Order—dated 21st June 1887, No. 1661 W., Public Works.

In his No. 843, dated 14th February 1887, the President, Municipal Commission, applies for the use, temporarily, as a registration and vaccination depôt, of the building at present occupied by the auxiliary medical school at Ráyapuram. It has been ascertained that the building will not be vacated by the Educational Department till the end of June 1887.

2. The Superintending Engineer reports that it is not likely the building will be required by any public department, and there appears to be no objection to its being occupied by the municipality on payment of a fair rental. Six and-a-half per cent. on the Capital cost of the building, or Rs. 132 per mensem, will be fixed as the rent, the Public Works Department keeping the building in proper repair. No alterations to the building will be permitted.

3. In the altered circumstances of the case, the Superintending Engineer will take no further action on G.O., No. 2462 W., dated 23rd September 1886, calling for an estimate for an additional room at the auxiliary medical school, the construction of which was approved by Government, in the Educational Department, in G.O., No. 584, dated 10th September 1886.

4. The Local and Municipal Department will be requested to intimate whether the municipality will occupy the building on the terms stated.

Sir,

Having been given to understand that the Auxiliary Medical School at Rayapuram is about to be closed, I have the honor to ask whether, if not required for other purposes, Government would be pleased to hand it over temporarily to the municipality for a Registration and Vaccination Depôt. This would obviate the building of a Depôt for the present.

SIR,

In returning the two Plans received
with your Memorandum No. 67 D, dated 2d
May 1887, I have the honor to state that
the Chief Presidency Magistrate writes,
after an inspection of the Auxiliary Medical
School building at Royapuram – that
it is "utterly unsuited for accommodating
"the Black Town Magistrate's Court both
"on account of insufficiency of room as
"well as on account of ineligibility of
"site, being situated at the extreme
"North end of the Magistrates Jurisdiction
"instead of being in a central position
"like the present Court – which is the most
"thickly populated part of the Town and
whence

"whence owing to the numerous bazaars, "mercantile offices, banks and the "shipping, the major number of cases for "Magisterial decision arise". The Inspector General of Registration states that "the Registrar of Madras having "inspected the late Medical School attached "to the Monegar Choultry - has reported "that it is not adapted for the accommo-"dation of the Offices of the Inspector "General of Registration and of the Registrar "of Madras". The Inspector General further states "Judging from the Plan "the accommodation is not sufficient "even for one of the Offices - The site "moreover is not a desirable one for "a public Office."

Is anything known of the plan
& position of this building?
It seems to be near the Moongar
Choultry. We have constant
complaints of the defective state
of the Town Police Office & there
are frequent growls from the
Registration Dept. Would not
this building do for either of them?
If Col. Hasted does not know the
building perhaps he will kindly
write to Mr Brannington to send

he has a general commission in
