GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following letter from Captain G. F. WILSON, R.E., for Director-General of Railways, to the Director, North-Western Railway, &c., &c., dated Simla, 25th March 1887, Circular No. 1:—

I have the honor to forward, for information and guidance, a printed statement of the rates for G class State Railway stores—"Tools and Stores," contracted for by the India office, London, from January to December 1885.

2. The percentage that should be allowed for the entire sea-freight has been quoted at the end of the statement (*vide* page 105), four-fifths of which should be entered in indents as payable in England, when ordering stores.

3. The rates for landing State Railway stores from vessels at the several ports in India are given in Director-General of Railways' Circular No. 22, dated 16th December 1885.

4. The official rate of exchange during the financial year 1885-86 was 1s. 7½d. per rupee.

5. In order to arrive at the total cost of materials landed at port, an insurance charge of 1 per cent. on the original cost, *plus* entire sea-freight, should be added in addition to the other incidental charges mentioned in paragraphs 2 to 4.

The Secretaries to the Governments of Madras, Bombay, Bengal, the North-Western Provinces and Oudh, and the Punjab, Public Works Department.

Copy forwarded to the Local Governments, Administrations and officers noted in the margin, for information.

(Signed) G. F. WILSON, Captain, R.E.,
