READ—the following papers :—

From Lieutenant-Colonel J. L. L. MORANT, R.E., Superintending Engineer,
II Circle, to the Chief Engineer, Public Works Department, dated Nellore,
9th March 1886, No. 1068 S.G.

The time has come when it is desirable to remove the head-quarters of the Sangam Project division from Sangam, their present position, to some point more central with the rest of the project.

2. The Sangam anicut has been practically completed. It will be entirely finished before the next river-floods. The rest of the project, especially the more outlying portions, is in various stages of progress. Sangam is quite in a corner of the area. The ground-rent of some of its temporary buildings expires very shortly. Nearly all the buildings, being of a temporary kind, will have to be repaired if they are to be continued. To remain at Sangam would involve much inconvenience and additional and disproportionate cost.

3. In looking for another position for the head-quarters, I have come to the conclusion that Nellore is the best position. Buildings can be there rented for any desired period. At any other place north of the Pennér a residence for the Executive Engineer and for his office would have to be built. These, of the cheapest kind, would cost more than the hire of buildings in Nellore. A glance at the map will show that Nellore is conveniently situated with reference to the Sangam project generally.

4. The Assistant Engineer and all the rest of the staff will continue to reside north of the Pennér.

5. This change was advocated by Mr. Rundall and is approved by the Deputy Chief Engineer.

6. I think this change of the head-quarters of the Sangam project ought to take place from the 1st of April 1886, and, in anticipation of your kindly sanctioning the same, have authorised the Executive Engineer to make it from that date.

From the Chief Engineer for Irrigation, dated 16th March 1886, No. 63.

ORDER—dated 22nd March 1886, No. 761 W., Public Works.

The proposal of the Superintending Engineer to remove the head-quarters of the Sangam Project division to Nellore, from the 1st April 1886, is approved.

Sir

I have the honour to request you will
be good enough to obtain the sanction of Govt.
for payment of Rs 28 as rent for the month of
March 1887 for the building at Nellore occupied
by the late Sangam Project Division Office,
which Division was abolished at the end of
February last. Although the Division was
abolished from 1st March, it was not possible
to remove the records &c till the end of the month
to the Nellore Division Office. Even if they had
been removed, this Department would have had
to pay the rent for March, in lieu of one month's
notice to quit the building, which should be
given to the land-lord.

2. The rent of the building was fixed

at Rs. 28 per mensem in G.O. No. 1519 of the 13th
June 1886.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following paper

From the Chairman, Harbour Trust Board,
 Madras, dated 26th May and 2nd June, 1887,
 Nos 870 and 993 respectively, proposing to grant
 Mr. Thoroughgood two months and four days private
 leave or special leave for four months and a half
 without allowances and to appoint Mr. Logson to
 act.

Order, 7th June 1887, No 241.

The Government accept
 Mr. Thoroughgood's assurance, as to Mr. Logson's fitness
 for sole charge of the works, and will therefore
 sanction the arrangement proposed. As Mr.
 Thoroughgood is stated not to be entitled to leave
 on private affairs or furlough, he may be granted
 the privilege leave at his credit on the 13th June
 1887.

2. The Chairman, Harbour Trust Board, will
 report what allowances the Board propose
 to grant to Mr. Logson.

3. The following telegram will be sent.
 "Thoroughgood
