Desp L 10/3/87

SIR,

I have the honor to bring to your notice that a house which existed on the land taken up by this Department under G.O. No. 556 dated the 24th June 1885 for the protection of Head Works and River Encroachments at Dowlaishweram was bought along with the land. The house was in bad order and was not required for any purpose; it was therefore sold in July last under my orders by public auction the purchaser being bound to remove the materials at once and the materials were accordingly removed from the site. I therefore request that my action may be approved and sanction of Government obtained thereto under para 1033 of the P.W. Code.

I have the honor to be
