CURRENT NO. 3093

From,

Geo. Hammett Esq.
Inspector General of Registration
Madras.

To,

The Honourable C. Frank Webster
Chief Secretary to the Government
P.O. Secunderabad

Dated, Madras, 16th August 1886.

Sir,

The Registrar of Godavari reports that the Head Assistant Collector Godavari has desired him to take early steps to find a private building at Tannku, and to remove the sub registry office, which is held in the verandah of the Taluk Cutcherry, into it, and he accordingly requests that the sanction of the government may be obtained for renting a pukka built house at Rs 8, and for employing a rightwaili-man and sweepers on Rs 4, a month.

2. The necessity for constructing a new office at Tannku was brought to the notice of the Government in my letter J. No. 722 dated the 15th April 1882. and in G.O. Public Works dated the

21st April 1883. No. 1202. sanction
was accorded for constructing an
office at a cost of Rs. 2415, but
nothing has yet been done.

3. When I revisited the
station on the 28th January 1886, I
remarked.

"The office is still held in
the verandah of the taluk cutcherry.
A more unsatisfactory arrangement
cannot be conceived."

4. In G.O. Public Works.
dated the 22nd February 1886 No. 436 W,
it was decided that certain transfers
of grants which I suggested, to admit
of the erection of the office at Taninthu,
should be carried out in the final
issue of the Provincial Budget for
1886-87, but as some time must
elapse before the building can be got
ready. I have the honor to recom-
mend that the sanction of
His Excellency the Governor
in Council may be given
for incurring the charges
proposed by the Registrar,
which can be met either from
savings

savings in the budget estimate or
from the surplus which accrues
annually.

Sir,

NOTE OF REMARKS.

1. The accompanying revised plan
 and estimate provide for
 constructing a sub-registrar's
 office at Tanjore in the
 Tanjore District. The revised
 estimate amounts to Rs. 3090-
 being Rs. 075 in excess of the
 original estimate, Rs. 2415, sanc-
 tioned in G.O. No. 1202 W of the 2nd
 April 1883.
 2. Report is not submitted.
 The original estimate provided
 for a sub-registrar's office built
 in accordance with the standard
 design for such buildings sanc-
 tioned in G.O. No. 1202 W of the 1st January
 1882; and the revised estimate
 now submitted provides for
 an office on the lines of the
 revised standard design for
 sub-registrar's offices sanctioned
 in G.O. No. 1049 W of the 5th May 1887.

"When it is proposed to build registration offices in the same compounds with culcherries on the standard plans."

In the comparative statement it is stated that the proposed office is to be built - "with a platform of concrete for foundation - soil being very bad - cotton soil." - The three most important items in the excess are: - concrete; Burmah teak; and Godavari teak.

4. The rates are fair. -

The revised plan and estimate are approved by the Inspector General of Registration - who however, has omitted to counter-sign them. They are also approved in the judicial Dept.

The plan & estimate may be sanctioned
