READ—the following letter from Brigadier-General E. FAUNCE, Quartermaster-General, to the Secretary to Government, Military Department, dated Ootacamund, 17th May 1887, No. 1872 A:—

I have the honor, by order, to forward, for sanction and transfer to the Public Works Department for disposal, the estimate, plan, &c., below-mentioned, which have been approved by the Commander-in-Chief. The plan and estimate have been countersigned:—

Estimate, amounting to Rs. 511, for constructing a dining shed for the patients in the Lock hospital at Bellary, with plan, specification and report.

2. The work was not included in the schedule of military requirements of the Ceded districts for 1887-88, because the necessity for it was not apparent until very recently, when the Medical authorities represented that the crowded state of the hospital makes it absolutely necessary that a separate place should, on sanitary grounds, be provided for meals, which at present are taken in the open, in the hospital compound, without any protection from the sun or rain.

3. The Commander-in-Chief considers the early execution of this work will conduce greatly to the comfort and good order of the inmates.

No. 2918, Military.

Approved and transferred to the Public Works Department for disposal.
