Proceedings of the Board of Revenue (Land Revenue), dated 21st April 1887,
Mis. No. 250.

No. 578 T.N.

REPORT by the Superintendent of Works, in charge of VI Circle, on the estimate, amounting to Rs. 1,580, for improving the Sub-Magistrate's cutcherri at Tuticorin, Otapidaram taluk, Tinnevely district.

The estimate was called for by the Collector in his letter, No. 39, of 23rd February 1886, to the address of the Executive Engineer, Tinnevely division. It provides for adding two rooms for records and stationery on the west side of the building, and demolishing the rear verandah rooms, which are obstructing the light and ventilation of the court room; also for inserting two doors in the rear wall of court room, two iron barred and glazed windows to police station and an iron barred window in the arm's room to improve the ventilation.

2. The roof of the entire building is leaky and requires repair. This estimate provides for retiling and whitewashing the building.

3. The rates are fair considering the distance materials must be carried. The estimate is recommended for sanction of Government and forwarded through the Collector of Tinnevely (*vide* paragraph 988 of the Public Works Code).
