GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following letter from J. W. BRASSINGTON, Esq., Officiating Consulting Architect to Government, to the Chief Engineer, Public Works Department, dated Chepāk, 8th January 1887, No. 1181:—

I have the honor to inform you that in G.O., No. 1595 W., dated 23rd June 1886, Rs. 2,367 was allotted for completing the Telegraph office at Madras. From this Rs. 2,354 is a saving and not required, as all the works provided for in the original estimate have been carried out.

2. The Chief Superintendent of Telegraph has, however, been asking for the marginally-noted works, which I also consider necessary, especially the lightning

	Amount of estimate. Rs.
Providing additional lightning conductors to the Telegraph office at Madras.	715
Alterations and additions to the Telegraph office at Madras	284
Alterations to the Telegraph office bath rooms	242
Total	1,241

conductors; so I request the sanction of Government to the transfer of Rs. 1,241 from Rs. 2,354 not required. The balance Rs. 1,113 may lapse.

3. In G.O., No. 3117 W., dated the 24th November 1886, an estimate, amounting to Rs. 370, was sanctioned for completing the lightning conductors to the Post office. If this amount can be transferred from Rs. 1,113 lapsing in the

Telegraph office, the system of lightning conductors to both buildings (but which are in reality only one) will be fully completed, as it will be awkward to have only one-half of a large building fully protected.

ORDER—dated 14th January 1887, No. 113 W., Public Works.

A sum of Rs. 2,354 is resumed from the current year's grant for completing the Telegraph office at Madras, and credited to the reserve with the Government under Imperial Civil Works, Original, Telegraph, from which the following appropriations are made:—

	Rs.
(1) Providing additional lightning conductors to the Telegraph office, Madras	715
(2) Alterations and additions to the Telegraph office, Madras	284
Do. do. to the bath rooms, do.	242
Total	1,241

2. Subject to the approval of the Government of India, the following transfer of funds is sanctioned to meet the outlay for completing the lightning conductors to the Post office at Madras, it being desirable to complete at the same time the provision of lightning conductors for both ends of the building:—

Resolution—

The Government of India is pleased to approve of the change contemplated in
the resolution read above, in regard to the procedure for the allotment and re-appro-
priation of funds for minor works connected with the Postal and Telegraph departments.

The annual grants for both major and minor works will, for the future, be at the
disposal of the heads of the departments named, who are also empowered to apply to
the Government of India direct for permission to re-appropriate from the grant of one
province to that of another; and no new minor work should be undertaken without
the consent of the head of the department concerned.

Order—

Ordered that the foregoing be communicated to the Local Governments
and Administrations
The Governments of Madras, Bombay, Bengal, the North-Western Provinces and Oudh,
and the Punjab, in the Public Works Department. noted in the margin
The Chief Commissioners of the Central Provinces, Assam, and Coorg. for information and

Consulting Architect to Government							

ORDER—dated 23rd June 1886, No. 1595 W., Public Works.

With the papers read above, the Superintending Engineers and the Consulting Architect submit statements of the estimated requirements, under Imperial "Military" and "Civil" Works, in lump sums, against each division, for minor works, and repairs, and, in detail, for incomplete works of 1885-86, and for new works proposed to be undertaken in the current official year.

2. Under Imperial "Military," the demands against Original Works amount to—

	RS.
For minor works, lump sums	18,900
" incomplete minor works	6,303
" " major "	9,291
" new minor works	24,395
" " major "	41,934
	1,00,823

and the budget grant for minor works amounts to only Rs. 27,000. The Superintending Engineer, V Circle, having surrendered a sum of Rs. 2,864 from the current year's grant for armament in Fort St. George, it will be resumed, in anticipation of sanction by the Government of India, and added to the grant for minor works, which will then be Rs. 29,864. Of that amount, Rs. 15,594 for incomplete works, and Rs. 6,333 for three new works* considered emergent, have been allotted; and the balance, Rs. 7,937, has been placed, in

* *Vide* G.Os., No. 1320 W., dated 26th May 1886, lump sums, at the disposal of Officers Commanding Divisions and Districts, to whom Superintending Engineers will apply for funds required to meet outlay on such works as are indispensably necessary to be carried out during the year.

3. The demands under Repairs amount to Rs. 3,09,980, against the budget grant of Rs. 3,10,465. The necessary allotment has been made, as will be found in statement A.

