GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following letter from G. T. WALCH, Esq., Superintending Engineer, I Circle, to the Chief Engineer, Public Works Department, dated Dowlaishweram, 5th May 1887, No. 45 G.L. :—

I have the honor to request instructions as to whether certificates are to be furnished by the officers of this department approving or otherwise of the municipal assessments on buildings which are *not* in charge of this department, such as, for instance, police huts.

2. Code, paragraph 982, only deals with the buildings in charge of the Executive Engineers.

ORDER—dated 30th May 1887, No. 1467 W., Public Works.

The Government are of opinion that in the case of all Government buildings on which municipal tax is levied, the responsibility for the acceptance of the assessment should rest with the Executive Engineer in charge of the division in which the building is situated. It will be suggested to the Government of India that this be made clear by substituting the words "Executive Engineer in charge of the division in which the building is situated," for "Executive Engineer in charge of the building" in lines 8 and 9 of paragraph 14, Chapter XI * of the Government of India Public Works Code.
