

Proceedings of the Board of Revenue
(Separate Revenue).

Dated May 26, 1887.
No. 135 Press.

READ Again the following Proceedings of the Board of Revenue (Separate Revenue) N^o. 467 Miscellaneous dated 10th May 1887:—

C. Vincent Esq.
Read the following letter from the Executive Engineer, Buckingham Canal Division, N^o. 270 dated 5th May 1887:—

In continuation of my demi-official letter of the 2nd instant regarding the opening of the Coavelong bar, I have the honour to request you will issue early instructions to the Officers of your Department to furnish any necessary assistance to the P. W. Officers in the way of procuring labour or of supervision.

2 I take this opportunity of formally requesting that all future requisitions of this nature may come from yourself,
and

and not from any subordinate officer,
on whose demand I am not empowered
to act, also that as much notice as
possible may be given of the work
required to be executed. In the present
instance, as I understand the work
to be emergent, I have given instructions
to have it executed forthwith. But
this is irregular, the proper course
being to submit regular Estimates for
the previous sanction of Government.

3. It is understood that your Depart-
-ment will provide the necessary funds
to meet the cost of attempting to open
the bar. I say "attempting to open" because
there can be no certainty of success about
the operation.

Resolution

Instructions have been issued to the
officers of this department to render
assistance as far as possible. The
funds required for the execution of the
work can be obtained on application to
the

the Assistant Commissioner, Chingleput
Division.

2. The request made in para 2 will be
borne in mind in future.

(True Copy and Extract)

(Signed) Herbert Bradley

Acting Secretary.

To the Executive Engineer,

Buckingham Canal Division.

C. Vincent Esq.

Read also the following letter from the
Executive Engineer, Buckingham Canal
Division, No. 274, dated 16th May 1887:-

With reference to the Proceedings of the
Board of Revenue (Separate Revenue) No.
467 of 1886: dated 10th Instant, I have
the honour to inform you that as I
cannot accept Cash tendered by other
Departments for the execution of works
under the terms of para 1603 of the
P. W. Code, I request that you will be
so good as to move the Government
to place Rs. 6000 at the disposal of the
P. W. Department for maintaining
Covelong bar during the current
official year.

An

An Estimate for opening the bar
will be submitted as soon as possible.

Resolution

In their order No. 30 dated January 15,
1887, Government accorded sanction to
the execution by the Salt Department,
on behalf of the licensees, of the trans-
-port operations and of the Petty Construc-
-tion and Repair works of the Covelong
Circle, the licensees paying the cost of
these works in cash to the Department.

2. One of these works was the opening
of the Covelong bar, a work of some
urgency and importance, and the Executive
Engineer, Buckingham Canal Division,
was, therefore, asked to undertake it.

3. This he has been kind enough to do,
but, since under the rules he cannot
accept payment in cash, he asks
that a departmental credit of the
necessary amount, of Rs. 6000, may be
placed at his disposal.

4. The Contributions of the licensees
are

are, however, made in cash and the
Board therefore propose to pay those
Contributions in, to the Government
Treasury to the Credit of the Department
of Public Works, and to ask that a
corresponding outlay by the Executive
Engineer on the work referred to may
be sanctioned.

5. They ask the sanction of Government
to this, as well as to the execution of
the works by the Department of Public
Works the latter under Section 1339
of the Public Works Code - the factories
being Excise factories, the work comes
technically under that section, though
the Salt Department has for the current
year, made itself responsible for its
execution.
