THE SUPERINTENDING ENGINEER,
5TH CIRCLE.

SIR,

ENCLOSURES.

I have long been anxious to visit the new works of regulation in progress on the Cauvery, but so far I have not been able to spare time to leave this Division, however, I think I can very well spare a week or so during the approaching Christmas holydays, so I hope you will accord sanction under Travelling allowance code, Section 22 - to my proceeding on duty to Trichinopoly (or to whichever may be the most convenient Station), for the allowable period of 10 days

I am not, however, likely to be absent more than 5 or 6 days.

I have the honor to be

I think Mr Grant may be allowed to avail himself of his leave as soon as he has taken over charge of Buckingham Canal as a special case: but the system of applying for transfers in order to be able to take 3 months' privilege leave to England from other charges must not be allowed as a rule as it causes inconvenience

Through the Examiner P. W. Accounts.

Sir

I have the honor to bring to your notice that my predecessor Major Clarke in July last, allowed Mr. Allen, Assistant Engineer in the Gudwada Division to make a tour of inspection at the Government expense in the Eastern and Western Divisions of the Kistna Delta, with the object of studying the various classes of masonry works then going on in those Divisions under para 470 of the Public Works Code, as modified by Standing Order No. 247 of 1884. The Examiner of P. W. Accounts, having deferred audit in his Disallowance list No. 201 of 1886-87 from the travelling allowance Bill of the Gudwada Division for July 1886, travelling allowance claimed by the above Officer for the days he was out of the Gudivada Division pending sanction of Government, he was informed that as that Officer is a subordinate officer to the Superintending Engineer, the authority of the latter, it was thought, was sufficient under the para of the Public Works Code referred to above. He has, however, differed from the above opinion and again requests that the sanction of ~ Government, be obtained.

2 In connection with this subject, I have also to bring to your notice that Mr. De Morgan, Executive Engineer of the Division came to Bezvada in September last for the purpose of inspecting certain quarries at 2½ miles of the Bander Canal, which he is working for the supply of Stone for his Division, and he has my approval for doing so occasionally when necessary. As the Examiner disallowed the claim for travelling allowance of this Officer, I beg to request you will be pleased to let me know, if my authority in such cases is not sufficient; and if not, to obtain the sanction of Government for the authority given by this Office in the 2 cases referred to above. It will be necessary hereafter for Mr. de Morgan to visit these quarries occasionally.

Mr Gaynor now informs me that C. objects to a Supg Engr ordering a subordinate beyond his (the S.E's) jurisdiction. & requests that special sanction may be accorded to Sergt Smith's trip. I have an idea that the Mysore Govt has reserved the Kaolin fields at Whitefield for its own use. - if so perhaps permission could be obtained for Sergt Smith to prospect there [illegible]

Whitefield is in the Mysore territory I think!

The rule seems clear but it would be well ask C's office verbally whether they accept our view. I think they have made trouble in one or two previous cases.

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

Read—the following paper:—

From H. F. CLOGSTOUN, Esq., Accountant-General, to the Chief Secretary to Government, dated Fort St. George, 19th November 1886, No. 3263.

I have the honor to state that Mr. H. Subbaroya Aiyar, Deputy Collector of Trichinopoly, and Lieutenant-Colonel McLeod, Superintendent of Central Jail, Vellore, travelled beyond their respective jurisdictions, the former to Tanjore under the orders of his Collector in connection with His Excellency the Governor's tour, and the latter to appear before the Finance Committee under orders of the Inspector-General of Jails. I request that I may be informed whether it is the wish of Government that I should admit travelling allowance in such cases without their orders if the bills are countersigned by the head of the department, or whether they desire that all cases in which a gazetted officer proceeds beyond the limits of his district without their orders should be reported for their sanction.

Order—dated 2nd December 1886, No. 1267, Financial.

The sanction of Government should be obtained in these cases. The charges now in question may be admitted.

Sir

With reference to your No. 1500 K.S. dated 18th Instant, I have the honor to request that you will be good enough to inform me whether the sanction of Government is necessary previous to my visiting the Mogalrajapuram Quarries for the purpose of measuring material.

2. If this is the case, I have the honor to point out that great delay will be caused in the despatch of material and the Contractor will be kept waiting a considerable time for his money.

3. It would take at least a month to apply for, and receive sanction; and it would be impossible to fix an exact date for my visit as it depends on the quantity of stone ready for measurement; and my arrangements

with reference to other portions of my division

4. As I am obliged to pass the Quarry when on my way to Periked which is in my division, I cannot see what objection there is to my halting there for Government work.

5. In order to visit portions of the Gudivada Division, I am obliged to halt at Kankipad and Nidumole which are all on the Bunder Canal and therefore not strictly in the Division, but are the only places from which I can reach a great portion of the Division. Mogalrajapuram appears to come in the same, category.

6. I beg further to state that the whole supply of stone for Gudivada is drawn from this Quarry, as nothing is obtained from the Eastern Division Quarries, and unless I can visit it to measure up and pass the outturn, I do not see how work can progress.

I have &c

Sir

I have the honour to bring to your notice that the Executive Engineer Buckingham Canal Division having deemed it desirable to carry out some experiments with cement, recently purchased from the Madras Cement Company, took the advantage of Mr Wilson proceeding on Privilege leave, of asking him to come down to Madras before his departure on leave, to assist him in carrying out these experiments, as Mr Wilson was particularly qualified for this work, he having been engaged on large testing operations, at one of the London dock-works, during his course of practical training at Coopers Hill.

2. Mr Wilson had consequently to be absent on duty from his Sub Division from the 14th to the 21st May 1887 inclusive, and as under para 447 of the Code, sanction of Government is necessary to entitle him to pay and allowances for the period spent on duty beyond the limits of his Jurisdiction, I have the honour to request you will be so good as to obtain the formal sanction of Government.

Herewith a telegram from Grant

As there is no A.E in Tanjore I think Inglis should go as ordered for there is still one A.E in the Eastern Kistna: but it might be considered whether Mathews should be moved from Western to Eastern Kistna during Smith's absence.

If Inglis is to remain in Kistna Ford should be ordered from Negapatam to Tanjore.

As Col: Morant has come & Bockman not yet taken charge, the answer to the telegram will have to be sent to E. E.
