SIR,

The Executive Engineer South Arcot reports, that he has not been able to complete the sorting of the records in his Office, but that he is much in need of the aid of an extra clerk for four months. I noticed in my recent Report of Inspection of the Executive Engineer's Office, No 4358 dated 9th March 1883, that there were some records in excess of what is required; and I have had a list sent to me now with a view to a part of the old records being destroyed. As more work remains to be done, and the Office Establishment is fully occupied with its duties, I have the honor to recommend that a temporary

From

Executive Engineer
South Arcot Division

The Superintending Engineer,
5th Circle

Sir,

I have the honor to inform you
that in the Division Office, there
is a great mass of old records
of the late District Engineer's and
old Range Offices, still remain-
ing to be sorted, though some
of them had been previously
sorted by two temporary clerks,
sanctioned in G.O. No. 1693 dated
5 July 1882, for 6 months on Rs. 15
per mensem. A great por-
tion of these records was da-
maged by the extraordinary
flood of 18 December 1884, when
3 feet of water stood in the
Office, when they were however
removed, dried and stored
as carefully as possible. Since then
they are in a disorderly state,
and they were shown to you on the
two occasions of your personal
inspection of the Office in May
and October 1886. Unless they
are sorted, it is impossible to say

whether

Prithachellam
Vellundoorpet
Tindivanam
Guddalore

whether the old records contain
 any useful papers relating to
 works, or salary abstracts, ac-
 = quitance Rolls and papers con-
 = nected with personal matters
 and Accounts &c. I therefore
 request that you will be good
 enough to obtain sanction of
 Government under para 859 of
 the P.W. Code for the esta-
 = tishment of 2 temporary clerks
 as their services are absolutely
 required to complete the sort-
 = ing of old records.

2. If temporary clerks cannot
 be given now under the exist-
 = ing financial pressure, I re-
 = quest that sanction may be
 obtained for the destruction of
 such old records, at the discre-
 = tion of the Divisional Officer,
 as are damaged more or less
 by the above mentioned flood.

I have &c
