READ—the following paper:—

*Read*—

Proceedings of the Government of India, Department of Finance and Commerce (Accounts and Finance), dated Simla, 28th July 1882, No. 2735.

*Resolution*—

The Governor-General in Council observes that, under Resolution in the Department of Finance and Commerce, No. 276, dated 30th April 1880, Government Promissory notes deposited with public officers *ex-officio*, either as endowments, in trust for minors, or on other accounts, are now placed in the custody of the Comptroller-General or the Accountant-General, Madras or Bombay; Provincial and Municipal debentures are also entrusted to the custody of the local Account officers. There is, however, no rule regulating the custody or control of miscellaneous securities, such as railway or other stocks, when such securities are held by public officers in trust for some public or *quasi*-public purpose or on behalf of Government.

2. The absence of any such rule lately enabled a retired public officer to misappropriate certain securities which stood in his name in trust for a charitable Dispensary, and the fact was discovered when it was too late to recover the money from him.

3. To prevent the possibility of similar occurrences in future, His Excellency in Council proposes to rule that, whenever securities of any description are held by any public officer in virtue of his office, such securities shall, if possible, be held not in the name of the officer but in that of his office: for example, securities held by A. B., Collector of C., in virtue of his Office of Collector should be held formally by the Collector of C., and should not stand in the name of A. B.; and further, that such securities shall always, if possible, be held by two officers, and shall be lodged with the Civil Account Officer of the province for safe custody. These orders will not of course apply in any case in which compliance with them would be a violation of the terms of the trust under which the securities are held, but all such cases must be reported for the information of the Local Government. Before, however, promulgating this rule, the Governor-General in Council desires to be informed of the views of the several Local Governments and Administrations and of the Comptroller-General on the subject. It should be specially considered whether there are any securities of such a character that the arrangements now proposed are not feasible in respect of them. And a return should be submitted to the Government of India, showing the miscellaneous securities held by public officers, the nature and purpose of the trusts under which they are held, and whether the terms of the trust admit of the appointment of two trustees.

### GOVERNMENT OF MADRAS.

### FINANCIAL DEPARTMENT.

Read—the following paper :—

From R. LOGAN, Esq., Officiating Under Secretary to the Government of India, Department of Finance and Commerce (Accounts and Finance), to the Chief Secretary to Government, dated Simla, 19th August 1882, No. 3144.

In continuation of the Resolution in this department, No. 2735, dated the 28th July 1882, regarding the custody of securities held *ex-officio* by officers of Government, I am directed to forward, for consideration in connection with that Resolution, the accompanying copy of a letter* from the Comptroller-General, in which that officer points out certain difficulties which require consideration in framing a rule such as it is proposed to issue.

* No. 1060, dated the 7th August 1882.

Enclosure.

From J. WESTLAND, Esq., Comptroller-General, to the Secretary to the Government of India, Department of Finance and Commerce, dated 7th August 1882, No. 1060.

With reference to Resolution, No. 2735, dated 28th July 1882, regarding custody of miscellaneous securities referred to me (among others) for report, I have the honor to point out the following difficulties which will have to be considered in any scheme of the kind :—

(1) Neither Government securities nor any others can safely stand in the name *ex-officio* of a Government officer, if the office is not of a permanent nature. There would in such cases be difficulties as soon as the office ceased to exist. For example, this would be the case with respect to any funds placed in the hands of the present President of the Education Commission.

(2) That securities of some kinds (*e.g.*, shares in Commercial Companies) entail liabilities which few Government officers may fully understand, and which Government should not have to do with.

(3) That we have not in our civil account offices the necessary organisation for the collection and distribution of the proceeds of securities other than Government securities.

My own opinion therefore is—

(1) That miscellaneous securities held in trust by public officers should, if conformable to the terms of the trust, be sold out, and that Government securities should be brought with the proceeds.

(2) That if such a transfer is not conformable with the trust, the public officer should, with the consent of the Official Trustee, take measures to have him appointed (Section 10, Act XVII of 1864), and if the Official Trustee does not consent that he should refuse the Trust.

Resolution—dated 21st February 1883, No. 494.