The allotment to the Presidency division includes provision for re-roofing the mess-house in Fort St. George, and for the Commissariat granary buildings on the beach at Madras.

4. A sum of Rs. 844 was applied for by the Superintending Engineer, V Circle, for improving the roof of family quarters, Poonamallee; but as the sanction to the work was ordered to be cancelled (*vide* G.O., No. 585 W., dated 12th March 1885) no appropriation is necessary.

5. Under Imperial "Civil" Works, the demands against Original Works, Postal, amount to—

	RS.
For minor works, lump sum	800
" incomplete minor works	3,184
" " major "	8,877
" new minor works	780
" " major "	2,910
Total ...	16,551

of which, only Rs. 3,184 have been allotted for incomplete minor works. The balance of the budget grant for minor works, after the above allotment, is Rs. 6,816, to which must be added a sum of Rs. 249 transferred from the grant for a new post office at Anantapur. The total, Rs. 7,065, is placed at the disposal of the Director-General of Post Offices, who will allot the requisite funds for works to be undertaken during the year.

6. The demands against Original Works, Telegraph, amount to—

	RS.
For minor works, lump sum	100
" incomplete major works	5,302
" new minor works	1,000
Total ...	6,402

7. Funds have been allotted for all the incomplete works to the extent of Rs. 5,302; and the balance, Rs. 698, of the budget provision for minor works, has been placed at the disposal of the Director-General of Telegraphs, as shown in statement A.

8. The allotment under Repairs (Postal and Telegraph) will be found in statement A. The demands of Superintending Engineers under Postal amount to Rs. 5,838, but have been reduced to Rs. 5,000 to bring the sum within the provision in the budget.

9. Ordered that copies of these proceedings be forwarded to the Government of India in the Military and Public Works departments.

From

The Consulting Architect

to the Government of Madras.

To

The Chief Engineer
Public Works Department.

In

Enclosure.

and y. etc.

Providing additional lightning conductors
to the Telugraph office at Madras 715

Alterations and additions to the Telugraph
Office at Madras 284

Alterations to the Telugraph office
at the revenue 262

Total 1261

I have the honor to inform you
that by O. N. 1596 W dated 23rd June 1886
Rs 2367 was allotted for completing the
Telugraph office at Madras. From this Rs
2354 is a saving and not required as all the
works provided for in the original estimate
have been carried out.

The Chief Superintendent
of Telugraph has however been asking for
the marginally noted works which I also
consider necessary especially the lightning
conductors so I request the sanction of
Government to the transfer of Rs 1261 from
Rs 2354 not required. The balance Rs 1113

May

may lapse.

3.

In G. O. No 3117 W dated
the 24th November 1886, an estimate amounting
to Rs 370 was sanctioned for completing the
lightning conductors to the Post office. If
this amount can be transferred from
Rs 1113 lapsing in the Telegraph office
the system of lightning conductors to both
buildings (but which are in reality only one)
will be fully completed, as it will be
awkward to have only one half of a large
building fully protected.

I have the honor to be

Sir

Your most obedient servant
W. B. B. B. B.
Offg. Consulting Architect
to Government.

Account

PUBLIC WORKS DEPARTMENT.

No. 113 W

PROCEEDINGS OF THE MADRAS GOVERNMENT.

UNDER date the 14th January 1887

READ the following

From the Consulting Architect to Govt. No. 1181 dt 8th January 1887.

A sum of Rs. 2354 is
resumed from the current years
grant for completing the Telegraph
office at Madras and credited
to the resume with the Government
under Imperial Civil Works, viz
Telegraph, from which the
following appropriations are made

- (1) Providing additional lighting
conductions to the Telegraph
office - Madras. Rs. 715.
- (2) Alterations and additions to the
Telegraph office, Madras. Rs. 2200.
- Rs. 100 to the bath rooms. Rs. 419.

2. Pending sanction of the Govt. of
India, the following transfer of

of funds is sanctioned to meet
 the outlay for completing the
 lightning conductors to the Post
 Office at Madras, ^{it being} the ~~consequence~~
~~desirable to complete at the same~~
~~time the provision of~~
 lightning conductors attached
 for both ends of
 the building. is urged by the
 Consulting Architect to be necessary.
