FORT SAINT GEORGE,

To all Superintending Engineers.

Vedurgal 24 Feby 87.

To

Colonel J. Beatty R.E
Superintending Engineer
N Circle. Coimbatore.

The most humble petition of J. Ankasa hud.
Temporary overseer 1st grade, Baruc Project Works, most
respectfully sheweth.

That petitioner passed out of the C.E. College
Madras as Taluq overseer in May 1877, and was
employed as Temporary overseer on Famine Relief
Works in the Nellore District and on the Penna-
-gundapuram Project of the Salem District for a
period of 1½ years, from July 1877 to Janry: 1879.

That petitioners services on these works were
recognised as useful by Government and publi-
-lished as such in the Fort Saint George Gazette
of May 1880.

2. That petitioner was subsequently employed as
a Surveyor on the Varandabully project under
Executive Engineer Mr. J. M. Bell for a space of
7 months during the years 1879-80.

3 That petitioner, then, by the recommendation of
Mr. J. M. Bell & supported by Major Mead R.E. Supdg.
Engineer 4th circle (then) got a Permanent Local Fund
overseer's appointment under the Salem L. Fd. Board
and

overseership

and served as such for 3 years, when in Feby: 1884, the petitioner entered this Department again and joined this appointment kindly offered by your honor, taking six months leave from the Salem Local Fund Board

4. That after the expiration of 6 months on this Project, that L. F. appointment was vacated by the (then) Executive Engineer, Barur Project Division, who recognising Petitioners services, accepted them definitely for the Project Works.

5. That petitioners long felt desire being to obtain a permanent footing in the Department, he had been discharging his duties on the Head Works of this Project till Feby 1886, when the Petitioner had also had the good fortune of being promoted to the 1st grade

6. That Petitioner while continuing his duties as such was last month served with a notice that his services will be dispensed with at the end of this month; Petitioner thereupon addressed the Executive Engineer Coimbatore Division on the matter, who informed Petitioner officially that, the retention of his services have been recommended to Government.

7. That Petitioner came down from the Barur Sub Divisional office, that one Ananthalwar has been ordered to relieve him; hence the petitioner's humble attempt to lay down his unfortunate case before your honor for reconsideration & kind protection in this critical moment.

8. That petitioner served about three full years on the Project and craves therefore that your honor will kindly have mercy on his unfortunate case and be charitable enough to order his retention.

Petitioner having no other means of livelihood he will be left with his unusually big family in a quite helpless and miserable condition, if his services are dispensed with altogether.

9. That, lastly, Petitioners humbly craves to submit, that, petitioner's claims were already overlooked in Government by appointing some who paped out considerably below him in 1877, as Permanent Upper Subordinates in the Department, and begs therefore that his 3 years service on the Project with his Famine Services may be kindly reconsidered and that your honor will be merciful enough to recommend to Government to give Petitioner a Permanent appointment of any grade at least.

For which act of gracious benevolence & charity Petitioner with his big family will ever be grateful.
