Sir,

In submitting the enclosed extract from a letter received from the District Medical and Sanitary Officer, Murree No. 2 dated 7th April 1887, I have the honor to respectfully solicit your attention to Government Order No. 18132 Public Works, dated 17th July 1886.

2. The Municipal Councillors are anxious to learn from Government

p.w. 3994/8

this work was being undertaken, or even
to volunteer to pay their salaries while
exclusively employed in the carrying
on of municipal work. I know of no
work to which public money could be
better devoted. Estimates being once
settled, if it did so happen that this
undertaking was beyond the means of
the Council, the public would at
least reap the benefit of the reflection
that the reason they do not possess
either good water, or a town free from
the heavy affliction of Malaria, is
no fault of the Councillors.

+ (Signed) W. G. King M.B.

District Medical and
Sanitary Officer.

Chairman.

attempted to demonstrate the desirability
of at least ascertaining definitely what
such works would cost. I did this,
believing that the amount would
not be found beyond what the
Councillors might readily raise on loan.
Until this reform is completed, it is
impossible that Hurmool shall ever be
otherwise than a malarious station. More
than a year has elapsed since I called
the attention of the Councillors to this
matter. Yet, I have been given to
understand that no estimate has been
prepared. Why should not this important
subject be seriously pushed? The town
is not so large, or the distance so great
from the source that levels could not
be taken, and estimates be framed within
a very brief period. If the Public Works
Establishment is too short-handed to
enable that Department to undertake
the work, would it not be advisable
that the Councillors should ask the
Government to appoint the necessary
subordinates for the short time when

No. 9.

Kuruool
7th April 1887

Depd. 15th April 87.

Surgeon Major W. G. King M.B.

Dist. Med. and Sanitary Officer,

Kuruool

To,

The Chairman,

Municipal Council,

Kuruool.

Sir,

With reference to the Proceedings
of the Councillors dated the 3rd ultimo, I
have the honor to inform you that I
consider the provision of a correct Water-
supply, the closing of Grave-yards, and
the closing of Cesspools all to fairly come
under the term of urgently required
works.

2. In the case of the water-supply, all
I have urged is that the Councillors should
obtain an Estimate for works, on
correct Sanitary principles. In my
Memorandum dated, 31st March 1886 I