The foregoing letters, received in reply to Board's Proceedings, dated 5th September 1882, No. 2217, and 5th October 1882, No. 2435, calling on Collectors to report on the rule proposed by the Government of India for the control and custody of miscellaneous securities held *ex-officio* by public servants, are herewith submitted to Government with reference to G.Os., dated 15th August 1882, No. 946, and 5th September 1882, No. 1119, Financial Department.

2. The accompanying statements show the several descriptions of miscellaneous securities held by Public officers in the different districts of the Presidency, the nature and purpose for which held, &c. These securities, which are usually furnished by public servants for the faithful discharge of their official duties, or by renters and contractors for the due performance of their contracts, may be classed under the following heads :—

1. Security bonds mortgaging or hypothecating real property.
2. Personal security bond.
3. Savings Bank deposits.
4. Cash deposits.
5. Fixed deposits in a Bank.

3. The Government of India suggest, with a view to prevent opportunities for misappropriation by public officers, (1) that miscellaneous securities should not be held by officers in their own names, but in the names of their offices; (2) that they should be held by two officers; and (3) that they should be lodged with the Civil Account Officer of the Province. The first rule is already in force in this Presidency, but the securities are usually made out in the name of only one officer and lodged in the Collector's Treasury.

4. The securities falling under Classes Nos. 1 and 2 are executed in the name of the Secretary of State. It is unnecessary that the bonds under these heads should be drawn in the names of two officers, nor is it desirable that they should be forwarded to the Account Officer for custody, as they are required annually by the District Officers for verification and report as to their sufficiency and validity.

5. When Savings Bank deposits (Class No. 3) are tendered as security, a letter of agreement is taken from the party concerned in favor of the Secretary to the Bank, to the effect that he would not claim payment of his deposit except with the written sanction of the officer under whom he may be serving and whose official designation is inserted in the agreement (*vide* Form 39-S. B., page 345, of the Civil Account Code, Volume I); that he would not object to the payment by the Bank of this deposit to such officer upon his claiming it; and lastly, that he would not make any claim for payment of interest after the deposit has been drawn by the officer concerned.

6. The cash deposits (Class No. 4) are held in the Revenue Deposit Account in the name of the Collector. The Board think that such deposits should be converted into Government Promissory Notes or Stock Notes. The depositors themselves will benefit by the transaction, and are not likely to object to the conversion.

7. There is nothing in the nature of the securities falling under Classes 3, 4 and 5 which would preclude their being held in the names of two trustees, but the Board do not think that such a course is necessary for the prevention of frauds.

The interests of Government will be sufficiently protected, if the rule is enforced that all such securities should be in the official name of the Collector of the district for the time being, or, in the case of special departments such as the Police, the Jail, Registration and Salt, &c., in the official name of the Head of the Department, and that no temporary officer should hold any security. It should be borne in mind that, under the operation of the recent Resolution of the Government of India printed in G.O., dated 23rd September 1882, No. 3118, Revenue Department, communicated in Board's Proceedings, dated 18th November 1882, No. 2832, the number of cases in which miscellaneous securities are accepted will be very considerably diminished, and all such exceptional cases will be reported for the sanction of the Local Government. In all these cases, the securities may be forwarded to the Accountant-General for safe custody, unless returnable within twelve months. In the case of these latter securities, which may be temporarily retained by the Collector, he may be required to furnish a statement half-yearly to the Accountant-General, showing the description and amount of security received, the purpose for which received, the dates on which any of them may have been returned and the reasons for returning. The Board consider that it would be inconvenient in practice to associate the Official Trustee with the Collector or other officer as proposed by the Comptroller-General, and to reject the securities in all cases in which the Official Trustee declines—as he doubtless will in the majority of cases—to be appointed co-trustee. If the Government consider that a second officer should be associated with the Collector, the Treasury Deputy Collector will be the best person to be so appointed.

