Bills marked (*a*) are entered agreeably to G.O., No. 1117, dated 24th April 1884, Revenue Department, paragraph 2, communicated with the Board's Resolution, No. 3648, dated the 1st May 1884.

For 8 out of the 43 Public Works Department and 12 out of 26 Local Fund cases entered in the last report as "within one month in arrear," as also for several other Public Works Department cases, cheques have been issued for payment.

The number of cases remaining undisposed of is detailed below:—

Under scrutiny in Divisional offices including cases pending payment ...	*348
Under reference to the Board of Revenue	1
Do. to the Head Assistant Collector	4
Do. to the zemindar of Devarakót	24
Total ...	377

	Cases pending payment.	Cases for which compensation has practically not been settled.	Total.

Head Assistant Collector	5	..	5
General Deputy Collector	12	1	13
Temporary Deputy Collector	131	114	245
Total ..	230	118	348

Regarding the 24 cases appertaining to the Devarakót zemindar, I await his reply as to whether he will agree to the rates of compensation calculated from his road-cess accounts. For a fuller explanation of this dispute, see my memorandum accompanying the Temporary Deputy Collector's statement for November 1885 and paragraph 4 of my report for the same month. The zemindar has asked for copies of these road-cess accounts, and I have ordered that they be given to him.

5. There is an increase of Acres 1·9 in the opening balance of the Temporary Deputy Collector over the closing balance of the last month. Explanation has been called for from that officer.

Resolution—dated 25th March 1886, Mis. No. 2280.

The total number of cases pending and received was 764, of which 147 cases were disposed of within the month. Of the remaining 617 cases, compensation has been settled and statements submitted to the Board in 69 and bills to engineers in 171 cases; 230 cases are pending payment, and the rest are accounted for as follows:—

Under reference to the Board of Revenue	1
Do. to the Head Assistant Collector	4
Do. to a Zemindar	24
Pending with the Sub-Collector	3
Do. General Deputy Collector	1
Do. Temporary Deputy Collector	114

2. The number of cases pending payment as well as the number of those in which compensation has yet to be settled is largest in the Temporary Deputy Collector's division. Several cases relating to the year 1884 are entered as under scrutiny in his office or as under inquiry before the tahsildar. Active steps should be taken for their speedy disposal.

3. With regard to the case shown as under reference to the Board, it is observed that, if it refers to the first case in the Sub-Collector's statement which contains the remark "Board being addressed separately for orders," it should have been entered as pending with the Collector, as no such reference has up to date been received in the Board's office.

5. There is an increase of Acre 0·13 in the opening balance of the General Deputy Collector over the closing balance of last month. Explanation has been called for from that officer.

The discrepancy between column 6 of statements Nos. I and II from the Sub-Collector is explained in the footnote in statement No. II in the following terms :—

"Out of Acres 16·97, 3 acres were transferred from statement No. I, the remaining Acres 13·97 being taken up by Local Fund department before settlement of compensation."

6. The Divisional officers have been told to make over the lands at once to the Public Works Department as per statement No. I, regarding which bills, &c., have been sent from this office, and transfer the cases to statement No. II for the next month.

Against the Temporary Deputy Collector are entered 187 cases as "pending payment," and 113 as practically not settled. The former includes 96 cases in which, owing to certain discrepancies between bills and cheques, the Gudiváda tahsildar hesitated to make the payment. The Temporary Deputy Collector has been asked to set right the discrepancies.

Of the latter—113 cases—some 55 cases had all been completed when revised schedules were received from the Public Works Department. The lands concerned are being remeasured.

Resolution—dated 28th April 1886, Mis. No. 3063.

There were 617 cases pending at the beginning of the month and 42 more were received during the month, making a total of 659 cases. Of these, only 74 were disposed of in the course of the month. Of the remaining 585 cases, compensation has been settled and statements submitted to the Board in 12 and bills to engineers in 167 cases ; 235 cases are pending payment and the rest are pending as follows :—

Pending with the Sub-Collector	28
Do. General Deputy Collector...	1
Do. Temporary Deputy Collector	113
Under reference to the Head Assistant Collector	4
Do. to the Local Fund Engineer	1
Do. to the Zemindar of Devarakót	24

2. Several cases are entered as unsettled for want of information from tahsildars. The disposal of these should be expedited. The bills sent to the Superintending Engineer so far back as April 1883, in cases Nos. 2 and 4 in the Head Assistant Collector's list and which relate to the year 1871-72, do not appear to have been disposed of as yet.

3. The difference of Acres 13·97 between the entries in column 6 of statements I and II from the Sub-Collector is said to represent the extent of land taken up by the Local Fund department before the settlement of compensation.

,, Collector of Kistna.

ORDER—dated 23rd June 1886, No. 510, Revenue.

Miscellaneous.

The progress made by the General and Temporary Deputy Collectors is far from satisfactory. It is observed that not a single case was disposed of by the former officer and only 48 out of 442 by the latter during the two months—January and February. The number of cases settled but pending payment with both these officers was larger at the end of February than at the end of January, viz., 17 and 187 against 12 and 131, respectively. The Collector should insist on more expeditious disposal of claims.

2. The delay in the disposal of the bills, referred to in paragraph 2 of the second Proceedings of the Board read above, is accounted for in Government Orders of the Public Works Department, Nos. 380 W. and 570 W., dated 11th February and 3rd March 1886, respectively.

3. The irregular occupation of land by the Local Fund Department, referred to in paragraph 3 of the same Proceedings, will be noticed in the Financial Department.

