 1887

Received 14-3-87

NO. OF ENCLOSURES.

Subject.

Submits list of Sub Divisions in the Consulting Architect's Division

Controller
MCR
14.3.87

Note

1137/40

The following statement exhibits the number of Sub Divisions existing in 1886-87 and the number proposed for 1887-88:

	1886-87	1887-88
I Circle	19	17
II Circle	15	13
III do	11	8
IV do	10	10
V do	12	12
VI do	17	17
Consg Architect	2	2
	86	79

The I and II Circles show a decrease of 2 Sub divisions and the III Circle shows a decrease of 3 Sub divisions, all the other Circles have made no reduction.

In Chief Engineer's Circular No 2429 of 29th October 1881 it was laid down as a general rule that the smaller Sub division should be in charge of the Executive Engineer. If this rule was put in force with reference to Vizagapatam, Godavari Central, Godavari Western, Kistna Western, Buckingham Canal, Bellary, Cuddapah, West Coast, Coimbatore, North Arcot, Pondy-

Pangree

ter; and the work in

(12)

Tanjore and Consulting Architect Divisions, a further saving to Government in sub divisional office establishment and allowances would accrue.

In Madras it is proposed to have two sub divisions in the Presidency and two in the Consulting Architect Division making in all a total of four sub divisions in one town.

The Consulting Architect himself at present is not in charge of a sub division, but both his upper subordinates are, though they have not a single upper subordinate under them. There is also the further anomaly of Sergt. Chinith holding charge of a sub Division while his seniors, Condr. A. Nalne and Sergt. H. MacAleater in Madras are not.

For orders.

In [illegible]

1137/31

The list of sub divisions as submitted by the Sup. Engineers is approved.

With the large area over which each Executive has to travel except in the Presy. town & Bangalore, it would not be advisable for the Ex. Engr. of the ~~district~~ division to be in direct charge of the headquarter sub division, unless the circumstances are favourable, such as in the headquarter sub division of the Chingleput ~~district~~ division, where the work consists almost entirely of buildings at no very great distance apart.

The arrangement of the Presy. division is not altogether satisfactory; as the proportion of work at Bangalore must be small compared to that in Madras; but no change is recommended; and the two sub divisions of Military & Civil works in Madras is a necessity, on account of the requirements of the Milty. Dept.

The two sub divns. in the C.A. division are also necessary because the buildings carried out are often of a most important character; and the work in