8. In the returns furnished by the Collectors of Vizagapatam, Anantapur, Tanjore, Tinnevelly, Nílgiris, Salem, Malabar and Sea Customs, Madras, Government Promissory Notes deposited by Abkári and other contractors and mercantile firms

have been included with miscellaneous securities. Excepting the Promissory Notes marginally noted which are lodged with the Accountant-General, and Promissory Notes for Rs. 26,500 deposited with the Collector of Sea Customs, Madras, by mercantile firms and lodged with the Madras Bank, the others are kept in the Collector's Treasuries. All Collectors who hold such notes for more than one year should, if their owners do not wish to draw interest during the period of deposit, forward them to the Accountant-General for safe custody only, under the terms of the Resolution of the Government of India embodied in G.O., dated 24th November 1880, No. 2206, Financial Department. If the owners wish to draw interest during the period of deposit, the notes should be forwarded to the Accountant-General for conversion into stock or book debts, under the Resolution of the Government of India communicated with G.O., dated 25th May 1880, No. 1051, Financial Department. Under these orders, Collectors are authorized to keep in their Treasuries only such Government Promissory Notes as are returnable within twelve months, but in no case can interest be drawn by them on Government Promissory Notes, this duty being assigned to the Accountant-General (*vide* paragraph 4 of the Resolution above quoted). The purpose for which the Government Promissory Note marginally noted is held by the Collector of Tanjore is not clearly explained in the Collector's remark, but it appears to the Board that this, as well as the Government Promissory Notes for Rs. 17,200 held in Salem in trust for the Hosúr Vaccination Fund, Krishnagiri Vaccination Fund and the Hosúr Charitable Dispensary Fund, should be forwarded to the Accountant-General for conversion into stock debts. The Collectors of Tanjore and Salem will report whether there is any reason why this should not be done. The notes deposited by mercantile firms to facilitate the passing of their goods through the Custom House, and lodged by the Collector of Sea Customs, Madras, with the Bank of Madras, are held practically at call, and it would be inconvenient to transfer them to the custody of the Accountant-General. It is understood that the Collector does not draw interest on them for disbursement to the firms.

9. In South Canara, a Savings Bank account is opened in the name of the Collector for the time being, for investment of the interest derived from the Government Promissory Notes appertaining to the Laccadive Poor Fund. The Collector states that it will be inconvenient to lodge the Pass Book with the Accountant-General, as money is required to be drawn from time to time, but he has no objection to the account being kept in the joint names of the Collector and some other officer likely to be always present at head-quarters.

10. The Collector of Malabar refers in his letter to deeds of conveyance in favor of Government for lands purchased by them. These are, however, simply evidences of title, and do not, the Board think, constitute securities in the sense intended by the Government of India.

The Proceedings read above will be transferred to the Financial Department, with reference to their Order, No. 946, dated 13th August 1882.

2. The Government in this Department concur generally in the conclusions arrived at by the Board. It would certainly be inconvenient for securities of Classes 1 and 2 to be forwarded to the Accountant-General for custody, and it would appear unnecessary for those of Classes 3, 4, and 5 to be held in the name of two trustees. Should this course however be decided on in respect of the latter class of security, the Government agree with the Board in considering the Treasury Deputy Collector, who is a fixture at head-quarters, to be the best officer to associate with the Collector for the time being in the trust.

*Observations*—

In Resolution No. 2735, dated the 28th July 1882, it was pointed out that there was no rule regulating the custody or control of miscellaneous securities (that is, securities in other forms than Government Promissory Notes) held by public officers in trust for some public or quasi-public purpose, or on behalf of Government.

It was therefore proposed to rule that whenever securities of any description are held by any public officer in virtue of his office, the securities shall be held in the name of the office, and further, if possible, that the securities shall be held by two officers and lodged with the Civil Account Officer. The local Governments and Administrations were asked to consider this proposed rule.

Subsequently, in his letter No. 1060, dated the 7th August 1882, the Comptroller-General pointed out certain difficulties in connection with the proposed rule and suggested as follows :—

(*a*) That miscellaneous securities held in trust by public officers should, if conformable to the terms of the trust, be sold out, and that Government securities should be bought with the proceeds.

(*b*) That if such transfer is not conformable with the trust, the public officer should, with the consent of the Official Trustee, take measures to have him appointed (section 10, Act XVII of 1864), and, if the Official Trustee does not consent, that he should refuse the trust.

These suggestions were also circulated to local Governments and Administrations with letter from this department, No. 3144, dated the 19th August 1882.

