Proceedings of the Madras Government

Read the following :-

Statements from Superintending Engineers and Superintendent of Works Tank Maintenance Scheme of lands held by mempers of the Public Works Department for 1885-86.

Order thereon No1976 W dated 9th August 1886.

The action taken by Superintending Engineers in objectionable cases is approved. The Statement received from the Superintendent of Works Tank Maintenance Scheme will be returned, with request that in the column of remarks it may be noted against each item whether it is objectionable or otherwise.

2. In the IV Circle statement, the remark against two items is "unobjectionable owing to the position of the owner "as a lascar". This is incorrect,- if the holding of the lands is objectionable, the owner should be transferred or ordered to sell the property, no matter what position he occupies.

3. Attention is invited to G.O. No 1221 W dated 13th May 1886.
