From the Consg. Archt. to Govt. No. 141 dated 4th May 1887

Returns of ancient architectural remains for year ended 31st March 1887.

Order thereon No. 1353 W. dated 17th May 1887

The Superintending Engineers II and V circles, and the Consulting Architect, have submitted nil returns. The Superintending Engineer IV circle merely reports that no architectural remains, in addition to those previously reported, have been discovered during the year ; and the Superintending Engineer I circle mentions the Asoka Tablets without any remarks. The attention of these officers will be directed to para 2 of G. O. No 1513 W dated 15th June 1886 in view to their reporting without delay whether there are any buildings of architectural or historical interest in their circles, which require, and are worthy of repair .

2. The returns submitted by the Superintending Engineers, III & VI circles, will be returned to those officers for early resubmission, with information in each case, as to the

present state of repair of the building, and whether it is considered worthy of preservation.

From ____ Do ____ Do VI Circle Nos 79 T.J. & 89 T.J. dated 16th & 19th April 1887 respectively

From the Consg. Archt. to Govt. No. 141 dated 4th May 1887

Returns of ancient architectural remains for year ended 31st March 1887.

Order thereon No. 1353 W. dated 17th May 1887

The Superintending Engineers II and V circles, and the Consulting Architect, have submitted nil returns. The Superintending Engineer IV circle merely reports that no architectural remains, in addition to those previously reported, have been discovered during the year ; and the Superintending Engineer I circle mentions the Asoka Tablets without any remarks. The attention of these officers will be directed to para 2 of G. O. No 1513 W dated 15th June 1886 in view to their reporting without delay whether there are any buildings of architectural or historical interest in their circles, which require, and are worthy of repair .

2. The returns submitted by the Superintending Engineers, III & VI circles, will be returned to those officers for early resubmission, with information in each case, as to the

present state of repair of the building, and whether it is considered worthy of preservation.

Abstract.—Forwarding lists of buildings of historical or architectural interest for 1885-86.

Order—dated 15th June 1886, No. 1513 W., Public Works.

Recorded.

2. Superintending Engineers should report, from time to time, any buildings of architectural or historical interest within their circles, which they may deem worthy of repair, in order that they may be brought to the notice of the Director-General of the Archæological Survey of India.