After a careful consideration of the replies received from the several local Governments and Administrations, the Governor-General in Council is pleased to prescribe the following rules regarding investments in securities, of funds held in trust by public officers for some public or quasi-public purpose, or on behalf of Government :—

I.—Subject to the exception referred to in Rule III, all investments in securities of trust funds held by a Government officer for a public or quasi-public purpose, such as the maintenance of a dispensary, school or the like, shall be made in Government Promissory Notes only, and all securities other than Government Promissory Notes now held in trust for such purposes by any Government officer in virtue of his office, and all such securities which may hereafter come into his possession, shall be converted into Government Promissory Notes.

II.—All trusts for such purposes as those indicated in Rule I shall, subject to the exception stated in Rule III, stand in two names, and, instead of the personal name of an officer of Government, his official designation shall, if possible, be employed. All securities held under such trusts will, subject to the same exception, be dealt with in accordance with the provisions of Resolution by the Government of India in the Financial department, No. 276, dated 30th April 1880. The local Governments concerned should go through the lists of endowments, which have been several times published under the resolution referred to, and declare which of the trusts represent permanent endowments, and should issue orders to the Accountants-General that securities appertaining to such permanent endowments are not to be sold or given up without the orders of Government. The local Government should also, in the case of any trust at present standing in the name of one officer only, issue instructions declaring what second officer should be associated in the trust.

III.—If in any case owing to any legal or other difficulty the orders prescribed in Rules I and II cannot be carried out, or if in any case it is not considered desirable to carry them out, the facts of the case should be reported to the local Government, and the local Government should, by special orders, make such arrangements as may be necessary to protect the interests of Government and to secure the safety of the trust funds or securities.

The local Government should consult the law officers in each case, before taking action under Rules I and II, and also on any other question that may arise, and may, if necessary, direct, when it is legally open to it to do so, that the trust be declined.

*Order*—

Ordered, that this resolution be communicated for information and guidance as follows :—

To the Home department.
To the several local Governments and Administrations.
To the Comptroller-General.
To the several Accountants-General and Comptrollers.

## GOVERNMENT OF MADRAS.

## FINANCIAL DEPARTMENT.

Read—the following paper:—

From H. F. CLOGSTOUN, Esq., Accountant-General, to the Chief Secretary to Government, dated Fort St. George, 19th August 1885, No. 2040.

Book department.

With reference to Proceedings of Government in the Financial department, Mis. No. 806, dated the 30th April, and Official Memorandum, No. 1442, of 12th August 1885, I have the honor to submit a statement showing endowments held for the award of prizes and scholarships and for the maintenance of schools, orphanages, &c., on which it seems to me the Government might at once, without consulting their solicitors, pass orders with reference to rule II of the rules issued by the Government of India and recorded in G.O., Financial, No. 94, dated 14th January 1884.

Inst Com?

305 W 5.2.

2. The statement shows the names of the officers to whom interest is now paid and to what object it is devoted by them, as also the particulars of Government orders which contain the history of the endowments. There can be no doubt that these are permanent endowments which should not be sold or given up without the formal sanction of Government, and I have not therefore taken the opinion of the Government Solicitor upon them.

3. There are numerous other endowments, however, received under the Resolution of the Government of India, Financial department, No. 276, of 30th April 1880, but information as to the terms under which these endowments are held is not available in this office, and I have therefore had to apply to the officers concerned for the necessary information; and on receipt of it, I will duly consult the Government Solicitor and address Government again in respect to them.

4. In the list now submitted for orders, I have shown at the end the investments made out of balances of certain public funds. These also cannot be sold without the sanction of Government, although they are not permanent investments.

ORDER—dated 21st September 1885, No. 1300, Financial.

In the Resolution of the Government of India, recorded with G.O., No. 94, Financial, dated 14th January 1884, certain rules are laid down for dealing with trust funds held by Government officers for public or *quasi*-public purposes, and Local Governments are directed to go through the lists of endowments and to declare which of the trusts represent permanent endowments, the Accountant-General being informed that the securities appertaining to such permanent endowments are not to be sold or given up without the orders of Government.