Read—the following letter from R. SOORIA ROW, General Deputy Collector, to the Collector of Kistna, dated Guntúr, 19th May 1886, No. 331 :—

With reference to your letter, No. 1497, of 7th May 1886, I have the honor to inform you that the opening balance, viz., Acres 10-85½, shown in my compensation progress report for March 1886, is the balance of the Palnád taluk only, and not that of Palnád and Vinukonda together. The total balance of both the taluks is Acres 12-43½ as correctly shown in the report for the previous month. The taluk totals were not, by an oversight, added. Hence the discrepancy.

No. 1928.

Submitted to the Board of Revenue in continuation of paragraph 3 of this office No. 1565, dated the 12th May 1886.

MASULIPATAM,
4th June 1886.

(Signed) M. R. WELD,
Acting Collector.

Resolution—dated 23rd June 1886, Mis. No. 4698.

The number of claims pending at the beginning of the month was 585, including the 497 claims newly received during the month under report; the total number amounted to 1,082. Of these, thirty-three were disposed of during the month, leaving at its close 1,049, distributed as follows :—

Number of cases in which compensation has been settled and statements submitted to the Board		11
Number of bills have been sent to Engineers...		294
Cases pending payment before the Sub-Collector	97	
Do. do. the Head Assistant Collector.	1	
Do. do. the General Duty Deputy Collector	3	
Cases pending payment before the Temporary Deputy Collector	481

Do. do. to Local Fund Engineer	1	
Do. do. to Head Assistant Collector	4	
Cases under Zemindar of Devarakót and the Superintending Engineer	24	
		30
Total ...		1,049

The cases pending before the Sub-Collector and the Temporary Deputy Collector are large and their disposal should be expedited. In many cases information appears to be due from Tahsildars.

2. The Collector states that in one case the Department of Public Works occupied 94 cents of land without permission, and that he has called for an explanation from the Superintending Engineer. The explanation should be submitted when received.

3. The Board observe that in statement No. I, received from the Temporary Deputy Collector, balances have not been brought forward in three cases against items 5, 8 and 14. If they are taken into account, the total in columns 6 will be Acres 83—50 and not Acres 81—51.

4. It is further observed that in column 9 of statement No. 1 received from the Sub-Collector, the extent of land for which compensation has been settled and statements sent to Engineers is given as Acres 35—44 instead of 44—10, which appears to be the correct total according to the details.

5. The Collector is requested to see that the mistakes of the kind above noticed are not repeated. He is also requested to arrange for a total being put at the end of each page in each statement in future.

ORDER—dated 19th July 1886, No. 598, Revenue.

Miscellaneous.

The Government observe that the number of pending cases for which compensation had been settled and bills submitted at the end of March was 992 against 502 at the end of February. The balance left at the end of March was thus reduced to 57 cases against 83 at the end of February. The progress made is so far satisfactory.

2. Final disposal of the 582 cases pending actual payment should be expedited.

3. Besides the mistakes pointed out by the Board, the following are observed, and care should be taken to avoid such in future. In case No. 8 of the Temporary Deputy Collector's statement No. I, the extent of land to be transferred (column 5) is entered as 84 cents and that transferred (column 6) as 94 cents. In the same statement the total of column 8 does not tally with the difference of columns 5 and 6 as should be the case. In statement No. II of the same office, the total extent of lands taken up is entered (column 6) as 81 acres 51 cents, while the details give an actual total of 81 acres 61 cents.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

READ the following ~~letter~~ papers:

April Board's Proceedings, dated 22nd July 1886 No. 5510 Mis: reviewing Compensation Progress Report received from the Collector of Kistna for April 1886.

May Board's Proceedings, dated 16th August 1886 No. 6113 Misc: reviewing the Compensation Progress Report of the Kistna District for May 1886.

June Board's Proceedings, dated 4th September 1886 No. 6635 Mis: reviewing the land Compensation Progress reports of the Kistna District for June 1886, forwarded with Collector's letter dated 4th August 1886 No. 2861.

Order thereon, 18th October 1886, No. 6213.

The number of cases finally disposed of during the month of June was 380 and the progress made is so far satisfactory

satisfactory. But the arrear file is still heavy, and no efforts should be spared to clear it. It is observed that, of the 169× cases practically not yet settled, no less than 132 belong to the Temporary Deputy Collector's Division, and the Board will consider whether the disposal of land compensation claims in this Division may not be transferred wholly or partly to the Special Deputy Collector who has been appointed to this District to settle compensation for lands required for the Bellary-Kistna Railway.

× including the 28 cases said to be under reference to the Head Assistant Collr and the Zemindar of Devarkota.

2. In the detail given in para 4 of the Collector's letter of the 4th August with regard to cases for which bills have been sent, one case, viz. that covered by bill No. 80, is entered as being more than 38 months in the hands of the Public Works Officers. This is incorrect as the Superintending Engineer has shown (vide G. O. of 15th Feby 1886 Irrig No 1120), that the bill in this case which had been returned for revision was retransmitted by the Collector only in September 1885. In future reports the case should be classified with respect to its detention by the Public Works Department according to the date on which it was finally transmitted to that Department.

3. With this Communication ~~and~~ an extract from the Collector's letter above referred to will be furnished to the Public Works and Financial Departments in view to expediting the disposal of bills which may remain undisposed of out of those shown to have at the end of June last, been more than three months in the hands of the Public Works and Local Fund Engineers.
