GOVERNMENT OF MADRAS.
REVENUE DEPARTMENT.

READ—again Mis. G.O., dated 7th March 1887, No. 1463, Revenue.

Read—the following Proceedings of the Board of Revenue, dated 1st February 1887, No. 165:—

Read—again Proceedings of the Board of Revenue, dated 10th November 1886, Mis. No. 8353.

ABSTRACT.—Submitting to Government letter from the Collector of Nilgiris reporting that the site chosen for the slaughter-house at Coonoor has been abandoned and that another will be selected.

Read—also the following letter from L. R. BURROWS, Esq., Collector of Nilgiris, to the Secretary to the Board of Revenue, dated Ootacamund, 19th January 1887, No. 17:—

With reference to my letter No. 288, dated 3rd November 1886, communicated to Government in Board's Resolution, dated 10th idem, Mis. No. 8353, I have now the honor to state that the Chairman of the Coonoor Municipality has applied to me to transfer a site, measuring about 1,736 square yards, to the municipality out of settlement No. 59-F, which measures 2.19 acres in extent, for the new slaughter-house.

This piece of land is registered in the revenue accounts as Government poramboke (reserved land), and the Public Works Department has its office building erected on it.

2. I addressed the Executive Engineer to ascertain if there were any objections to the grant of the small site to the municipality for the purpose specified, and he writes to say that he has no objection, that Government sanction is necessary, and that they should have a claim to the land if it is required ever hereafter for public purposes.

3. The enforcement of the Executive Engineer's restriction is attended with practical difficulty as the slaughter-house will be a permanent structure, and should Government ever require the surrender of the site they should in fairness compensate the municipality with the amount required for building a fresh slaughter-house. And there is the further difficulty of allotting a suitable site, as the Board are, no doubt, aware from the past correspondence on this subject; but I cannot anticipate for what public purpose the Government are likely to require the land at any time in the near future.

4. I beg, therefore, to recommend that the site be made over to the Municipal Councillors with the simple condition that it should be restored to Government when no longer required. It is not necessary to demarcate it permanently, but the Executive Engineer may be asked to show its boundaries on the ground by means of a ditch or trench prior to making it over to the Municipal Councillors.

5. I enclose a sketch showing the site applied for, marked by red lines.

Resolution—dated 1st February 1887, No. 165.
