Submitted to the Chief Engineer
P.W.D., thro' the Examiner P.W. Accounts, in
confirmation of this office endorsement No 25MD
of 6 April 187.

2. It is now clear that the outlay of
Rs 15,600-14-10 incurred by the local Fund
Department on the Vaigai Bridge work, subse-
quent to its transfer to the P.W.D. was without
any grant at the disposal of that Department,
as the so called special allotment of
Rs 26,062-8- added to the Rs 55,000 allotted
in G.O. No 1731 of 20 December 186 made
up the total of Rs 81,063 sanctioned in G.O.
No 315 dated 7 January 187. As the whole
of this amount was placed at the disposal

an early date necessary accounts to the
Executive Engineer, Madurai Division, for the
sum of Rs 4000 advanced to him towards
the construction of the Branch Railway
to the Bridge site. The sum of Rs 1000 -
referred to in para 4 of your letter under
reply represents the advance made to the
Agent, South Indian Railway, with reference
to his letter No 2312 dated 13 November 1886,
(Copy enclosed) to meet the charges on
account of carriage of materials from
the Siruparangundram quarry to the Bridge
site, with a view to avoid ^{the} inconvenience
of paying in cash as each consignment
is forwarded. This advance is recouped
by the Company as payments are made
of the bills sent by them from time to
time in the usual course. The Public
Works Department may withdraw it
whenever they consider the continuance
of the same to be no longer necessary.

5. I request you will be good
enough to lay the above facts before
Government in continuation of your
former

would, thus, appear that the Government D.P.W. were not provided with requisite funds for expenditure till the 20th December 1886. In the meanwhile, the Tahsildar of Madura awarded compensation amounting to Rs 13,634-1-6 to the owners of the lands taken up for the Bridge work; and at the instance of the Collector of Madura (copy of his letter No. 2418 enclosed) immediate payment thereof had to be made, as the owners, persistently, refused to make over their lands before their claims were settled. Again, the Agent of the South Indian Railway applied for an advance of Rs 1000 towards the construction of the Branch Railway and a further sum of Rs 1000 to meet the charges on account of carriage of materials to the Bridge site from Siruparangundram quarry. As these items of charges were of an emergent nature and the work had to be pushed on without interruption, an application was made to Government for a special allotment of Rs 26,662-8-0 to meet the above and other expenditure which was anticipated at the time, and it was sanctioned in

in Government Order No. 1716 & Miscellaneous, of 18th December 1886. (Copy enclosed)

2. It will, thus, be seen that the charges specified above, amounting to Rs 15,601

Compensation on account of the lands taken up	Rs 13,634-1-6
Advance towards the Construction of the Branch Railway	1000-0-0
Do - to meet charges on account of Carriage of materials from Siruparangundram quarry to the Bridge site	1000-0-0
	Rs 15,634-1-6
Deduct amount of rent paid back into Treasury to the credit of the work as the piece of land to which the rent appertained became a portion of certain lands since purchased by the District Board	33-2-8
	Rs 15,600-14-8
	or 15,601

were incurred in the Local Fund Department from the aforesaid special allotment and not from the funds at the disposal of the Government D.P.W. No further charges having had to be incurred, the balance has lapsed.

3. The Local Fund (District Engineer, Madura, has already been written to in this office No. 3 of 5-1-87) that no charges could be incurred by him in connection with the Bridge work since the receipt of L. O. No. 1731 & Inis placing necessary funds at the disposal of the Public Works Department. 20-12-86

Sir,

With reference to your letter No 26
M.O. dated 6th Instant, I have the honor
to inform you that the Vaigai Bridge work
was transferred by the Local Fund Department
to the Government P.W. on the 22nd and 23rd
October 1886 and that the balance left at the
time of the transfer out of the allotment
of Rs 15,000 provided in the Local Fund Budget
for 1886-87 was Rs 1003-11-1 only. Your Depart-
ment having, subsequently, applied for
necessary funds, the Government in Communi-
cation with this office placed at their

Sir,

As it will probably be inconvenient
to you to pay cash as each consignment of
stone for the Vaigai Bridge is forwarded
by rail, and as the rules of Government
deprive me of the power of giving credit
in the matter of freight, I beg to express
my willingness to open a ledger account
with you if you will make a deposit with
me of a sum from which the Railway
Company can pay themselves freight as it
accrues. A weekly statement can be rendered
you, and you can send me weekly such a
sum as will restore the deposit account
to the original figure. I am under the impression
that a deposit of one thousand rupees will
suffice, at all events for the present.
