and I find constantly as much as several days delay due to this cause. Business which might be done by oral communication in five minutes is shirked or postponed owing to a very natural disinclination to walk half a mile in a roasting sun at midday in the case of Europeans certainly at a risk to life. I feel bound therefore respectfully to ask the Board to urge on the completion of these buildings at as early a date as possible.

Having regard to the above circumstances I am also compelled to bring to the Board's notice the want of accommodation for myself since the demolition of the Collector's office rooms in November last, I have been holding office in my own house. I have had the greatest difficulty in obtaining office accommodation for the Temporary Deputy Collector who has also been dispossessed and there is no house anywhere available which I can get for myself. With reference to Standing Order No. 240A I have the honor therefore to state that

that I have addressed the Executive Engineer to fix the proportion of the rent of this house which should be paid by Government and I herewith forward his reply. I request therefore that the Board will be good enough to obtain the sanction of Govt to the payment of rent at this rate from the 6 November 1886.

Resolution.

- Submitted to Government for orders.
2. The Board very strongly support the collector, in his desire that the collector's office shall be completed as soon as possible. The incommence of the present arrangements is very great and it is most important that every hindrance to the present progress towards a better state of things in Cuddalore should be removed.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following Proceedings of

the Board of Revenue dated 31 March 1884
 No. 2399, on letter from the Collector of
 Buddapah dated 24 March 1884 No. 1452.

On a perusal of a Public Works Budget
 for Provincial Services for 87-88 I find that
 in 86-87 and 1887-88 but 80,000 Rupees is assigned
 for the Collector's Office in this District out
 of a total estimated outlay of 143,141 from which
 I conclude that the building is not in-
 tended to be completed till the end probably
 of 88-89 or for more than two years from
 this date. I feel compelled therefore to
 bring to notice the extreme inconvenience
 which this will entail. Much of the con-
 fusion laxity and mess which prevailed
 and is prevailing in this District ad-
 ministration is distinctly traceable to
 the separation of all the Departments of
 the Collector's Office in scattered buildings

Applicable additional hds. will be cleared later in 88-89.
