10TH JUNE 1887, No. 1568 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following papers:—

From C. J. PETERS, Esq., Superintending Engineer, III Circle, to the Chief Engineer, Public Works Department, dated Rámandrug, 19th May 1887, No. 293.

I have the honor to submit, for sanction of Government, a plan and estimate of Rs. 5,961 for constructing a Local Fund dispensary at Ráyadrug, in the Bellary district.

2. The standard plan, dated 22nd June 1876, provides separate blocks for dispensary and male and female wards, but in the present design the buildings are brought into one block with a view to bring the cost within the sum (Rs. 6,000) limited for the work by the district board.

3. Provision is made in the estimate for the undermentioned works:—

	Rs.
Main building	5,230
Cook and store rooms	437
Privy for males	147
Do. for females	147
Total	5,961

Note by the Chief Engineer, Public Works Department.

The estimate, amounting to Rs. 5,961, for constructing a Local Fund dispensary with out-houses at Ráyadrug, in the Bellary district, is submitted for the sanction of Government with the following remarks:—

- (1) The foundations of the main building should be built of stone in mortar, and it would be better to carry them to a depth of 4 feet.
- (2) All flat arches should be built with mortar.
- (3) The flooring of the latrines should be asphalte laid over concrete.

3rd June 1887.

(Signed) J. O. HASTED, Colonel, R.E.,
Chief Engineer, P.W.D.

ORDER—dated 10th June 1887, No. 1568 W., Public Works.

The estimate, amounting to Rs. 5,961, for constructing a Local Fund dispensary with out-houses at Ráyadrug, in the Bellary district, is sanctioned.

2. Attention is drawn to the note by the Chief Engineer, Public Works Department, above recorded.

3. The sanction accorded in paragraph 1 of these proceedings has been registered as Local, No. 11 W. of 1887-88.

JUNE.

Local Fund Dispensary

Estimate of Rs. 5,961 for constructing
a — with out-houses at Rayadrug, in the
Bellary district, sanctioned.

Public Works Department.

Current No. 2983

Letter No. 290

Dated the 19th May 1887

From the S.E. III Circle

NOTE OF REMARKS.

1. The accompanying plans and estimates provide for constructing a Local Fund Dispensary with out-houses at Rayadrug in the Bellary District.

The amount of estimate is Rs. 5961 and is divided as follows:—

Main building	Rs. 5,230.
Cook + Store room	437.
Privy for Males	147.
Do for Females	147.

Total Rs. 5961.

2. The Superintending Engineer says:— The standard plan dated 22nd June 1876, provides separate blocks for Dispensary and Male and Female wards, but in the present design, the

Monahan

the buildings are brought into one block with a view to being the cost within the sum (Rs 6000) limited for the work by the District Board.

3. The building consists of Female ward 15 x 15; Special ward 15 x 8; Dispensary 14 x 15; Medical office room 18 x 15; Store rooms 14 x 7; Provision room 14 x 7; & Male ward 15 x 24 ft; with verandahs front & sides 8 ft clear width.

4. The foundations, basements, & superstructures of the Main building as well as out houses are to be built of stone in mud, except sides of doors, windows, top of basements and outer walls of the Main building which to a thickness of 1 foot are to be of stone in chunam. The depth of the foundations of Main building as well as out houses is 2 feet, Subject to your approval the depth of the foundations of the Main building should be increased to 4 feet, as the height

1508/13
height of the walls is 16 feet and 1 1/2 ft thick. The highest height of the walls of the out houses is 9 1/2 ft x 1 1/2 ft thick. The nature of the soil is to be of hard gravel. Flat arch work over doors and windows of the Main building is provided in the estimate with stone in mud and this seems objectionable and subject to your approval it should be of stone in chunam.

5. Interior of the buildings through-out to be plastered and outside pointed with chunam. Flooring to the buildings through-out is to consist of 6 inches of concrete (broken stone) well rammed and plastered with 2 coats of chunam. It would be better, Subject to your approval, if the latrines are provided with 1/2" asphalt on 4" of concrete floor. Roofing of the Main building is to consist of complex with double collar pieces, Valley and hip rafters, keepers & covered with Mangalore tiles.

6. All wood work of the buildings throughout are to be of Ventnah. All doors & windows of the Main building are to be of the Mangalore

Mountain teak & for ^{the} out houses
are to be of the best seasoned
Venteak. The scantlings of all
timbers are correct.

7. Report & specification are
submitted.

8. The rates are fair.

9. As the buildings are to be erected
on Government land no compen-
sation is required.

10. Contingencies are charged
at 5 percent.

11. The plans and estimates have
been countersigned by the
President of the Local Fund
Board.

The plan & Est may be submitted

Inte by EW.

The foundation of the main
building should be built of
stone in mortar, and it would
be better to carry them to a
depth of 4 feet.

All flat-roofs should be
built with molars.

The flooring of the latrines
should be asphaltic laid
over concrete.
