GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following letter from J. W. BRASSINGTON, Esq., Officiating Consulting Architect to Government, to the Chief Engineer, Public Works Department, dated Chepak, 28th April 1887, No. 115:—

I have the honor to submit the following three estimates for the sanction of Government and provision of funds:—

	RS.
(1) Maintaining the Chepak Park including repairs to roads for 1887-88.	8,148
(2) Maintenance of the South Beach Marina for 1887-88	2,906
(3) Conservancy of the floating latrine for 1887-88	1,248

Nine separate estimates were sanctioned for the maintenance of the Chepak Park for the past official year, the total of which amounted to Rs. 7,845. The excess Rs. 303 in the estimate now submitted is due to the salaries of night watchmen which were hitherto charged to temporary establishment but now included in this estimate in accordance with G.O., No. 314 W., dated 5th February 1887.

2. Two estimates, amounting to Rs. 1,886, were sanctioned for the maintenance of the South Beach Marina for 1886-87. The excess of Rs. 1,020 is due to the renewing of tannery bark, actually necessary for the ride and to extra gardeners to be employed to look after the hedges, and planting, along the east side of the Hindu cemetery wall and from the Ice-house road to Elliot's road.

3. Rupees 697 was sanctioned in 1886-87 for the conservancy establishment of the floating latrine. The excess of Rs. 551 in the present estimate is due to the pay of the conservancy Sergeant being included in the estimate (*vide* G.O., No. 314 W., dated 5th February 1887).

ORDER—dated 13th May 1887, No. 1314 W., Public Works.

The undermentioned estimates are sanctioned:—

	RS.	
Maintaining the Chepak Park during 1887-88.	8,148	Provincial No. 16 W. of 1887-88, Miscellaneous Public Improvements, Repairs.
Maintenance of the South Beach Marina during 1887-88.	2,906	Provincial No. 17 W. of 1887-88, Miscellaneous Public Improvements, Repairs.
Conservancy of the floating latrine during 1887-88.	1,248	Provincial No. 18 W. of 1887-88, Civil Buildings, Repairs.

2. The Consulting Architect will apply for the required funds in his statement of demands for incomplete and minor new works, repairs and tools and plant.

Please give the total
amount to be charged
to petty supervision in
these estimates divided
between "original works" and
repairs or maintenance —
this will include all men
formerly charged to temporary establishment.

On re-consideration I think
it would be better to sanction
the estimates — and allow
all the establishment to be
charged to "works" —