2. The Accountant-General now submits a statement showing the endowments held in Madras for the award of prizes and scholarships and for the maintenance of schools, orphanages, &c., regarding which he requests orders. It is observed that the statement does not show the persons in whose names the trusts now stand. This information should be afforded. Under rule II of the Resolution of the Government of India, dated 2nd January 1884, No. 1, it is required that all trusts shall stand in two names. A second name should be suggested by the Accountant-General in cases where one only exists.

3. With the exception of the Zion Church Fund at Tranquebar, regarding which separate orders will be passed, the endowments in question all seem to belong to the class of permanent endowments. It is accordingly directed that none of these shall be sold or given up without the formal sanction of Government.

4. The statement with the orders thereon will be published in the *Fort St. George Gazette* for general information.

5. The amount shown at the end of the statement on account of Village service and Irrigation cess funds, though not permanent investments, are public funds which cannot be sold without the sanction of Government.

6. The further report promised in paragraph 3 of the Accountant-General's letter will be awaited.

Order—dated 15th April 1887, No. 485, Financial.

With his letter recorded in G.O., No. 881, dated 1st September 1886, Financial, the Accountant-General submitted a further list (A) of permanent public endowments, and a list (B) of public endowments whose administrators do not consider them permanent.

2. In regard to List A, heads of departments were consulted as to additional trustees to be appointed for the administration of the funds, as required by the Government of India. Replies have now been received, and the recommendations made are embodied in the revised list attached to these proceedings, which also includes two additional endowments since brought forward by the Accountant-General.

3. The endowments in question are hereby declared to be public endowments, which should not be sold nor given up without the formal sanction of Government.

4. The list, with a copy of these proceedings, will be published in the *Fort St. George Gazette*.

5. As suggested by the Government Solicitor, copies of the deeds of gift or trust creating the endowments should, wherever possible, be furnished to the trustees, who will be responsible for the proper application of the money.

6. The Government authorise the transfer to the trustees of the Rock Fort Pagoda, Trichinopoly, of the funds referred to in paragraph 13 of the Accountant-General's letter, No. 315, dated 4th February 1887, to be applied to the construction of a mantapam in the temple.

7. As regards the endowments shown in List B, attached to G.O., No. 881, dated 1st September 1886, the Government Solicitor does not see how the Government can interfere in their administration without the consent of their present administrators, which is withheld. These endowments are not permanent, and where they are likely to be treated as permanent, there is a large body of trustees, not Government officers. No action need be taken in regard to them.

Order—dated 15th April 1887, No. 485, Financial.

With his letter recorded in G.O., No. 881, dated 1st September 1886, Financial, the Accountant-General submitted a further list (A) of permanent public endowments, and a list (B) of public endowments whose administrators do not consider them permanent.

2. In regard to List A, heads of departments were consulted as to additional trustees to be appointed for the administration of the funds, as required by the Government of India. Replies have now been received, and the recommendations made are embodied in the revised list attached to these proceedings, which also includes two additional endowments since brought forward by the Accountant-General.

3. The endowments in question are hereby declared to be public endowments, which should not be sold nor given up without the formal sanction of Government.

4. The list, with a copy of these proceedings, will be published in the *Fort St. George Gazette.*

5. As suggested by the Government Solicitor, copies of the deeds of gift or trust creating the endowments should, wherever possible, be furnished to the trustees, who will be responsible for the proper application of the money.

6. The Government authorise the transfer to the trustees of the Rock Fort Pagoda, Trichinopoly, of the funds referred to in paragraph 13 of the Accountant-General's letter, No. 315, dated 4th February 1887, to be applied to the construction of a mantapam in the temple.

7. As regards the endowments shown in List B, attached to G.O., No. 881, dated 1st September 1886, the Government Solicitor does not see how the Government can interfere in their administration without the consent of their present administrators, which is withheld. These endowments are not permanent, and where they are likely to be treated as permanent, there is a large body of trustees, not Government officers. No action need be taken in regard to them.

Please see the accompanying draft order from this Office it does not appear necessary.

The Resolution regarding Mis: Securities ~~are~~ is apparently not applicable to the P.W.D.

2/2/84

We have already said in our O.N. that no G.O. is necessary for the Code. The P.W.D. does not hold any Trust Property & the orders of India would never as far as I can see affect this Dept.
